Titan Recreation-Open Recreation
Student Engagement Report
FY 2011-2012

Purpose Statement

Titan Recreation strives to enhance participant experiences at CSUF through providing quality recreational facilities, equipment and programs for a variety activities which contribute to individual physical fitness and overall wellness. Titan Recreation also provides opportunities for cooperative and competitive play activities as well as a forum where students can learn and practice leadership, management, program planning, team building and interpersonal skills. Leadership and participation opportunities within Titan Recreation are designed to enhance social, psychological and physiological development in an environment committed to play and celebration.

Program Overview

Open Recreation programs provide casual-use of campus recreational facilities, such as basketball courts, racquetball courts, lap swimming, etc.

Engagement Results

Event/Activity	2011-12 (Participants)
Drop In Use of SRC/Pool	529,912

Results Summary

Student Recreation Center turnstile counts documented a total user count of 529,912 for the 2011-12 year. This user count is up approximately 1% from the previous year.

Future Goals

- Evaluate facility hours of operation
- Evaluate cost/benefit of operating SRC during Campus closures such as major holidays
- Increase/Improve social and study gathering areas
- Continue to maintain appearance and cleanliness standards at the highest health club standard
- Continue to offer state of the art and well maintained equipment
- Continue to offer a safe and welcoming community environment
