

Inter-Club Councils  
Student Engagement Report  
FY 2008-2009

Mission Statement

Inter-Club Councils (ICCs) are a type of council that receive ASI funding and are a part of the ASI Executive Senate. The ASI Executive Senate is composed of the leadership of all student-run councils and programs that ASI funds. The purpose of the Executive Senate is to provide a line of communication between the leadership of the ASI and these programs and councils. The Executive Senate should also be a resource for programs and councils, assisting them in their activities, and a means to encourage cooperation and collaboration among the groups.

Program Overview

There are nine ICCs that receive ASI funding; one in each of the eight academic colleges and the Sports Club Inter-Club Council. These councils help facilitate the allocation of ASI money to clubs and organizations for student conference travel and other programs. Each council has a number of member student programs and clubs under its supervision.
