I am a first-generation Nigerian American citizen who has experienced both sides of the coin living both in Nigeria and the States. The shock of being submerged in a culture that is so familiar but alien at the same time gave me a chance to see the world from a different perspective which I believe is very valuable to me as an individual. I would be a good candidate for this position as I would be able to relate with many students who are in the same position as me in overcoming the challenges associated with immigration demonstrating resilience and determination.

**\* Tell us what you think the purpose of our ASI student government is and why you want to be a part of ASI leadership (tell us why you think ASI does what it does, what you hope to get out of the experience, and what you hope to learn):**

---

I think that the purpose of the ASI student government is to provide students with the information that can lead them to success by bringing those resources to them by people like them. I think ASI does what it does to help other students gain a strong foundation of knowledge that can help them while also making them feel welcome and not intimidated. I want to be a part of ASI leadership because I feel that helping students like myself would be a fulfilling experience and it would give me a better scope in providing guidance for others.

Aside from summer classes, next year I plan to get more heavily involved in the Nigerian Student Association (NSA) and share the Nigerian culture with anyone willing to know about it.
