POLICY CONCERNING RESERVES AND WORKING CAPITAL

OBJECTIVE:

To provide the Board of Directors with sufficient funds with which to address contingencies, emergencies, budgetary impacts; and, at the same time, to have adequate working capital to maintain programs, meet obligations, and other priorities of the Corporation, the Board establishes this policy.

The Board bases its policy on generally accepted good business practices and requirements for adequate reserves and capital as required in the Education Code, Section 89904 (b).

POLICY:

The Board of Directors will maintain a Working Capital Reserve equal to fifteen percent of the operating budget of combined activity fees and program revenues. When the Working Capital Reserve is less than the minimum required amount, the Board will allocate at least one percent of the combined revenues in the budget of each fiscal year into Working Capital Reserves until the required level is restored.

The source of funds for Working Capital Reserves is retained earnings.

In the case of non-emergencies, reserves may be used for expenditures that are considered to be "one-time-only" that will not require continued funding in the current year.

The Board will review the status of reserves in December of each fiscal year and have the option to transfer reserves to Contingency. The review will include a report by the Vice President of Finance on the reserve balance and Contingency budget activity in the current fiscal year. The Board may:

1. Allocate up to five percent of the budget from reserves to the Contingency budget of the current fiscal year to make the funds available to operations and programs.

2. Retain the remaining amount in the reserves for future allocation by the Board.

To facilitate these requests in a fair and equitable manner, the following criteria will be utilized in evaluating such requests:

3. In order that the ASI be properly recognized, the sponsoring student organization must observe all appropriate guidelines detailed in the ASI Sponsorship Policy.

4. A significant number of CSUF students must participate in the funded activity or service for which they are seeking ASI support.

POLICY CONCERNING CORPORATE INVESTMENTS

Introduction

This statement is issued by the Associated Students, CSUF, Inc. The purpose of this statement is to foster a clear understanding of the investment objectives, policies and guidelines for investments. It is the intent of this statement to be both sufficiently specific to be meaningful and flexible enough to be practical.

Finance Goals and Investment Objectives

Investment objectives are to effectively diversify, preserve and grow funds consistent with a reasonable level of risk. Investment strategies shall emphasize protecting principal from inflation, interest rate and market risk while maximizing return. The following considerations will apply to the construction and on-going management of funds.

- Financial Goal: Real growth of principal and income
- Risk Tolerance: Moderate
- Time Horizon: Long term to perpetual
- Tax Status: Exempt
- Investment Objective: Growth and Income

Socially Responsible Investing

The Associated Students, CSUF, Inc. is committed to being a responsible investor. The ASI supports the view that responsible management includes consideration of environmental, social, and governance issues and that such management must be practiced by companies in order to be included in the portfolio.

The Finance Committee will have responsibility for determining what constitutes socially responsible investing. Should the Finance Committee determine a company does not qualify for portfolio selection or retention, it shall forward its recommendation to the Board of Directors for consideration. The Executive Director will communicate action taken to the investment manager.

Subject to this restriction, the investment manager will have sole responsibility for selecting portfolio companies in accordance with the investment objectives and guideline herein.
ASI POLICY STATEMENT #218

POLICY CONCERNING CORPORATE INVESTMENTS

Guidelines for Investments

Assets of retirement funds will at all times be managed in compliance with all standards of the Employees Retirement Income Security Act.

Invested funds will be managed on a total rate of return basis. Total rate of return consists of dividends, interest and any net increase/decrease in market value of the securities for the fiscal year.

Distributions may be taken from income, principal or both.

Risk shall be managed on an overall portfolio basis rather than by the security concerns of the individual security.

Funds shall always be managed in such a manner as to protect principal from the impact of short and long-term inflation.

Sufficient liquidity shall be maintained to accommodate necessary distributions.

Diversification

The investment manager will seek to diversity funds across asset classes, market sectors, and individual securities to reduce portfolio risk. The standards of the “Prudent Investor Rule” will apply to the selection of all securities.

Asset Allocation

Guideline asset allocation target and ranges are as follows:

<table>
<thead>
<tr>
<th></th>
<th>Range</th>
<th>Target</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cash</td>
<td>0 - 30%</td>
<td>5%</td>
</tr>
<tr>
<td>Fixed Income</td>
<td>30 - 60%</td>
<td>35%</td>
</tr>
<tr>
<td>Equity</td>
<td>30 - 70%</td>
<td>60%</td>
</tr>
</tbody>
</table>

The actual asset allocation, within ranges set by this policy, will be at the discretion of the investment manager.
POLICY CONCERNING CORPORATE INVESTMENTS

Investment vehicles shall be limited to the following:

- Money market and cash equivalents
- Certificate of deposits
- U.S. Government agency obligations
- U.S. Treasury obligations
- Corporate investment grade bonds (BBB or better, Standard & Poor’s)
- Corporate Commercial paper
- Mutual Funds and Exchange Traded Funds (ETFs)
- American Depository Receipts
- Mortgage backed instruments
- Common stock
- Preferred stock

Direction for Plan Portfolio Securities

Equities

The quality of equity securities may vary dependent on the objective for that security within an overall portfolio. However, at all times, standards of the prudent investor rule will apply when determining the minimum acceptable quality. Mutual funds of ETFs may be used when appropriate for diversification.

No issue shall comprise more than 10% of the equity portion of a portfolio or 5% of the total market value of a portfolio, whichever is larger.

An equity portfolio may be invested in a mix of large, medium, and small capitalization stocks and international securities. International equities shall not comprise more than 25% of an equity portfolio.

Fixed Income Securities

Nothing below investment grade bonds as defined by Moody’s and Standard & Poor’s will be utilized in a portfolio.
POLICY CONCERNING CORPORATE INVESTMENTS

No issue shall comprise more than 10% of the fixed income portion of a portfolio or 5% of the market value of a total portfolio, whichever is larger except for US Treasury or government agency obligations, which have no concentration restrictions. Mutual funds of ETFs may be used when appropriate for diversification.

Guidelines for Transactions

Except under unusual circumstances, all transactions should be entered into on the basis of best execution, which means best realized net price.

Monitoring of Objectives and Performance

All objectives and policies are in effect until modified by the ASI Trustees who will review them with the investment manager at least annually for continued appropriateness.

If at any time, the investment manager believes that any policy guideline inhibits investment performance, he/she shall communicate this view to the trustees.

The investment manager shall meet with the ASI trustees to communicate investment strategy and market outlook at least annually or more frequently as desired by the Trustees.

The investment objective is to obtain a minimum total annual rate of 5% plus the rate of inflation. Recognizing the volatility of equities and securities, it is understood that this objective may not be met on an annual basis. However, it is expected to be achieved when measured over a longer period of time.

The investment manager is expected to produce a total annual return that exceeds the median of a universe of investments with similar average asset allocation objectives and risk profile. Accordingly, performance will be measured against established benchmarks. For equities this will be the Standard & Poor’s 500 Index. For fixed income securities, the benchmark will be the appropriate Barclays U.S. Government/Credit 1-5 Year Index.

The management of ASI is responsible for the establishment of procedures designed to prevent and detect fraudulent activity, including but not limited to those activities defined below:

- Fraud – the intentional use of deceit, a trick or some dishonest means to deprive another of his/her/its money, property or legal right
- Defalcation – withholding or misappropriating funds held for another or failing to make a proper accounting
- Misappropriation – the intentional, illegal use of the property or funds of another person for one’s own use or other unauthorized purpose, particularly by a public official, a trustee or a trust, an executor or administrator of a dead person’s estate or by any person with a responsibility to care for and protect another’s asset.
- Forgery – the crime of creating a false document, altering a document, or writing a false signature for the illegal benefit of the person making the forgery.
- Corruption – the offering, giving, soliciting, or accepting of an inducement or reward that may improperly influence the action of a person or entity.

Reporting Responsibility

Each member of the management team will be familiar with the types of improprieties that might occur within his or her area of responsibility, and be alert for any indication of irregularity.

In the event a member detects or suspects fraudulent activity, he/she must immediately report this to the Executive Director. The Executive Director will inform the ASI Board of Directors and the CSUF Director of Internal Auditing within twelve hours once the incident is brought to his/her attention.
POLICY CONCERNING FRAUD

In the event a member detects or suspects fraudulent activity on the part of the Executive Director, he/she must immediately report this to the University Risk Manager.

Any reprisal against any individual reporting violations of this policy is prohibited. Any cover-up of a suspected incidence or retaliation in any form against witnesses is also prohibited.

Investigating Suspected Fraud

The Executive Director or designee in an investigation of fraud will have:

- Free and unrestricted access to all ASI records and premises, whether owned or rented
- The authority to examine, copy, and/or remove all or any portion of the contents of files, desks, cabinets, and other storage facilities on the premises without prior knowledge or consent of any individual who might use or have custody of any such items or facilities when it is within the scope of the investigation.

Any information received by the ASI in the course of an investigation will be treated in confidentiality. As such, any employee should notify the Executive Director (or the University Risk Manager, in the case of suspected fraudulent activity by the Executive Director) and not engage a suspected individual or conduct a personal investigation.

Information discovered during the course of an investigation will be disclosed or discussed only with individuals on a need-to-know basis. Confidentiality must be enforced to avoid damaging the reputations of persons under suspicion who are found innocent of wrongdoing.

No information concerning the status of an investigation will be given out. The proper response to any inquiry is, "I am not at liberty to discuss this matter." Under no circumstances should any reference be made to "the allegation," "the crime," "the fraud," "the forgery," "the misappropriation," or any other specific reference.

Upon completion of the investigation, the Executive Director will file his/her report with the Director of Internal Auditing and the ASI Board of Directors.

POLICY CONCERNING WHISTLEBLOWER PROTECTION

General

ASI policies on Ethics and Fraud (hereinafter referred to as Policies) require directors, officers, employees and volunteers (collectively referred to herein as member or members) to observe high standards of business and personal ethics in the conduct of their duties and responsibilities. All members of the organization must practice honesty and integrity in fulfilling their responsibilities.

Reporting Responsibility

It is the responsibility of all members to comply with the Policies and to report violations or suspected violations in accordance with this Whistleblower Policy. ASI encourages initial reporting to occur internally to allow for expeditious resolution of all such matters and to minimize the effects of improper actions.

Reporting Violations

The Whistleblower Policy addresses the organization’s open-door policy and suggests that members share their questions, concerns, suggestions, or complaints with someone who can address them properly. In most cases, a member’s supervisor is in the best position to address an area of concern. However, if the member is not comfortable speaking with his/her supervisor or is not satisfied with his/her supervisor’s response, then he/she must speak to the Director, Human Resources. The supervisor and/or Director, Human Resources is required to report this notification to the Executive Director upon receipt. The Executive Director or designee will conduct an investigation of the reported concern.

In the event that a concern involves fraud, then it must be directly reported to the Executive Director who has the responsibility to investigate all reported violations of Policies.

Handling of Reported Violations

The Executive Director will notify the sender and acknowledge receipt of the reported violation or suspected violation within one business day. All reports will be promptly investigated and appropriate corrective action will be taken if warranted by the investigation. If the concern involves an incident of suspected fraud, defalcation, or other irregularity concerning corporate assets, the Executive Director will notify the Chair of the Audit Committee, Chair of the Board
POLICY CONCERNING WHISTLEBLOWER PROTECTION

of Directors, and the University Director of Internal Audit in writing within twelve hours of receipt and work with the ASI Audit Committee until such matter is resolved.

All concerns involving the Executive Director shall be directly reported to the University Risk Manager.

**No Retaliation**

No member, who in good faith reports a violation of the Policies, shall suffer harassment, retaliation, or adverse employment consequence. A member who retaliates against someone who has reported a violation in good faith is subject to discipline up to and including termination of employment. This Whistleblower Policy is intended to encourage and enable members to raise serious concerns within the organization prior to seeking resolution outside the organization.

**Acting in Good Faith**

Anyone filing a complaint concerning a violation or suspected violation of the Policies must be acting in good faith and have reasonable grounds for believing the information disclosed indicated a violation of the Policies. Any allegations that prove to have been made maliciously or knowingly to be false will be viewed as a serious disciplinary offense.

**Confidentiality**

Violations or suspected violations may be submitted on a confidential basis by the complainant or may be submitted anonymously. Reports of violations or suspected violations will be kept confidential to the extent possible, consistent with the need to conduct an adequate investigation.

POLICY CONCERNING INTERNATIONAL TRAVEL FUNDING

In accordance with CSU Fullerton policy, the ASI Board of Directors has set up guidelines for individuals desiring to travel internationally. Accordingly, the ASI Board of Directors must approve any requests to use ASI funds for international travel. Under no circumstance will international travel be retroactively funded.

The following steps outline the process for traveling internationally utilizing ASI fees.

1. The individual must work with ASI Leader and Program Development to determine the expense of foreign travel liability insurance for the trip. Any costs for this insurance must be funded out of the same source as the rest of the travel for the trip, unless the Board approves funding the insurance costs out of its contingency fund.

2. The individual must request to be put on the agenda of and attend the ASI Finance committee. During the meeting, the individual must
   a. Provide an explanation of the reasons for travel to the international destination,
   b. Disclose the cost of the foreign travel liability insurance, and
   c. Evidence proof of individual health insurance with benefits at least as extensive as the health insurance offered through the CSU.

3. Following approval by the ASI Finance Committee, the individual must request to be put on the agenda and attend the meeting of the ASI Board of Directors for final approval. At this meeting, the individual must present the same information required in #2.

4. If approved, the individual must sign the international travel waiver form with ASI Leader and Program Development as well as a Delegate Contract Form.
