ASSOCIATED STUDENTS, CSUF, INC. SUPPORTS STUDENT RESEARCH
The ASI Board of Directors Shows Support for Student Driven Research and Continues to Provide Student Research Grants up to $2,500

FULLERTON, (CA) — The ASI Student Research Grant program was established to support the academic research of students as part of their academic program and is available to CSUF graduate and undergraduate students, from all fields of study, involved in supervised research.

“ASI is very excited to offer funding opportunities for research,” said Jonathan Kwok, Chief Communications Officer. “Not only does it allow for a wider range of projects to be considered, but also allows us to better support our peers in their research endeavors and support the University’s mission to provide CSUF students affordable research opportunities. This leads to the possibility of collaboration, learning, and engagement outside of the classroom, all things we know are critical to successful collegiate experiences.”

The ASI Student Research Grant application and general information is currently available for download at asi.fullerton.edu. Applications are due Friday, November 7, by 4:00 p.m. to the Titan Student Union, Room 269.

For more information about ASI Student Research Grants and the application process, please contact Anthony Ragazzo, Jr., at (657) 278-7736 or aragazzo@fullerton.edu.

The Associated Students, CSUF, Inc. (ASI) is the recognized student government at California State University, Fullerton, advocating student interests on-campus and in local, state and national forums. ASI strives to develop relevant and quality-minded services, facilities, and experiences, which are responsive to members of the campus and surrounding communities.
