

Late Night Study
TSU Operations
Student Engagement Report
FY 2009-2010

Mission Statement

The mission of Late Night Study is to provide a safe environment for CSUF students to study after other campus facilities have closed.

Program Overview

Late Night Study keeps areas of the main level (Food Court, Alumni Lounge, Quiet Lounge and Courtyard) open after the majority of the facility closes at 10:00 p.m. Late Night Study begins the fourth week of each semester and takes place Sunday through Thursday nights from 10:00 p.m. to 2:00 a.m. (five nights per week for eleven weeks). In order to ensure a safe environment, student ID cards are checked upon entrance. Only currently registered CSUF students and students from nearby colleges (Hope International University, Western State University College of Law, Southern California College of Optometry, and Fullerton College) may take advantage of the program.

Engagement Results

Late Night Study	Fall 2009	Spring 2010
Average hourly attendance	42	52
Highest hourly attendance	98	114

Results Summary

Efforts were made to increase access and safety.

- An additional student staff member was added in order to check IDs at the added entrance and provide a greater level of security.

Future Goals

- Continue working with campus Titan Card office to bring portable card reader online.
