

Child Group Time Recorded Session

5 Little Caterpillars

5 Little Caterpillars

5 Little Caterpillars, on to a leaf they crept, they spun themselves a cocoon, then for a long time they slept.

5 Little Caterpillars, slept a long, long time. When they finally wake up, what do you think they will find?

Those 5 Little Caterpillars, awakened by and by. They found themselves with beautiful wings, and away they did fly!

They were butterflies! Let's count them as they fly- 1, 2, 3, 4, 5!
