I currently serve as an ally for Hermanos Unidos on campus, and with active involvement I got the opportunity to lead a state-wide conference that the organization hosted on campus last year. Tell us about yourself (tell us about your background, your past experiences, and what makes you who you are; include any information that you think appropriate and important for us to know): *

Hi there! I have served as a leader in different capacities at Cal State Fullerton over the last three and a half years and pride myself on being a problem-solver and communicator. I have been able to learn a great deal about purpose-driven work, social responsibility, and the importance of attention to detail from exceptional mentors and challenging work. My enthusiasm for the work I do and focus on relationships makes me excited to get things done and passionate about this role. One of the most unique parts of my college experience thus far has been the chance to work with different
Tell us what you think the purpose of our ASI student government is and why you want to be a part of ASI leadership (tell us why you think ASI does what it does, what you hope to get out of the experience, and what you hope to learn): *

ASI’s mission statement is something I have often come back to in my work on the Titan Student Centers’ Board of Trustees. In my own words, ASI is tasked with enhancing the out of classroom experience for all on-campus and works to achieve that in a variety of different ways. ASI does this to provide opportunities and advocate for students, faculty and community members so that they can better connect, enjoy their time at CSUF and have memorable learning opportunities.

I hope to learn more about how the executive staff functions, be hands on in the day to day operations of ASI and gain more experience managing different teams. After I graduate this May, I will be moving to work for a large corporation, and I feel being CCRO will give me professional experience managing multiple moving parts that will set me apart as an employee—while also giving me the chance to make a great impact on this university. Simply feeling welcomed and being told to “get involved” in ASI as a Freshmen completely changed my college experience. Being CCRO would give me an opportunity to address issues that are holding students back from having a similar experience and make necessary changes to improve ASI and collaborate with commissions and partners to fulfill our mission.

How do you plan to motivate, mobilize, and utilize the University Affairs Commission to advocate for issues on campus? Please be descriptive and specific. *

I think it is exciting that UA and PAC have been paired up as of Fall 2017. While there have been changes to the commission structures, I think the mission remains the same: to make sure underserved students have a voice at the university level. To me, the goal of this group should be to appoint leaders who can identify and communicate student concerns on presidential committees.

To begin leveraging this group more effectively, I think it will be important for the group to gage what current issues students are experiencing on campus. Food and housing security, building safety standards, and mental health resources are issues that are top of mind for me. That being said, my leadership style is to first listen and generate feedback before taking action. Once having a clear understanding of student issues, I would ask commission members to choose issues they are most passionate about (and ensure the most pressing issues have enough coverage) and then strategize best ways to respond with that smaller group. Next, I would have weekly check-ins with that group and make sure they stay encouraged and motivated to get the work done. I would spend considerable time on my own making sure there are clear lines of communication between the university, ASI and PAC. I would also send reports to PAC so that they have material (beyond the areas they are working on) to give updates at university meetings.

How do you plan to effectively coordinate the Presidential Appointee Commission? Please provide specific plans and/or ideas. *
How do you plan to effectively support and oversee the Environmental Sustainability Commission? Please provide specific plans and/or ideas.*

The location of my office for TSCBOT over the last few years positioned me directly next to ESC on a daily basis. This has helped me to be in tune with the goals, events, and past initiatives that have made significant environmental changes on campus. I also saw how their work takes significant planning and collaboration.

If I were to become CCRO, I would first reach out to ESC as a supporter who is ready to answer any questions on the transition. Next, I would ask for us to meet to discuss semester goals, future partnerships and understand what is or isn’t working. Relationships matter a great deal to me, and I would schedule meetings from here on out with each member to keep open lines of communication. Some of my goals for ESC would be: to increase participation at events (e.g., Earth Day and Farmers Market), look into how the TSU complies with environmental standards (path to eventual LEED certification) and to run educational campaigns (many students aren’t aware of large strides towards sustainability on campus).

What goals and ideas do you have for the position and its areas of responsibility, and how would you improve upon what the position is doing now or has done in the past?*

This role has undergone a lot of change (from CAO to present) during my time in ASI. My largest goal for this semester would be to make lasting changes so that the next CCRO has a roadmap of what they can do to best contribute to ASI. I would hope to enhance overall collaboration with commissions, lay out clear visions/expectations, edit bylaws, and have a physical copy (binder or USB) with templates, timelines and suggestions that could be passed down. I also would like to have BOD shadows throughout the semester so the next person in the role would have other leaders who could offer them suggestions and hold them accountable. Finally, I would also work to market the position with ASI M&D to spotlight the role as elections and appointing periods approach.

Tell us about other commitments and involvements you have planned for summer and next school year (tell us about clubs, organizations, and campus programs you are involved with, other leadership positions you have accepted or are applying for, plans for study abroad, jobs, internships, fieldwork, etc. that will be on your plate. ASI leadership is a big commitment and we want to make sure you will have time for this involvement): *

I would definitely have the necessary time to commit to this position! I am currently enrolled in 12 units. This summer I completed internships and ASI trainings, and my current weekly leadership commitments are as follows: Mihaylo Instructional Student Assistant (approx. 9 hours per week) Alumni BOD Student Representative (approx. 2 hours per week) Trustee (would need to step down if selected)

ASI President, Laila Dadabhoy

Salutations,

This week is going to be very eventful for me, but I look forward to consistently supporting as many members of the campus as I can.

Last week I had several meetings regarding the planning and logistics of the mobile food pantry. Between myself, Keya, Dave, Hallie, and Justin we were able to put together a loose timeline for this project. Thursday I have a meeting with Jim Donovan of Athletics and hope to discuss how this campus partner can contribute to the food pantry. Later on Thursday, I have a follow up meeting with Justin Lawson and Keya Allen to confirm next steps for this project.

Wednesday is the Grand Opening for the Basic Needs Center on campus, otherwise known as Tuffy’s Basic Needs. ASI will work hard to support this center in any way we can and look forward to partnering with Hallie’s team to market these resources to students.

Celine and I were able to touch base on the progress of the Fee Transparency Campaign, so stay tuned for some informational materials!

Ask the Presidents filming has been scheduling and as of yesterday, the script is prepared and we are ready to go.

Jesse, Drew, Keya, and I conducted interviews for the new CCRO last week. All the candidates had excellent ideas and we were very pleased with our pool. If all goes well, the applicant of our choice will be seated next to me by the time we get to the executive officer reports.

Tuesday morning ASI will be hosting the next Legislative Roundtable. This is an opportunity to communicate ASI successes to the larger community. It has been planned in different aspects by Saba and Jared. I will not be on campus to attend this roundtable so I will be submitting a report to Saba that she will distribute to the different attendees.

On Friday, I will be meeting with Vice President Eanes and President Virjee to bring the university up to date on all the work we are doing here in ASI. If you have anything of concern that you would like me to bring to their attention, please send me an email or contact Nick as he will also be at the meeting.

Lastly, this weekend is there will be a CSSA conference at Cal Maritime. We have an excellent delegation and I am excited to attend. I love boats.

That is all from me, I hope you all are doing well and taking care of yourselves. Please reach out if there is anything I or anyone in ASI can do to support you.

ASI Chief Communication Officer, Celine Moubayed

ASI Vice President, Andrew La

Scholarships:
Scholarships applications are out and available until March 6\textsuperscript{th} at 5pm. All they have to do is go to the ASI website and under services, click on scholarships. Students can apply to more than one scholarship if it fits their description. Graduating seniors may also apply for them as well. If you can please spread the word within your departments, that would be amazing! ASI wants to have as many of our student population to apply as much as possible.

Lights around campus:
For both students and staff, safety is an important priority. We know that both students and staff may work late in the evenings and that there are some parts of the campus that still need some lights to illuminate the evening. Let us know if there are any areas around campus that may need more light, we are working with UPD to let them know of any of those concerns. You can email me at: asvicepresident@fullerton.edu

**Place:** ECS Lawn (In works)
I have personally been working on a philanthropy day and was able to collaborate with the Greek Week outhouse council to discuss this year’s Greek Week. (Greek week is a few days where social fraternities and sororities team up to raise money, usually donations for Camp Titan). This year ASI, IFC and Panhellenic will be setting up a family carnival to end Greek Week by reaching out to invite Camp Titan campers and their families, as well as reaching out to elementary schools around CSUF.

ASI Chief Goverment Officer, Saba Ansari

Hi friends,

We are done with 20\% of the semester ALREADY! Hope you all had a good chance to rest up this weekend and are ready for another week of fun and work.

Personal Projects
This last week Asha, my events coordinator, and I met with Women's Center to see what ways we can partner for sexual assault awareness month (and came up with some good ideas and events). Also, I have been talking to two different statewide student led (!!) coalitions in ways we as an AS can partner with them: RISE (an organization committed to free tuition and all the stuff that comes with attending college like housing/foods/books), and CBUC (an organization passionate about expanding Cal Grants).

Lobby Corps
This Tuesday morning, Jared and I will be hosting (with the help of the Office of Community & Government Relations) a legislative roundtable in the TSU with different staffers from local
legislative offices. My staff and I have been working hard to prepare our CHESS delegation to lobby in March. I have also been working with SQE to create the budget proposal presentation to present at ICCs.

"Never doubt that a small group of thoughtful committed citizens can change the world. Indeed, it is the only thing that ever has." – Margaret Mead

Sending you all good vibes,
Saba

From the Chair: Happy Mardi Gras!

I wanted to give a thanks to everyone who helped make Breakfast with the Board's a success. We gave out 4,000 donut holes, 1,000 pieces of fruit, 20 gal. of water, along with thousands of promotional material for elections position info and to save the date. We also collected roughly over 1,200 survey responses which are being sorted and analyzed. Please share any feedback and improvements you may have about the event with me.

Later this week I'll be meeting with President Virjee and VP Eanes. Please let me know if there's anything you'd like me to ask or for me to communicate with them. I'll also be attending CSSA at CSU Maritime this weekend. Let me know if there's anything you'd like me to do, any meetings you'd like for me to go to, or any information or ideas I can bring back.

On 2/20 we will have, Dr. Eanes, VP Student Affairs, Mary Becerra, Title IX Coordinator, and Dr. Vincent Harris, Dir. Male Success Initiatives report to the board.

On 2/27 we will have President Virjee report. We will be wearing business professional attire and taking a Board Team photo after the meeting.

Best

From the Vice Chair Secretary: This week we’ll be looking into reformatting the Graduating Honors Policy we currently have in place. This might be as simple as approving it in the new format without any substantial changes - or we might consider readdressing the points system that it describes.
I have reached out to the Elections Commissioner to find a time when we can look over the elections bylaws and see if everything is accurate and up to date but we have yet to meet.

There might be some upcoming Resolutions coming up but I will provide details when I have more information.

Let me know if you have any questions!

**From the Vice Chair Treasurer:** Greetings everyone!

After a painful (1-0) loss for Arsenal against Tottenham, I'm excited for this week's board activities and finance updates. Additionally, I want to commend everyone for a successful Breakfast with the Board!

- This past week we as a committee reviewed current ICC budgets for the past two financial quarters as well as checking budget request changes from the previous fiscal year to the 2018-2019 one. This was to give committee members more insight and perspective as we move into deliberations

- There are a few organizations and councils that I've been coordinating with to potentially present in Finance Committee and possibly Board. I'll be reviewing these requests and working with Nick to ensure the available space to accommodate these presenters.

Thanks y'all and have a great rest of your week!
