Mihaylo College of Business and Economics Goals

By Glaiza Julien and Nick Jakel

Goal 1

- Increase Student Involvement with Student Organizations

Problem:

- Low involvement with student organizations

Solution:

- Encourage students to get involved with student organizations (business organizations, BICC, ASI, etc.)
 - Find a way to market organizations' events to all students throughout the year
 - Highlight the benefits of being involved in an organization

Goal 2

- Increase Student Involvement with all eight of Mihaylo's Centers of Excellence

Problem:

- Minimal student involvement and awareness of the Centers in the college

Solution(s):

- Meet with the Directors of the Centers to see how students can get involved
- Communicate this information to students
 - Indirectly
 - Through email - potentially from the assistant dean
 - Newsletters
 - Career Center
 - Directly
 - Telling students during office/outreach hours

Goal 3

- Increase awareness of student jobs in Mihaylo & on campus

Problem:

- It can be difficult for students to find a job on campus
- It can be difficult for business students to find jobs or internships on campus that are relevant to their career
- There is a lack of awareness of student jobs in Mihaylo

Solution(s):

- Encourage the CSUF Auxiliary Services Corporation (ASC), Mihaylo Career Services, and CSUF Career Center to increase their promotion of student positions on campus
- Update a white board in SGMH 1505 with relevant openings for business students

VICE CHAIR SECRETARY

WRITTEN REPORT:

- Very excited for the upcoming school year and to work with everyone in ASI!
- Things I am focusing on this semester will be to serve as a support role for new directors. I have already begun meetings one on one and will continue helping in any way I can.
- Our first Governance committee meeting is this Thursday (08/24). We'll be reviewing and updating policy statements and bylaws. Throughout the semester I plan to work closely with Carol and work on placing our policy statements in new formats that are consistent with last years' updates. Aside from this I will be reviewing the ASI Bylaws and looking for ways to improve via changes and additions.
- This Friday a handful of student leaders will meet to discuss the All ASI Event and explore ways to make sure it's a success.

Expectations: I'm looking forward to a very productive and efficient year. For Directors, I'd like everyone to make strives to setting goals and work on them throughout the semester. I like the enthusiasm everyone has this year and see what we can accomplish!
