TIME CERTAIN

Framroze (Fram) Virjee, J.D., President, California State University, Fullerton introduced himself to the Board and shared that he is pleased to meet with the Board. President Virjee share his excitement to work with student leaders, to learn more about their plans, thoughts and ideas for the campus. Shared information about his excitement for the

President Virjee's goal is to be as transparent and participatory as possible. He shared that providing opportunities for input and participation from various groups is important. He invited the Board to ask questions for discussion.

Jimenez Perez asked for clarification on his stand on the potential tuition increase, and what will he and the campus do to help the student body.

Pres Virjee stated the tuition increase is not a decision that he would be making. He shared that from his perspective it should be a last resort effort. He shared that this was a topic of discussion at the recent Academic Senate meeting. He shared that in light of the recent positive economic situation in CA and surplus in tax revenue, the first task/commitment should be to demonstrate to Sacramento that the CSU is a worthwhile enterprise. He provided an overview of the support colleges and universities receive from the state and shared that the CSU does not have the necessary resources needed. He shared that the State continues to demand from the CSU, and we/CSU makes demands on ourselves. He shared that he will be going to Lobby on behalf of CSU. He provided an overview of the budget request and proposed allocation. Problem solving is not promoting tuition increase. Need to find alternate sources, including philanthropic sources. He shared that if the Board of

Trustees move toward an increase, it is understandable. Ultimately, if we don't get additional revenue, we will need to reduce services.

Jimenez Perez shared that Sacramento State University's President shared the podium in a forum along with their SQE organization and asked if President Virjee would be willing to do that. President Virjee shared that he is open to the possibility.

Borjas asked President Virjee to speak on his background and how it can relate to his position as CSUF President. Pres, CV, resume, background is different, because no intention to becoming pres. Worked large law firm for 30 years. Shared history of law firm and the benefits of representing companies and school districts. Rep school boards for 30 years. Learned a lot about public education. He and wife started non-profit in Rwanda. CSU Chancellor asked him to join the CSU legal counsel. Visited all 23 campuses, spent time with presidents, student leaders, looking at each campus evaluate strengths and weaknesses. Focus Title XI, History working with CSU's has prepared him for this role.

Dadabhoy asked President Virjee to share his goals for the time that he will be at CSUF. President referred to the letter he sent at the beginning of his term. He shared that CSUF is running well, finished the five year strategic plan, and is celebrating our 60th anniversary. He is not interested in rethinking strategies or starting over. As a University we are working on a new Strategic Plan, looking at a new master plan for physical plant services over the next 15 years, WASC accreditation, and GI2025. For the most part, keep doing what we have been doing. He shared that he has a couple of ideas to work on:

- Brick and mortar get the 4th/5th floor of Pollack library open. Provide more seats for students. The work may not be finished by the end of his time with us, however there better be a plan in place, and work in process executing on the plan.
- Titan Hall open to relieve some of the space issues.
- Celebrate diversity on campus He shared that he is a first generation college student. Like to see more bridging of spaces/centers for students of various groups. Exchange of ideas can only happen if we are willing to attack issues, not people. People need to know each other, care about and respect each other. He shared that he would like to see all groups coming out to support one another's programs and successes.

Rodriguez asked what is being done in the short term to address deferred maintenance issues. President Virjee shared that this is one of the most pressing issues for the CSU. He provided a historical overview of the bond issues and the subsequent move toward deferred maintenance. He shared that all CSU campuses must raise funds or take on debt to maintain facilities. He shared a couple of issues where the campus needed access to funds to address an emergency need where funds were not available/designated, i.e. changing all emergency locks in each classroom on campus to allow for locking the door when a shelter in place situation occurs. In another situation, the Chancellors office designated funds for CSUF to work on McCarthy Hall. The cost estimate for the work is \$100mil, and the Chancellor provided \$40mil. President Virjee shared that the campus is always assessing what can be done with what we have. He shared that student leaders have a great sense of where the greatest needs are and encouraged them to bring priorities to him.

Torres asked what can student leaders do to help with the issues mentioned. President Virjee shared that it's going to have to hurt students, faculty, staff, and the community in order for the Governor to understand and recognize the impact. If students cannot attend a CSU, or we cannot move students through system at the rate that is called for, when it hurts, people will cry out, the legislature and Governor will listen. Lobby and sound the call, communities, parents, Mayors, assembly, and community leaders need to write letters. Mobilize at grassroots levels.

Gelrud shared that he appreciates the transparency and authenticity of both President Virjee and his wife. He asked if President Virjee was willing to have a rematch in basketball after the Pachyderm challenge. President Virjee shared that being seen on campus is intentional. He came to be with students. He shared with his staff that all day sitting in the office is a bad day. Want to be on campus. Provide extra time for walking and being purposeful to learn what we need to do collectively. When he meets a student, he asks two questions, what do you like best, and what would you change if you could. Most answers relate to parking, which is a challenge. He shared that he brings issues back to the President's cabinet, and efforts are being made to address concerns. He further shared that students are full, vibrant and important partners.

President Virjee shared that he would come back any time an invitation is extended.

Board of Directors Meeting 2/27 ASI Productions

I. Goals for ASIP:

- 1. **Unify** the campus through inclusive and diverse events
- 2. Balance **tradition** with **innovation**
- 3. **Collaborate** within ASIP, ASI, and the campus.
- 4. **Retention** at events throughout the year
- 5. **Support** and **communicate** effectively, in and outside of ASI
- 1) One large event we felt unified the campus took place last week with an event called Day of Games. Over 200 students came out to participate with the inflatables and other games we had. Next week is midterm madness and we expect to see 600 students throughout the duration of the three events we will be hosting. With Spring Concert also quickly approaching, we are excited for tickets to be going on sale soon and bring the campus together for that event. 2) This semester, we will continue traditions by hosting events that are well-known to students, but include new activities and aspects to better the event. Coming up will be the Titans Got Talent Show and the Thursday Film Festival. 3) Collaborations are something ASIP excels greatly with. Our Wednesday and Thursday concert coordinators collaborated on an event on February 14 with artist Ryan Key from Yellowcard. Our monthly food collaboration with Titan Tusk Force and Karaoke/Open Mic have continued to be successful and have become a new tradition. At these collaborations we have been seeing around 300 students come by and enjoy the food, music, and activities. We're excited for our next one on Monday, March 5, which will be Mozzarella Monday. We also will be collaborating with Laila and Celine on a breakfast event during midterm madness that will allow students to meet the ASI President and ask any questions they have. 4) Retention will be a focus for ASIP this semester as we think of more ways to create retention at our events. Last semester we started to see many returners who come regularly to karaoke/open mic and Thursday films. We also see returners at our TTF food day collaborations. 5)

- We continue to use all marketing platforms and a variety of social media sites to effectively promote our events.
- 2) We are utilizing snapchat and Instagram stories more, as well as the "Class Of" pages on Facebook. We have also been reaching out to @csufofficial to increase social media posts. ASIP also promotes events through word of mouth and tabling just as much as we do on social media sites. We are working hard to be present at different ASI events each week for promotion on our future events

II. Current Funding Status

1. ASIP has currently spent or committed to spending **40%** of the overall budget

This number includes what has already been spent by all ASIP coordinators, including the contracting of talent, food for events, supplies, printing and advertising, and promotional items. This is perfectly on track for ASIP, especially since the majority of the budget is intended to be spent later in the Spring Semester for Spring Concert. I do expect this number increase when the Spring Concert contracts are finalized.

Business Concept Spotlight

Time Value of Money - TVM

- What is it: the idea that money available at the present time is
 worth more than the same amount in the future due to its potential
 earning capacity.
- Why is this important: Provided money can earn interest, any amount of money is worth more the sooner it is received.

- TL;DR: Get money as soon as you can.

ASI President, Laila Dadabhoy

Hello all,

This week we are moving at full speed with our efforts to inform students of the proposed tuition increase. Please reach out to Katherine for any personal information you might want to share regarding how this increase might affect you. Saba will be relaying information from CSSA and other sources to help Celine develop materials to further this informational project.

Last week we concluded filming for Ask the Presidents and look forward to releasing the video soon! Over the weekend, I was able to connect with a number of fraternities about the available scholarships in ASI. Please help Andrew get the word out about these opportunities, everyone!

This week, political analyst Peter Matthews will be visiting our campus to discuss the importance of student engagement in politics as well as higher education. Join ASI in the pavilions on Thursday at 7pm to see what he has to say about both of these topics.

The food pantry project is moving right along, I will be working with Marketing to develop new materials for this project. The expected launch date will be the second week of April. I am also working with the university to update the Title IX handbills to help students understand what resources are available to them. Stay tuned for further updates.

Much love, Laila

ASI Board Chair and Vice Chairs Report

From the Vice Chair Secretary: Hi everyone,

Happy week 6! I hope everyone enjoyed their weekend.

A few updates from me: this week at Committee we'll be discussing a Resolution regarding feminine hygiene products, and Director responsibilities.

In the following weeks we'll review a Resolution regarding basic needs and Bylaws concerning the executive officer positions to ensure they're up to date.

That is it for now, let me know if you have any questions.

Thank you!

From the Vice Chair Treasurer: Hello everyone! Hope your weekend has been restful, productive, and fun. Unfortunately, Arsenal FC was brutally beaten by Manchester City at the Carabao Cup Final with a score of 3-0. It's a very trying time for the club, so if you ever see me in tears this week it's because I'm still not over the game. Here are some finance updates to take our mind off it:

- Budget deliberations will be held next Thursday, March 8th
- One organization is scheduled to appear before the Finance Committee this Thursday and will need to present to the board if approved
- Andrew and I have recently worked with another organization to have their off-campus event approved as well since it was an expenditure below \$5,000

Thank for your time and don't forget to check out BICC's Business Madness events all of next week with the Opening Carnival this Thursday in the Mihaylo Courtyard!

From the Chair: Hi Everyone,

Jesse, Glaiza, and I are looking into planning an informal retreat for board members and exec officers, maybe utilizing the TBB this way we can spend some time together doing something fun and giving us a chance to get to know each other, and our new team members, more. I'm open to any suggestions for date/time/location/ideas.

I'm planning on making a new seating chart for our first meeting in March, let me know if you have any requests by EOD on 3/1. Change your passwords for the BOD email accounts or you'll get locked out! Send in #reports by 5pm on Friday!

I wanted to emphasize and include Drew's email the other day as it lays out everything relating to elections:

"Good Morning Everyone,

As we go into the next few weeks of the election season, I wanted to send out some important information to all of you about appropriate behavior and impartiality as current ASI Student Leaders.

The best general rule for all ASI student leaders while carrying out the duties of your position is: "Always promote that the election is happening and that voting is important; Never provide support or opposition for specific candidates." After reading this email, if you have any questions or concerns, please feel free to contact your advisor, myself, Keya, or Dave for guidance.

Election Information:

As most of you know, every year we have a student body election that elects the ASI President & Vice President (elected as a team) and the student members of our ASI Board of Directors (two representatives are elected from each academic college; there are eight academic colleges on campus) and Titan Student Centers Board of Trustees (ten representatives elected from the general student body). The Board of Directors is the overall governing body of our organization and the Titan Student Centers Board of Trustees is the sub-board responsible for direction and oversight of the Titan Student Union program and Titan Recreation program. Student candidates have already been submitting candidacy forms and will begin to campaign very soon. This will go on through the actual days of voting in the election, which will happen Tuesday, March 13 through Thursday, March 15.

Impartiality Information:

During the elections process, we as a corporation and entity on campus must remain completely impartial as it relates to student candidates. This is a requirement, as well as, being both appropriate and good judgement for a number of reasons. As an organization funded and entrusted with student fees, we have a responsibility to not provide support or opposition of any kind to any particular candidate(s), as any support or opposition can be perceived/interpreted as an expenditure of student fees or resources. Also, all candidates are students and deserve equal and fair treatment, which means being completely impartial is the only way to go. Here are some specific topics that can be important for you as an ASI student leader.

- **ASI Impartiality:** During the election process, all ASI events, activities, programs, services, and meetings must maintain this impartiality. If any candidates, whether you know them or not, contact you with requests of any kind, you need to refer them to the ASI Elections Director and the ASI Elections team. The elections team is the point of contact for candidates and is responsible for orienting them to the rules, privileges, services, and responsibilities related to candidacy.
- **ASI Student Leaders Supporting Candidates:** If you choose to support and/or help any candidate(s) in their campaign(s), this support is fine, but we want you to avoid getting yourself or the candidate(s) into any trouble. Supporting a candidate is fine as long as it is kept completely separate from when you are participating or acting within your role as a student leader. You must maintain a firmly defined line between your support of a candidate and your leadership position. This includes not wearing t-shirts, buttons, or other materials, posting things, and pretty much any other activity that can be related to the candidate(s) and campaign(s) you support while carrying out the duties of you position. I encourage you to be familiar with the endorsements section of the bylaws (included below) as it relates to endorsements from individual officials/leaders.
- **Student Leaders Running For Office:** If you yourself have decided to run in the election, there are a few more important things to know and do. First, understand that we support your decision to be engaged in the elections process, but that there still needs to be a firmly defined line between your candidacy and your current position. When carrying out your duties, you are a leader of the ASI and must not engage in campaign/election activities. This includes wearing t-shirts, buttons, or other materials, posting things, and pretty much any other activity that can be related to your candidacy while carrying out those duties.

Summarized below, I have also included a short list of things to avoid and some excerpts from the bylaws regarding elections and campaigning that you'll want to be aware of.

Things to not do:

- Store, post, or display any campaign related items or supplies in yours or any ASI office space
- Print or copy any campaign related documents or advertising on office printers or copy machines
- Promote, discuss, or mention any campaign at any event, activity, program, or meeting that you oversee or take part in unless during a time available to candidates/the public

Clause 2. Campaigning shall be defined as any effort by any individual or group to influence the decision of any potential voter in support or against any candidate, candidate team, or coalition appearing on the ballot through the use of verbal or nonverbal interaction, electronic correspondence of any kind, use of physical materials, or the use of any persons as an intermediary to communicate the same.

Clause 3. Violations will be categorized into three (3) separate classes to mirror a "three strikes" system for candidates. Each class of violations carries a nominal strike value. Candidates who receive three strikes, in whichever combination of offenses, are immediately disqualified from the elections.

Section 4. CLASS B (MAJOR) VIOLATIONS

Clause 1. Class B (Major) Violations shall carry two (2) strikes. If a candidate commits any of the following, the candidate will acquire two (2) strikes against their campaign and, the official ballot shall reflect the specific violation and circumstance:

k. Using California State University, Fullerton, or Associated Students authority, facilities, funds, or resources for campaign purposes. The use of authority includes, but is not limited to, any action which would reasonably suggest that the Associated Students, or any unit thereof is taking a stance on or participating in a campaign. The use of facilities includes, but is not limited to, posting campaign materials, the use of facilities for storage of campaign materials, and their use for meetings related to campaigns.

Section 5. CLASS C (MINOR) VIOLATIONS

Clause 1. Class C (Minor) Violations shall carry one (1) strike. If a candidate commits any of the following the candidate will acquire one (1) strike against their campaign, and the official ballot shall reflect the specific violation and circumstance:

d. Using University or Associated Students property that is not openly accessible to all students to produce copies of any campaign material or promote an individual candidate.

Section 6. ENDORSEMENT

Clause 1. Any unit, body, or office of the Associated Students shall be prohibited from promoting or discouraging a vote in favor or against any candidate, candidate team, or coalition in any election (including recall elections).

Clause 2. Any unit, body, or office of the Associated Students shall be prohibited from promoting or discouraging a vote in favor or against any proposition in any election.

Clause 3. Any organization receiving sponsorship or funding from the Associated Students shall be prohibited from spending any Associated Student funds or using any resources to promote or discourage a vote in favor or against any proposition, candidate, candidate team, or coalition in any election.

Clause 4. Individual officials of an organization receiving sponsorship or funding from the Associated Students may express their individual views in support or opposition of a candidate (including themselves), candidate team, or coalition. In expressing such views, they may identify themselves as officials of their organization, provided it is clear they are not speaking for the Associated Students, their organization, or the student body as a whole.

Clause 5. No support may be solicited for any candidate, candidate team, or coalition from the faculty, staff, administration, or non-student employees of the University. This does not prohibit asking permission to speak in front of a class.

I hope you find this information helpful and clarifying, please feel free to reach out to your advisor, myself, Keya, or Dave, if you have any questions.

Thanks, Drew"

April 4, 2018

10am – 1pm @STATE CAPITOL SACRAMENTO

Students, faculty, and community allies are speaking out on April 4 to fight for the additional state funding the CSU needs, fight the student tuition increase, and put California on a path to free higher education. For years, Gov. Jerry Brown and lawmakers have shortchanged the CSU. We say #FreeTheCSU and #FundTheDream!

Join with us to **#FreeTheCSU from student fee increases**, racism and discrimination, threats to academic freedom, corporatization of the public university, and fear of deportation amongst undocumented students, faculty, and staff.
