

TSU Space Program  
 Student Engagement Report  
 FY 2012-2013

Mission Statement

The Titan Student Centers Governing Board allocates space in the Titan Student Union each semester to give recognized clubs and organizations space to plan events, conduct small meetings and store club/organization property.

Program Overview

The TSU Space Allocation Program offers a total of 20 offices and 9 lockers located on the second floor of the Titan Student Union. Recognized campus organizations may request for assigned space in the Titan Student Union. Applications for office space come out at around the middle of every semester for space available in the following one. Lockers are allocated on a first come, first serve basis and may be requested at the beginning of each semester. ASI Leader and Program Development administers the application process and implements and monitors the program once the TSC Governing Board makes its allocation.
