Dear Colleagues,

The Learning Assistance Centers and Programs Committee has launched a new website that links all of the tutoring services for our students in one place. We are so excited that current and prospective students will be able to type in ‘tutor’ or ‘tutoring’ in the main CSUF website search box and be able to access this link: http://www.fullerton.edu/learningassistance

This project would not have come to fruition without the tenacity of Amy Mattern, Assistant Dean in Natural Science and Mathematics, and Elahe Amani, Director, Student Technology Services, IT.

October 7-11 is National Tutoring Week, so please join us in celebrating the efforts we are making toward “Transforming Learning to Enhance Student Success”.

Thank you.
