**\* What made you decide to pursue this position?**

---

I want to become an ASI Governance Ambassador due to the fact that this is a chance to participate in the process, which would be effective in ensuring students' voices are truly represented on issues otherwise largely unseen by the university when it comes to making decisions. I truly believe that this position would offer me a great opportunity to really bring about meaningful change on campus while I am here, with professional gain along the lines of governance and leadership. The initial and continuous training, coupled with the opportunity to participate in key committees, correspond perfectly with my academic and professional goals. Moreover, the role of the Student Engagement and Advocacy Representative in improving student engagement and advocacy strikes a chord in my belief in building a supportive and inclusive campus community.

**\* What do you believe is the role of the students' voice in decision-making on campus projects and issues?**

---

Student voice is most instrumental in campus decision-making processes and projects because it supports decisions that are responsive to needs, concerns, and perspectives from those most directly affected. Students provide unique insight into the everyday reality of life on campus, allowing for potentially more effective and relevant solutions. Their involvement heightens transparency and accountability, including the most diverse perspectives that will make the campus environment more responsive and supportive to its community in the long run. Moreover, it empowers students and provokes civic engagement in building a stronger and more cohesive campus community.

**\* Are you interested in topics such as academic curriculum, campus infrastructure, or program opportunities for students? If so, please elaborate. \***

---

I am most interested in the topics related to academic curricula, campus infrastructure, and other opportunities which can be opened up for students.

I'm very interested in how the curriculum will be redeveloped to suit the ever-changing needs of the students and their careers in the future. This includes new programs representing emerging fields of study, increasing interdisciplinary opportunities, and making sure that the curriculum is inclusive and accessible to all students.

The bottom line for providing the enabling environment that will allow effective learning processes to take place on campus is through improvement in infrastructure. There is a need for the upgrading of facilities to ensure accessibility and to provide space that fosters collaboration and well-being. I believe very strongly that investment in infrastructure will dramatically improve the whole student experience and help drive forward both academic and extracurricular activities.

The enrichment of the student experience is best done by increasing programs, internships, research projects, and extracurricular activities. I'm interested in how to increase opportunities for underrepresented groups, who often experience difficulty in gaining access, and provide them with the necessary means to follow their interests and professional ideas.

In general, I feel that these areas, if addressed, would immensely benefit an environment aimed at education and support.

**\* What are you currently involved with on campus?**

---

As a new student starting in Fall 2024, I am not yet involved in campus activities. I am currently exploring various opportunities to get involved and contribute to the campus community. I am eager to find a role where I can apply my skills and interests, and I am particularly excited about opportunities that allow me to engage in decision-making processes and support student initiatives.

**\* Students selected to sit on a committee are provided training, leadership and professional development opportunities each month. What is your availability for the fall and spring semester?**

---

I am available at all times except during my class hours. For the fall semester, my classes are scheduled on Fridays and Saturdays, so I am not available during those times.
