Animal Classification!

*What you will need: Different animals, a few bins, labels (Zoo, farm, jungle, etc.)

- Set up a few different bins with labels: (Zoo, Farm, Jungle, house, etc).
- Get different animals and talk to you child about where the animal lives.
- Ask questions like: "This is a cow- where do you think that lives?" Then have them place the animal in the correct bin.
- Help your child to sort the animals.
- You can even talk about the different sounds the animal makes (have them make the sound) or even the different types of food they eat!
- Have fun!!
