UNDERSTANDING AND LIVING

THE CSUF BRAND
WHAT ARE WE TRYING TO ACHIEVE?

› We want to leverage the power of this asset that we call our brand so that we are attractive to our stakeholders, influencing them to engage with and invest in our institution.

› Recognizing that we exist in the context of other brands in the marketplace, our brand is best enabled to thrive – and our educational mission can best be fulfilled – when we claim a unique, compelling, advantageous position in the higher-education landscape.
INTRODUCTION

WHAT ARE WE TRYING TO ACHIEVE? (CON’T)

- There is ample evidence that our stakeholders are responding well to what they’ve been seeing and hearing over the past few years.

- Recently, our audiences have given us even more information to fine-tune and build on the progress we’ve made as we continue to play an active role in shaping our brand in helpful ways.
ADOPTING A BRAND MODEL

WHAT IS OUR BRAND?
ADOPTING A BRAND MODEL

WHAT IS OUR BRAND? (CON’T)

- **our values** *(our character; those shared concepts that bind us together and inform our decision-making every day)*

- **our promise** *(the meaning of our programs, attributes, and outcomes that the University reliably delivers to stakeholders)*

- **our personality** *(how we look, sound, and behave in our communications, events, service delivery, and all other touchpoints; the experiences we create for stakeholders)*
ADOPTING A BRAND MODEL

WHAT IS OUR BRAND? (CON’T)

At the nexus, stakeholders are best enabled to assess our brand:

- for relevancy, clarity, consistency, credibility, and authenticity
- to determine, in time, if they trust the brand
- to ultimately determine investment-worthiness
- to determine their loyalty to and advocacy for the brand
WHAT RESEARCH IS INFORMING OUR WORK?

Our work over the past few years has been informed by major research projects in 2014 and 2017. This year’s effort:

- featured an online survey that was informed by 22 focus groups and individual interviews as well as a post-survey focus group to provide further clarity

- surveyed 12 market segments including prospective students, high school guidance counselors, community college transfer counselors, current students, faculty and staff, employers and hiring managers, donor alumni, non-donor alumni, donor friends, non-donor friends, parents, and community leaders

- resulted in nearly 8,000 completed online surveys
WHAT RESEARCH IS INFORMING OUR WORK? (CON’T)

- showed that while there were certainly some differences in perceptions and preferences between different market segments, all stakeholder groups generally tracked together
- allows us, with confidence, to find the signals that the market is sending us

“Your stakeholders will tell you everything you need to know. You just need to ask, listen, observe.”
OUR VALUES

WHAT ARE OUR TOP SHARED VALUES?

Every day, our values help guide our decision-making and inform how we relate to one another.

As we live our values, our stakeholders can see us “walking the walk” in terms of the values they also hold. This overlap of our shared values is a key determinant for stakeholders in choosing to engage and remain engaged with our University.

In the first research study to understand our shared values, stakeholders assessed 12 statements to identify the values most important to them.
OUR VALUES

WHAT ARE OUR TOP SHARED VALUES? (CON’T)

INTEGRITY

Cal State Fullerton acts ethically and from a foundation of integrity.
LEARNING

Cal State Fullerton strongly supports effective teaching, enabling our faculty to work closely with and mentor students, foster vigorous exchange of ideas, and help them achieve key learning objectives.
AFFORDABILITY

Cal State Fullerton maintains an ongoing commitment to accessibility, enabling students of all backgrounds to benefit from programs and strategies that help make college affordable.
WHAT ARE OUR TOP SHARED VALUES? (CON’T)

ADMISSION

Cal State Fullerton maintains an ongoing commitment to accessibility, helping students of all backgrounds understand admission requirements and the application process.
DIVERSITY

Cal State Fullerton celebrates and embraces a commitment to diversity in all forms, nurturing a distinctively inclusive community in which all feel welcomed, honored, and respected.
WHAT DO OUR STAKEHOLDERS WANT US TO DELIVER?

The 2014 research effort helped us determine a set of brand promises. In our latest study, we tested our six existing brand promises along with 19 other attributes.
WHAT DO OUR STAKEHOLDERS WANT US TO DELIVER? (CON’T)

CELEBRATED REPUTATION

Consistently lauded as a top national university, we enable students to not only acquire knowledge, but discover their purpose. Our highly ranked programs, master faculty, and proven track record of educational innovation have cemented our role as a respected, in-demand and go-to leader within the California State University and beyond.
WHAT DO OUR STAKEHOLDERS WANT US TO DELIVER? (CON’T)

IMMERSIVE EXPERIENCES

A Titan education is defined by experiential learning amid a rich diversity of perspectives and backgrounds. Internships, collaborative research, study away and study abroad, service in the community, and a vibrant co-curricular life keep students engaged and empowered on their way to a degree. These high-impact experiences yield high-impact people.
Trusted Results

Confident, well prepared, and culturally competent, CSUF graduates are uniquely positioned to excel as emergent leaders in the global marketplace, in further education and in their communities. Having benefited from a rigorous, innovative curriculum and an inclusive, supportive environment, Titans are equipped to adapt to a rapidly changing world and continuously evolve to meet new demands and opportunities.
HOW DO OUR STAKEHOLDERS EXPECT US TO EXPRESS OURSELVES?

Our most recent market research was the first attempt to understand stakeholder expectations and preferences regarding our institutional personality.

Stakeholders were asked to identify – out of 24 concepts provided – those institutional personality characteristics that best convey investment-/engagement-worthiness.
OUR PERSONALITY

HOW DO OUR STAKEHOLDERS EXPECT US TO EXPRESS OURSELVES? (CON’T)

VIBRANT

In our expression, we mirror and lift up our diverse community and its dynamic spirit.
OUR PERSONALITY

HOW DO OUR STAKEHOLDERS EXPECT US TO EXPRESS OURSELVES? (CON’T)

EVOCATIVE

Our expression evokes deeper understanding of and an emotional appreciation for the meaning of our University and its educational mission.
HOW DO OUR STAKEHOLDERS EXPECT US TO EXPRESS OURSELVES? (CONT')

CONFIDENT

We express conviction about and pride in who we are, what we stand for, and our unique meaning in the higher-education landscape.
HOW DO OUR STAKEHOLDERS EXPECT US TO EXPRESS OURSELVES? (CON’T)

DIGNIFIED

In recognition of the enduring legacy, transformative power, and standing of higher education in society, we are elegant and refined in our expression.
HOW DO OUR STAKEHOLDERS EXPECT US TO EXPRESS OURSELVES? (CON’T)

HUMBLE

We are gracious and thoughtful in how we celebrate the remarkable accomplishments of the University and the value we offer to our stakeholders.

(“Act like you’ve been there before.”)
WHERE DO WE GO FROM HERE?

- We need to embed the revised themes in our publications, news content and media outreach, social media, speech writing, conversations, and all other brand touchpoints.

- We need to be disciplined. While there are many fascinating aspects of our University, we will not be intentional about shaping our brand if we become unfocused or continue to introduce multiple concepts and achievements to the market that are “off-brand.”
WHERE DO WE GO FROM HERE? (CON’T)

› We need to identify appropriate changes in our language and tone as well as our typography, imagery, and other elements of graphic design in order to be responsive to the personality preferences of our stakeholders.

› We need to continue efforts in brand evangelism and deepen campuswide discussion. One person, one department, or even a small group of offices cannot effectively shape a brand. A large, broad-based coalition of stakeholders is needed to build this brand into what we need it to be.
NEXT STEPS

WHERE DO WE GO FROM HERE? (CON’T)

- We will enhance online and print resources to aid our campus community.
- In time, we need to inventory all of our brand touchpoints and assess whether or not those experiences are helpful or hurtful to the mindful shaping of this brand.
- We should openly discuss the discovery of our values, keeping them top-of-mind as we make decisions in our respective areas.
- Our stakeholders need to see CSUF exhibiting the values that they themselves hold. There is ample evidence that demonstration of shared values is key to brand engagement.

From the Chair: Happy Mardi Gras!

I wanted to give a thanks to everyone who helped make Breakfast with the Board's a success. We gave out 4,000 donut holes, 1,000 pieces of fruit, 20 gal. of water, along with thousands of promotional material for elections position info and to save the date. We also collected roughly over 1,200 survey responses which are being sorted and analyzed. Please share any feedback and improvements you may have about the event with me.

Later this week I'll be meeting with President Virjee and VP Eanes. Please let me know if there's anything you'd like me to ask or for me to communicate with them. I'll also be attending CSSA at CSU Maritime this weekend. Let me know if there's anything you'd like me to do, any meetings you'd like for me to go to, or any information or ideas I can bring back.

On 2/20 we will have, Dr. Eanes, VP Student Affairs, Mary Becerra, Title IX Coordinator, and Dr. Vincent Harris, Dir. Male Success Initiatives report to the board.

On 2/27 we will have President Virjee report. We will be wearing business professional attire and taking a Board Team photo after the meeting.

Best

From the Vice Chair Secretary: This week we'll be looking into reformatting the Graduating Honors Policy we currently have in place. This might be as simple as approving it in the new format without any substantial changes - or we might consider readdressing the points system that it describes.
I have reached out to the Elections Commissioner to find a time when we can look over the elections bylaws and see if everything is accurate and up to date but we have yet to meet.

There might be some upcoming Resolutions coming up but I will provide details when I have more information.

Let me know if you have any questions!

---

**From the Vice Chair Treasurer:** Greetings everyone!

After a painful (1-0) loss for Arsenal against Tottenham, I’m excited for this week’s board activities and finance updates. Additionally, I want to commend everyone for a successful Breakfast with the Board!

- This past week we as a committee reviewed current ICC budgets for the past two financial quarters as well as checking budget request changes from the previous fiscal year to the 2018-2019 one. This was to give committee members more insight and perspective as we move into deliberations

- There are a few organizations and councils that I’ve been coordinating with to potentially present in Finance Committee and possibly Board. I’ll be reviewing these requests and working with Nick to ensure the available space to accommodate these presenters.

Thanks y'all and have a great rest of your week!
Request to alter exterior lighting: Titan Student Union

PRESENTED TO:   Titan Student Centers Board of Trustees

MEETING DATE:   Titan Student Centers Board of Trustees, February 14th, 2018

PRESENTED BY:   Jared Hill

BACKGROUND
According to the American Institute for Cancer Research (AICR), each year 12.7 million people discover they have cancer and 7.6 million people will ultimately lose their battle against this disease. The color lavender brings awareness to all cancers. This may acknowledge any of the cancers that do not have a specific awareness color, or it may be used to represent a variety of different cancers that families might have experienced. In almost all our lives, we have experienced the harsh reality of a loved one fighting cancer and for ASI this hit especially close to home with the news of former Director of Financial Services, Laura Hultman's passing on Monday, February 12th.

PROPOSAL
Request to change the exterior lighting on the Titan Student Union to lavender in remembrance of Laura Hultman and all her contributions to Associated Students Inc. and Cal State Fullerton.

RATIONALE
Laura repeatedly said how much she loved working with students and helping student leaders learn and develop. In her last few years before retirement, she came to work for ASI to do just that. Laura had worked in the private and public sector, at the Chancellor’s Office, and for Administration and Finance at CSUF, but her favorite experience was her time working with the students and staff here at ASI.

IMPACT
Little to none.

BUDGET IMPACT
There is a minimal budget impact associated with the proposal.

IMPLEMENTATION TIMELINE
Upon approval, Building Engineering will purchase lavender sleeves for the exterior lighting of the Titan Student Union. The exterior lights will remain up for two weeks.
