PUBLIC SPEAKERS

Andrew

Andrew Flores from SQE shared concerns regarding the CSU BOT vote to approve a 3% increase for administrative salaries. He further shared statistics regarding adjustments over the last 10 years. Flores encouraged the Board to reach out to CSSA to implement initiatives to stop the CSU/BOT from making huge changes to important issues like salary adjustments, when students are not active on campus.

Drew Wiley, Director from Leader and Program Development provided information regarding the upcoming All Day ASI event. He shared that this is the second annual event which has a purpose to expose students to ASI programs, activities, and events. The day starts early, 7:30am and goes until approximately to 11:00pm. Wiley shared

that student leaders and all of ASI are asked to volunteer for the event, especially the Welcome event in the morning. We will be giving out donuts to students to say welcome and to share information for the rest of the day. The next event will be the Expo which will be held in front of the TSU. There will be an afternoon event in the Titan Bowling & Billiards area, a concert on Tuffy Lawn in the evening, and immediately following the concert, an after party in the SRC. Each event is designed to expose students to ASI activities and events. Torres will provide more information regarding the signup process for Directors. This is a great way to get out to meet students and make connections. The date is September 12th, which is the third Wednesday of the semester. Looking forward to seeing everyone at the event!

CAMP TITAN

Drew Wiley, Associate Director for Leader and Program Development, provided an overview of the goals, activities and financial information for CAMP TITAN. The report is an attachment to the minutes.

Linares asked how the money is raised for the camp. Wiley shared there are a couple of sources of income, student fees/budget process, fundraisers, fraternity/sorority life programs, coin jars located in campus convenience stores, and outside donors.

Linares asked if any child has ever been turned away due to lack of funds. Wiley shared that in the years that he has been involved he is not aware of any child being turned away due to financial hardship. However, there is a limit on bed space at the facility so there is a limit in the number of children who can attend.

Bora asked that since some children are not able to attend due to the occupancy limit has there been any consideration to giving priority to children who were not able to attend in the past. Wiley shared that they try to utilize a balanced application approval process. Unfortunately, it would be challenging to maintain a system that prioritizes children from earlier years over those who apply for the current camp.

Questions?

1. CICC Goals

- A. To further expose the organization and its purpose to College of Communications by having CICC Executive Board members attend club events. This will allow students and the university to put a face behind CICC and extend our support beyond financial sponsorship. In addition, utilizing our social media platform to connect with all students throughout our campus and give the organization by publicizing on a regular basis events and club announcements.
- B. Host a COMMunity Mixer to bridge the gap between all clubs under the CICC umbrella and build a strong student network. In hosting this kickoff event, it will give CICC the opportunity to promote its purpose and create a closer relationship with other Executive Directors. It is an advantage that allows CICC to go beyond the council and more in depth with student life.

2. Current Funding Status

- A. We are at 100% for travel
- B. We are at 100% for contracts fees and rentals

3. Budget information

- A. A Side - The expenses from A side we consider will heavily coming out from university events. PRSSA already proposed for their Kickoff event and we know the other clubs will as well.
- B. B Side - We know clubs will later be proposing for different conferences they hope to attend to only help them gain more professional experience for the real world.

**ASI VICE PRESIDENT
ANA ALDAZABAL**

I wanted to begin by reminding you all of **scholarships are now open and they close October 9th! I will be handing out handbills for you all to distribute to the funding/funded/ICC councils that you all sit on.** Also, please distribute these handbills to any groups that you all belong to on campus! Please make sure students are aware of these scholarships that ASI offers. It is one of the instant rewards we provide to students, and to many these scholarships are vital to their success or survival. Therefore, please distribute these appropriately!

I also wanted to update you all on some meetings exec and I have been having. Rebecca (CCRO) and I have been meeting with some DIRC centers to assess what needs ASI can help with; we plan to continue to set up these meeting with more resource centers. We are also still working on brainstorming the advising cabinet and SJEC commission. Like I previously said, please contact me if any of you are interested in being part of this process.

I also encourage you all to actively participate in All Day ASI and Discoverfest! I hope you all have a successful semester, I can't wait to continue to work with you all!

**ASI CHIEF GOVERNMENTAL OFFICER
MEGHAN WAYMIRE**

Welcome back friends!

I hope classes didn't hit you too hard.

One of the things I'm extremely excited to report on is the Voter Registration Coalition (VRC). The VRC, along with Lobby Corps, myself, and Josh and Ana attended some of the housing events this past weekend to register new students to vote. We got SIXTY!!! 60!!!!!! Students registered! It was extremely successful and I'm excited to send the VRC signup sheet out to other orgs and groups on campus. You can still sign up! It's low time commitment, you get volunteer hours, and more importantly it promotes civic engagement on our campus.

In Rebecca's report, she mentions some of the awesome basic needs efforts she is participating in. Lobby Corps and Environmental Sustainability have been meeting to discuss how we can incorporate legislation, CSSA, and other civic engagement in these efforts. Stay tuned for some more collaboration.

In regards to CSSA we have chosen our delegation for Chico in September. If you are interested in attending please take a couple minutes to fill out the interest form. I've only received 2 forms from BOD members! CSSA is a great opportunity to learn about statewide issues such as basic needs, environmental sustainability, and resources for marginalized communities, and so much more. It's also a great place to network with student leaders from other campuses so you can take ideas and initiatives from other CSUs and bring them here!

Thank you everyone! Best of luck this semester. Remember I'm always here as a resource and friend for y'all!

**ASI CHIEF COMMUNICATIONS OFFICER
KAETLYN HERNANDEZ**

Hello everyone and happy first week of school!

The Chief Communications Officer world is very busy, so I thought I would give you all some updates!

The first ASI podcast has been recorded and should be released at some point today. The podcast is called "Fully Informed" and will feature campus students' leaders as guests to play games for students to get to know them and give updates on their work for the students. These will be released biweekly and I will get in contact with you if you are to be a guest. The ASI Buzzfeed Quiz and Ambassador Program are still in works and you should expect an email this week regarding ambassadors. Lastly, I am working on an ASI fee transparency video with Marketing, Maisune, and Lionel to breakdown the ASI fee in a more understandable format. The Community Engagement Commission is hard at work after my meeting with the Fullerton City Mayor. They will be meeting with the City of Fullerton Parks and Recreation department to coordinate participation in our campus-hosted community clean-ups and in city events. They are also working on marketing efforts for their clean-ups. The Communications Commissions is moving towards the launch of the Why We ASI campaign, and preparing for campaigns such as A Case of the Mondays and the Angel Ticket Giveaway. We are also working with Student Life and Leadership to contact all club and organization presidents to receive meeting times and days for those who wish to have an ASI representative at their meetings at least once a month. Once that list is put together, I will be reaching out to all ASI student leaders to see who would like to help in those efforts. Lastly, Marketing is producing material that accurately showcases our new branding efforts. If you have any questions or concerns regarding Marketing, please talk to me or Scott. Thank you!

**ASI CHIEF CAMPUS RELATIONS OFFICER
REBECCA HESGARD**

Welcome back everyone!

I hope you're all finding your rhythm of the new semester. If you're not quite there yet, then I'm in that same boat with you.

To give a few updates since we last met, I have been collaborating with other student leaders (including some awesome BOD members) in reaching out to various DIRC coordinators to gather more information as to the individualized needs of the numerous communities that find their homes in those resource centers. A few notable recurring ideas that came from those meetings were: student leader office hours held in the centers (contact the coordinator of the center you are interested in visiting beforehand though!), student leader participation in ally training hosted by a few of the centers, increased attendance and engagement from student leaders at the signature events of each center (starting with their welcome back events within the next few weeks), as well as a more comprehensive financial aid literacy campaign.

Another interesting development is a large-scale basic needs campaign that is *tentatively* to be held during National Hunger and Homelessness Awareness Week from November 10-18th. As an exec team, we are looking into how we can amp up some of the events ASI is already hosting that week, including the Farmer's Market hosted by the Environmental Sustainability Commission as well as the ASI Basic Needs Drive that is headed by the Titan Pride Center. We are looking into contacting on and off-campus resources as well as speakers for an event that week, and more. Very exciting stuff!!

I am also looking forward to meeting up with Directors and TSC Trustees in the next week or so to further our sustainability discussions from the governance retreat at Cal Poly Pomona to see how we can implement all of our ideas tangibly!

If you have any questions, please don't hesitate to reach out!

Hello everyone,

Happy first week back! I just wanted to say I am so looking forward to our first Finance Committee meeting! Please make sure you have the Slack application downloaded and notifications turned on because that is how I will be checking it. At the first meeting, I will provide a brief overview and then we will discuss our goals for the year. Deserita sent out the agenda so read that too. Ana and I have been planning Executive Senate and we are having our mixer with them all this Thursday. More updates to come in next week's report.

Peace and well wishes ☺

Maria Linares, Vice Chair/Secretary:

"Greetings everyone,

I hope you all had a restful and fun Summer break. This Summer felt very short, but it was definitely one for the books.

I am extremely excited to serve as your Vice Chair/Secretary. Please know that you can always come to me with any questions, concerns, feedback, or suggestions. I am here to help **ALL OF YOU** be successful in your new roles. This past week has been very busy but also very productive. Last week, I attended the ASI Leaders and DIRC Mixer in the library. We met the Directors of each center and they gave us a tour. I encourage you all to stop by and take a look when you can. I will be posting their event flyers in the BOD room so please look out for those events. They have many events and workshops planned for this semester and the center Directors requested that our board be more present, ASI in general. Last week I volunteered to table for our CSUF Housing Opening Day Resource Fair/Move-In Day. That was a lot of fun (very hot) but fun. I was able to bond with other students and parents. I had my first committee training on Friday, to prepare me for the Governance Committee this Thursday at 2:30 pm. Please be sure to note in your calendar which committee our Chair placed you in. I posted a link on GroupMe so you all could take a look in case you had not checked your email that day. I also attended the NUFP Summer Retreat at UC Irvine this past Saturday. That was a unique experience! I will end this by reminding you all that **All Day ASI** and **Discoverfest** are around the corner. Please do your best to help with the activities that are being planned. Also, be sure to be present and on time to your council meetings and report back to the Board. If you have not taken your picture for the ASI website, please book an appointment with Roger Ta at your earliest convenience. We are missing some of you on there.

Alright, have a wonderful rest of your week team. See you all tomorrow at 1:15 pm on our Board of Directors meeting."
