Supporting Men of Color

In Fall 2017, the Male Success Initiative at Cal State Fullerton completed its inaugural year with the selection of the first cohort of MSI-Success Scholars, making Cal State Fullerton one of the only universities in the nation to dedicate financial scholarships to historically disadvantaged men of color. A total of 15 high-achieving first year students, who are men of color, were selected from a competitive selection pool to create CSUF's first ever scholarly brotherhood. Each MSI-success scholar receives a renewable \$3,000 scholarship for up to 4 years, must maintain a 3.0 GPA or above, participate in more than 100 hours of community service, and participate in monthly scholarly gatherings. With the support of the MSI-Brotherhood and the MSI-Fullerton staff, each success scholar will be equipped with the necessary support, resources, and brotherly bonds to help CSUF become a destination "where all men and men of color WILL achieve the fullness of their Potential."

Distinguished Certification

The University Learning Center and the College of Business Tutoring earned Level I Certification for their tutor training program through the College Reading and Learning Association (CRLA). Level I Certification ensures that the CSUF tutors who participate in the year-long training program achieve a level of quality that enhances the tutees' experience. Disability Support: DSS Groups and Workshops

Students with disabilities using support from Disability Support Services (DSS) continued to grow, with 1,734 students connecting with the department in 2016–17. Additionally, DSS counselors offered four groups: Discussion group, healthy relationships, meditation and professional development, and a career/life planning course. Participants in these groups develop stronger self-advocacy skills and are more likely to graduate.

Athletics Academic Services

In Spring 2017, Athletics Academic Services piloted the DEGREE (Division I, Eligibility, Graduation, Retention, Engage, Empower) program, a comprehensive academic support initiative for student-athletes enrolled in remedial coursework and individuals with a cumulative GPA below 2.5. Given the success of the spring pilot, AAS launched a new full-scale program in Fall 2017, to support retention and graduation rates for student-athletes, consistent with NCAA and institutional goals.

Center for Scholars

For the first time in the history of the Guardian Scholars program, student support services were expanded to serve the larger foster youth population, which may help in increasing the national graduation rate of 3%. Beginning in spring 2017, the Guardian Scholar program began to support an additional 42 foster youth. The 42 foster youth will join the University's current cohort of 47 Guardian Scholars in receiving a variety of support services (with the exception of a full scholarship) such as class-level seminars, community enrichment activities, academic/life coaching, and access to the Center for Scholars resources. In an effort to prepare for supporting more foster youth, the Center for Scholars team has recently completed the Fostering Success Coach Training Level I developed by Western Michigan University. The training is designed for professionals who are working with students who have experienced foster care or have lived through multiple adverse childhood experiences. Center for Scholar coaches are now ready and equipped to provide practical guidance for engaging and partnering with students in the transformation process of their personal and professional development.

What's more, the program owns 12 team national titles and 18 individual championships.

CHAMPIONS IN THE COMMUNITY

Getting Titan student-athletes in the classrooms of local elementary schools each week and emphasizing the importance of reading and good reading habits to students is foundational to our community service efforts.

"For our student-athletes, it's so important for them to be able to give back to a community that gives so much to them. The student-athletes truly value the experience and it shows."

BECCA DOBBS,
INTERIM DIRECTOR
OF MARKETING

WHAT A YEAR!

The 2016–17 year was one for the record books for Titan Athletics, notching **seven winning programs in Big West Conference competition for the first time in school history**. Sports included: Baseball, Softball, Men's Basketball, Women's Tennis, and both Men's and Women's Soccer, with Men's Track and Field winning the Big West Championship.

What a year indeed. For the first time in school history, **six teams had winning records in conference play**.

College World Series Bound

Cal State Fullerton had a season to remember, as the Titans put together an improbable run to their 18th College World Series in program history and the second in the last three seasons under Head Coach Rick Vanderhook. For Fullerton, its miraculous run of 26-consecutive postseason berths continued, which is now ranked second longest in the nation behind Florida State after Miami failed to qualify for the tournament this season. In all, the Titans have now qualified for postseason action in 39 of 43 seasons at the Division I level. After finishing 2016 with an overall record of 39–23, Fullerton has won at least 30 games in all 43 seasons at the Division I level, which is tied with Clemson for the second-longest active streak nationally.

7 winning programs in Big West Conference play for first time in school history

1,623 community service hours completed by Titan student-athletes

63 student-athletes receive their degrees in 15 majors

12 student-athletes from eight different sports graduated with honors, doubling the number from 2015–16

AWARD SEASON

Fundraising

Associate Athletic Director for Development Greg Paules and his staff raised more than \$2 million during the 2016–17 school year. Over the last five years, Athletics has raised just under \$5.2 million and has established a letterwinner's club with more than 250 members.

Softball Goes Back-to-Back

Once again, the softball program dominated the competition en route to its second consecutive Big West conference championship under Head Coach Kelly Ford. The Titans proved they could compete with the best in the nation taking wins over national softball powers Mississippi State, Texas Tech, Houston, Utah, Baylor, San Diego State and Texas. Fullerton also got the best of its conference rival Long Beach State, earning a big three-game road sweep of the 49ers.

The Stampede

Interim Director of Marketing Becca Dobbs led the effort that attracted 16,767 Titan students to athletic events during the 2016–17 school year, marking a 17.2 percent increase from a year ago. In the past five years, student attendance has risen nearly 1,300 percent.

Tennis Serves Up a Season to Remember

CSUF Tennis set school records for the second-straight year:

- Most wins in a season (19)
- Winning percentage (19–4, .826)
- Longest winning streak in program history (11)*

*11-match win streak to start the season:
January 21–March 5

Men's Track & Field Captures Big West Title

Cal State Fullerton, which hosted the conference championships, secured the program's first men's title on its home turf at Titan Track Complex, doing so for 29th-year Head Coach John Elders, in dramatic fashion. Holding a one-point advantage—125 to 124—on Cal Poly with the 4 x 400 relay to be contested, the Titans outpaced the Mustangs with a season-best time to win by a final margin of 133 to 12.

Kelly Ford Makes History

Kelly Ford is becoming a Titan legend right before our very eyes, as she joined former Fullerton great Michelle Gromacki as the only other Titan to claim the Big West

Coach of the Year award on two separate occasions, while becoming the only Fullerton coach to win it in back-to-back seasons for softball.

Fridays at Fullerton

The 2016–17 athletics season was a special one for many reasons, but one that certainly stands out was the implementation of a membership club dubbed "Fridays at Fullerton." The club was designed to enhance the Titan Athletics game day experience and to serve as a thank you loyal Titan donors.

TUFFY'S BASIC NEEDS SERVICES

Food Assistance

Given the varying needs of our students, food assistance is provided in several formats:

- Free meals – Offered through gift cards, which can be redeemed at on-campus dining locations
- Donated Meals – Provided through The Gastronome
- Titan Bites – A messaging system that alerts students when excess food is available at the conclusion of campus catering events. This application sends text messages and alerts to students who opt-into the program through their account settings in the online portal.
- CalFresh – CSUF staff have partnered with Second Harvest Food Bank to meet with students in need to determine eligibility for this benefit.
- Full-Service Pantry – Students can also be referred to a full-service pantry near campus that provides food (including dairy and proteins) up to three times a month.

Emergency Temporary Housing

Emergency Temporary Housing is available for displaced CSUF students who are living in their cars; temporarily staying with friends or family; or unable to continue to live in current residence. Students may be housed for up to 2 weeks in an apartment located on campus while they acquire stable and permanent housing.

Titans Helping Titans

Originally a seasonal hygiene drive hosted by Student Life & Leadership, this now permanent program provides free hygiene products, including soap, deodorant, shaving cream, shampoo, conditioner, razors, pads, toothbrushes, toothpaste, combs, and washcloths to students in need.

Tuffy's Career Closet

The WoMen's & Adult Reentry Center, in partnership with several campus stakeholders, developed this program to offer students free, gently-worn professional attire to support career development and advancement.

Financial Support

Students who have been involved in unforeseen emergency, crisis, or catastrophic event may apply for the Student Emergency Grant. This program is designed to assist those who cannot reasonably resolve their financial difficulty through scholarships, loans or other financial aid awards.

RE: Form Submission - Booking Form - Be Your Own Boss

Wong Fu Productions <bookings@wongfuproductions.com>

Thu, Feb 8, 2018 at 12:35 PM

To: "Yong, Emeline" <eyong@fullerton.edu>

Cc: BICC President <biccpresident@fullerton.edu>, Ada Fu <adafu1107@csu.fullerton.edu>

Hi Emeline--Thank you for the follow up note. We understand changes in leadership roles.

Regrettably, we would need to re negotiate the price point if were to move forward with this booking inquiry. Typically, we work on a 60 day window so we can avoid scheduling concerns and headaches. That being said, we would require a 50% advance deposit to secure the date.

In regards to budgeting, we will provide your school with priority over other inquiries, however it will be contingent on meeting our terms. Presently, we would need the budget updated to \$8,500 for the attendance for both Phil and Wes. Alternatively, we can commit to a reduced budget price point of \$6,500 for either Phil or Wes, plus another Wong Fu team member.

Thank you advance and looking forward to your response.

Regards,

Financial Aid Deadline

The image shows a close-up of a FAFSA (Free Application for Federal Student Aid) form. The title "FAFSA" is prominently displayed in large, bold, black letters. Below it, the text "FREE APPLICATION for FEDERAL" is visible. The form is divided into sections, with "Step One (Student):" being the current section. A instruction reads: "For questions 1-31, refer to the instructions." The form includes a grid for "Your full name (exactly as it appears on your Social Security card)". The grid is divided into two rows: "1. Last name" and "2. First name". The "Last name" row has 10 boxes, and the "First name" row has 10 boxes. Below the name grid, there is a section for "Mailing address" and "Home phone number", each with a grid of boxes for digits.

ASI Board Chair and Vice Chairs Report

From the Chair: Hi Everyone,

I hope you had a nice long weekend! I'm writing this before going to CSSA so I will have more updates to share about that later.

Please wear business professional attire next week when President Virjee visits. I'm thinking about writing a resolution encouraging the university to fund athletic trainers at club sports games and practices. ASI currently funds this practice. However, at other schools, the university pays for this vital service for the safety of students.

Strategic Plan Steering Committee Update: I joined the writing sub-committee and we have been working hard creating draft goals, objectives, strategies and deadlines. It is very exciting to see how much thought and energy is being put into shaping the goals for the next 5 years.

As always let me know what I can do to help.

Best,
Nick

From the Vice Chair Secretary: Hi all,

I met up with Rachel from Elections last week and we got to briefly review the bylaws and talk about elections. As of now, we're not considering revising any of the bylaws specific to elections. However, we might consider adding a special clause concerning the College of Education to encourage those interested in pursuing a career in higher education to apply when/if there is a vacancy in that college.

Last week we began reviewing the Graduation Honors policy at committee and ended up tabling the item. There were many concerns that were brought up and we are likely to strike the policy and create a better alternative procedure.

No pressing items in terms of Resolutions are going to be reviewed this week but I expect some to be brought to committee in the upcoming weeks.

Let me know if you have any questions. Thanks!

From the Vice Chair Treasurer: Greetings all! Hope your Valentine's Day and president's day weekend was full of love and all that jazz.

- This past week at Finance Committee, we approved BICC's contract request for their speaker event, unanimously
- We will be moving into deliberations where each member of the committee will be splitting up funded/funding councils and reviewing their previous and current budgets for discussion
- We will be having a contingency request of \$7,500 by SCICC and another contract approval for ISA. There are a few organizations from AICA that are currently in the works of presenting before the committee, so I expect a few to also make it to board

Have a great rest of your week. In the midst of all the champions' league madness, I just want to take a moment to recognize Arsenal FC's 3-0 win this past week. It's been a great comeback for my gunners!! #COYG
