ASI Student Research Grants
Student Engagement Report
FY 2012-2013

Mission Statement

The ASI Board of Directors established the ASI Student Research Grant Program to support the academic research of students as part of their academic program, e.g. capstones, graduate thesis and other curricular activities.

Program Overview

ASI Student Research Grants, for up to \$450 each, are available annually to CSUF graduate and undergraduate students, from all fields of study, involved in supervised research. The application process begins during the Fall semester and the recipients of the grant are notified by the first week of the Spring semester. Funds can be used for materials, equipment, or travel related to the collection or analysis of information or data for their project. The program is monitored by ASI Leader and Program Development.

Engagement Results

Event/Activity	Fall 2012 (Participants)	Spring 2013 (Participants)
Applications Received	39	N/A
Grants Awarded	38	N/A

Results Summary

During the 2012-13 program year, 39 research grant applications were received. This figure reflects a 9 application decrease from the previous program year.

During the 2012-2013 program year, 38 research grants were awarded. This figure reflects a 9 grant decrease from the previous program year.
