Tell us about yourself (tell us about your background, your past experiences, and what makes you a good candidate for the position; include any information that you think appropriate and important for us to know): *

My name is Jennifer K Hashimoto. I am a third and fourth generation Japanese–American. I spent majority of my life in Northern California. I grew up playing basketball for about 9 years. From that experience, I learned the importance of teamwork and how it can really make or break a group of individuals working with one another. I was also involved in a few volunteer clubs like California Scholarship Federation, National Honor Society, and National Charity League. From those clubs I learned how much I enjoyed being involved in the community I am in. It allows for me to feel and connection and drives me to want to improve it. I also was able to hold a few leadership positions and was able to see the behind the scenes of what goes on when events get planned.

I moved to Southern California to attend Cal State Fullerton. It was a difficult transition to go from being in a familiar environment to somewhere no one knew who you were. I found a place to belong in the on campus club, Nikkei Student Union (NSU), a Japanese–American social and culture club. I was able to meet people who identified the way I did because at home there weren't many Japanese–Americans. After being in that club for a year, it encouraged me to want to be more involved in the club and join board. I was Treasurer for 2018–2019 school year. I was able to learn the value of communication and leadership. Communication was a very valuable aspect of the club's board. We had to learn how to connect very different–minded individuals together to make the club a success. I would say we were able to do that because I was able to see the increase in members coming out to meeting (I also was the one in charge of tracking membership). One of the things I really enjoyed about being on board was seeing friends be made out of strangers and the connections that was brought to people by being apart of NSU.

I believe I am a good candidate for a position with AICA because I see how important culture is and how it can bring a group of people together. Not everyone in NSU was from Japanese–American ancestry, but they all felt a sense of belonging within our culture. Everyone has their own story and I feel culture plays a huge part in what makes us who we are. By being able to unify people together it can allow for a better world. A lot of problems that do arise is from the misunderstanding and overgeneralization of different groups of people. I want to be part of that community to promote cross–cultural understanding of one another.

Tell us what you think the purpose of ASI Programming is and why you want to be a part of ASI leadership (tell us why you think ASI does what it does, what you hope to get out of the experience, and what you hope to learn): *

The purpose of ASI Programming is to have students become more involved with the different opportunities on campus. School provides many opportunities to bring the students together and act as one. It's the people who make up ASI that brings together people at school. I want to be part of ASI leadership because I want to be one of the people to encourage others to want to be more invested in school. At CSUF, the experience you get is based on what people are willing to put in. I want to encourage others to be apart of the team and find the value and opportunities of school, rather than just education one will receive. I hope to gain a better respect for the school and learn more about the different opportunities school does offer to the students. I hear about some events, but many of them I am unable to attend due to class. I want to learn about the other events that go on that I would be able to attend.

What ideas or opportunities do you see for collaboration within and across the different ASI Programming areas and also with other ASI groups, leaders, or departments and/or with other CSUF organizations, programs, or departments. Provide specific ideas or goals, if any. *

Some opportunities that I see for a collaboration within the CSUF departments is with the College of Humanities and Social Sciences. Many of the cultures that are in AICA can be found within that college. We could have the department talk about the opportunities they offer for the students. It also encourages students to want to be more invested by being opened up to the different possibilities they have. Culture is something that defines people and there are many people who are really interested in other people's cultures. By having some connection between the two can help out both AICA and the College of Humanities and Social Sciences.

Tell us about other commitments and involvements you have planned for summer and next school year (tell us about clubs, organizations, and campus programs you are involved with, other leadership positions you have accepted or are applying for, plans for study abroad, jobs, internships, fieldwork, etc. that will be on your plate. ASI leadership is a big commitment and we want to make sure you will have time for this involvement): *

Currently I have an internship at a hospital that will end at the end of the Fall semester. I am in charge of when I shift and can plan according to whatever my schedule may be. I am also looking for a part-time job that I would plan to keep during the school year. Over the summer, I will spend majority of my time in Fullerton. However, the training days of May 29th, May 31st - June 1st, and June 4th- 5th I will be unable to attend since that is the only time I will be able back home. I may be able to attend the training on May 28th if it ends before 16:00 (4:00 PM). I am also plan to be a full time student both semesters next year. One of my classes in the Fall semester is an internship (the one internship I am apart of wouldn't give me credit for that class), therefore I will be in taking on two internships total (class one and the one I am currently in). During the school, I will also try to attend Nikkei Student Union meeting, however it isn't a priority and will be something that I will do if I have free time. Although it may seem like I have a lot of things to balance in my schedule, one of my strengths is time management. I am very aware of the commitments I make to each of the other

activities I have and I will make sure that each of my commitments get the amount of time they deserve and dedication to be in each of them.

Association for InterCultural Awareness Application

1. In your own words, describe the purpose of AICA?

The purpose of AICA to spread awareness to the different cultures that are present on campus. Different cultures can include, but not limited to religion, race, etc. These are represented by various organizations that come together and discuss about events that are being taken place amongst them. This organization allows for the promotion of other cultures by unifying these clubs under a single roof.

2. Tell us why you think multiculturalism and diversity is important at CSUF.

Multiculturalism to me is bringing about various cultures and allowing them to all be connected to one another. This is important at CSUF because allows for various cultures to live amongst each other. People are able to gain an understanding and respect for people from various cultures. It's okay that people are different because cultures are able to look beyond there difference and live in symbiosis.

Diversity is a group of different people. At CSUF, students and faculty come from various different background. All of them have a unique history which helps influence people's culture. Having a diverse population shows that different cultures feel comfortable and safe in an environment to be themselves.

3. Tell us the type of events and/or which positions you are most interested in and why, including any relevant experience you have for these types of events or positions.

I am most interested in the position of Vice Chair. From my understanding the position of Vice Chair is a combination of what a Treasurer and a Secretary would do. I would be the person in charge of keeping track of the finances for AICA and be the one to record what is going on during the meetings. I would want to be the Vice Chair because I have had both of those board positions and have a strong understanding about how these positions work and what needs to be done in order for there to be success. This current school year (2018-2019), I was Treasurer for Nikkei Student Union (NSU), an organization affiliated with AICA. I understand how important it is to track where money is coming in and leaving an organization. I also am capable of organizing all of this information in an orderly way to see how much is being spent of different events. This current school year I also held the position of Secretary for the Intercollegiate Nikkei Council (INC), which is the organization that connects all of the NSUs in Southern California with one another. Having that position allowed me to understand how important it is to take minutes during a meeting. Minutes are something that should be reliable and provide a summarized outline of what occurred during that particular meeting. Failure to do so results in no record of what is occurred during those meeting and information will get lost.

4. Describe the ideas or goals you have for next year for the type of events or positions you are interested in.

Next year I would like for there to be more club to club interactions. This can include having clubs hold their own event brought on by AICA. Each club can be required to hold one smaller scale event each year. This will allow for other clubs to really understand a specific clubs culture and allow for different cultures to have a better understanding of one another. AICA representatives get to experience other cultures through the use of cultural presentations that are put on by each of the clubs each semester. But the knowledge gained from these presentations typically stop at the AICA representatives and don't get passed to the club itself. By having events that showcase a single culture, it will allow for people to understand that culture better.

5. Describe how you would promote the activities and events of AICA.

I find that one of the best ways to promote AICA events and activities is through the use of social media. Social media has been growing and many people actively use it. Since that is becoming a major platform amongst today's society, we should try to cater to that population. Social media companies, like Instagram and Facebook, are common amongst clubs and have been pretty effective to keep members or people who are interested in the club in the loop of what is going on. If we have accounts for the major social media platforms it will open the group of people we try to reach out to.

I am interested in these positions: Elections Director
(leave checked all that you are interested in; additional questions will appear/disappear based on selections) *

Tell us about yourself (tell us about your background, your past experiences, and what makes you a good candidate for the position; include any information that you think appropriate and important for us to know): *

My name is Khai Hoang, and I'm from Irvine, California. I grew up very fortunate, and have always been grateful to my community and schools for all the opportunities they've offered me. However, I haven't been immune to various prejudices, and so the inclusive advocacy and attitude of CSUF and ASI is extremely important to me.

In high school, I was immensely aware of the opportunities I took advantage of to excel my experience -as I've done here at CSUF- and so very early on I decided I wanted to ensure that my peers had that same opportunity, to excel in a comfortable and accepting environment.

I think I'd be a good candidate for this position because I'm thoroughly passionate about involvement in this election process. At CSUF, your ability to participate in ASI elections is not -and should never be- limited by your cultural background, your financial status, your sexual orientation, etc. The fact that this opportunity (either to run or just to vote) is open to all members of our community is something I think needs to be more openly celebrated and expressed; there are a myriad of hard-working individuals who should be further engaged with ASI. I think I have the passion and drive to help bring more people to the table, and to ensure that procedures are done properly and appropriately to accommodate all of CSUF's students.

Tell us what you think the purpose of our ASI student government is and why you want to be a part of ASI leadership (tell us why you think ASI does what it does, what you hope to get out of the experience, and what you hope to learn): *

In my view, ASI student government is an excellent tool for CSUF's diverse and unique communities to utilize to ensure they are comfortable on campus, accounted for, respected, and given the overall best Titan experience on par with their peers. In this way, ASI hosts both educational/advocacy programs and leisure/recreational programs that accommodate all students.

I've had the opportunity to be a part of the Titan community for a little over a year now, and my interactions with ASI -through members of student government, events, programs, etc.- have impacted my experience in a very positive way, and I am passionate about this chance to provide that same positive and inclusive space to my peers.

I myself will be able to grow as a leader and build strong connections, but I am most excited about being able to learn from the myriad perspectives/cultures/etc. in all my peers, who I additionally hope to promote further engagement with ASI's opportunities.

Tell us about other commitments and involvements you have planned for summer and next school year (tell us about clubs, organizations, and campus programs you are involved with, other leadership positions you have accepted or are applying for, plans for study abroad, jobs, internships, fieldwork, etc. that will be on your plate. ASI leadership is a big commitment and we want to make sure you will have time for this involvement): *

This upcoming summer I will be participating in the D.C. Scholars Program, which includes two classes and an internship in Washington D.C. I deeply care and am fascinated by the political process, and I have a desire to impact it positively to whatever degree I can. Next school year I am unsure of my other extracurricular engagements, but as of now I do not have any. ASI would be my absolute priority.

1. In your own words, describe the purpose of the Elections Team.

The purpose of the Elections Team is to ensure that during ASI elections and related procedures all individuals running for an office maintain the bylaws and compose themselves in appropriate accordance. Additionally I think the purpose of the Elections Team includes the promotion of these opportunities to the entirety of CSUF's body of students. This includes encouraging more underrepresented groups, individuals, and voices to participate (either running or voting).

2. Why is it important to promote participation in the elections process to CSUF students?

The elections process at CSUF is particularly special because participation in it is truly open to all students. There are no limitations based on socio-economic status, citizenship status, religious beliefs, sexual orientation, etc. Participating in the elections process helps students ensure that their representatives in student government will serve and accommodate the interests and needs of all students.

3. How you would direct, support, manage, and oversee the Elections team and program?

I believe that strong leadership includes listening to and learning from those you oversee. I want to have a strong relationship with the Elections team and program, that will facilitate innovative ideas and create further opportunities to utilize this ASI position to best benefit the Titan community at large. I've had experience directing peers before, and mutual respect and support in my view allows individuals to excel and perform to the best of their ability. I will be as transparent as I can, and have constant and routine communication with all relevant individuals and encourage healthy positive participation at every level.

4. Describe the ideas or goals you have for next year for the position.

I would like to make the elections process (particularly registering to be a potential candidate) more transparent and publicized, with emphasis on its availability to all students. Encouraging more individuals to run would be a beginning focus, but I'd subsequently encourage general students to look into these potential candidates and most importantly, vote. An idea I have is to host a campus wide event that would remind students to vote/participate. Aside from that, increasing social media outreach would be a great help as well.

5. Describe how you would promote the activities and events of the Elections Team.

A large part of promotions for the Elections Team could come from collaborating with other ASI groups and various organizations on campus. I am currently the treasurer for CSUF'S Resident Student Association and help represent all students housed on campus. Outreach to that group of students for their participation could come through working with RSA to help promote our activity as an Elections Team.

Across campus, it would be invaluable to host social or recreational(esque) events that also allow students to look into and learn more about the elections teams and CSUF elections in general. Starting early and emphasizing the importance of the elections process would also help encourage and build momentum, encouraging a greater percentage of the student body to participate.

- Elections Coordinator

Tell us about yourself (tell us about your background, your past experiences, and what makes you a good candidate for the position; include any information that you think appropriate and important for us to know): *

My dreams of becoming a doctor were accompanied by lemons. Not one bag or two, but mountain heaps of the yellow fruit. Becoming a doctor is difficult enough, but being a Muslim woman of color from a low-income family and achieving the same goal is going to be immensely strenuous. At first, these lemons were always an excuse lingering in the back of my head and putting the weight of the world on my shoulders as a motive to give up. The lemons, because of their colossal quantity, exonerated me from the guilt of letting go of my ambitions until one day, I made the most significant

discovery of my life. As author Elbert Hubbard once said, "when life gives you lemons, make lemonade". My purpose in life is to make lemonade and with the bulk of lemons I was given, I am not only here to serve up myself. I am utilizing and celebrating my diversity to serve the world as a doctor with sweetness that will cure the sourness I once endured.

I lived in a third world country for a substantial period of my life where citizens did not have the means to be healthy. Women and even kids suffer from curable diseases and illnesses because they cannot afford to get better. I used my privilege to help establish a free health clinic. However, in order to gain the resources and financial support necessary to accomplish this, we became a voice for the people. We advocated for their rights and expressed their concerns to the rest of the world.

My compelling interest in advancing into ASI originates from being a woman of color and having the opportunity to attend a university with values align with mine. The possibilities are endless when I am a powerful college student surrounded by a community of empowered college students. From day one of this journey, my purpose was to help people and several years later, I have not strayed further from my goal.

Tell us what you think the purpose of our ASI student government is and why you want to be a part of ASI leadership (tell us why you think ASI does what it does, what you hope to get out of the experience, and what you hope to learn): *

I believe that after my experience in ASI, I would have developed my skills in leadership, communication and promotion. As a student at Cal State Fullerton, I was able to witness the many ways ASI promotes the core values of CSUF. I also experienced firsthand how ASI supports student organizations and their activities. These organizations rely on ASI for resources and assistance that is vital to their functions. Lastly, I noticed the many ways that ASI has supported the development of the community spirit as well as found ways to increase student involvement on campus.

1. I believe the purpose of the elections team is to provide the resources and supports necessary to those interested in running for student government so that there is a smooth operation. I also believe that the elections team is responsible for implementing the articles of governance to maintain fairness during elections. Additionally, the elections team must utilize creative strategies to promote elections on campus. Lastly, the elections team plays a role in promoting diversity and participation in the election process.
2. The student government is the student's representation on campus. Promoting participation in the elections process is vital because it gives students the opportunity to have their voices heard and understand that their voice matters. Additionally, students will be given the platform to voice their opinions and concerns and find a candidate that advocates the issues that are important to them if the elections team is successful in promoting elections. There are many issues that will never be fixed or addressed if students aren't given the opportunity to discuss them.
3. In order to direct the elections team and programs, I would use the trainings and the knowledge I would've gained from ASI retreats to organize elections. When supporting running candidates, I will ensure that I am clear in the requirements of elections so that they are fully prepared, and their success is maximized. I would oversee the elections team and program in a professional matter to ensure that the laws of ASI are followed and the entire process is fair.
4. A goal I have is to increase the number of students running for positions. This will also increase the diversity of the student government. I will accomplish this by emphasizing that student government positions are open to any student that desires to support students. There is a misconception that one must have had previous experiences or is a political science major. I can help defeat this misconception by educating students on the different positions available and the steps necessary to achieve positions they desire.
5. To promote the activities of the elections team I would create a newsletter that updates students on many important details such as deadlines. I would also create brochures that are comprehensive and easy to read. Additionally, I would use social media platforms to make connections with students and answer questions.

1. In your own words, describe the purpose of the Elections Team.

The purpose of the Elections Team is to encourage student involvement in voting, following of campaign guidelines by candidates, and to plan events to showcase candidates to students.

2. Why is it important to promote participation in the elections process to CSUF students?

It is important to get more students involved in elections because everyone has an idea about how they feel about the school and what they think should be changed. These students deserve to know that they can actually get real change by participating in the ASI elections.

3. Why are you interested in this position, including any relevant experience you have for this type of position?

I am interested in this position because it was recommended to me by friends that are very involved in ASI. Participating and campaigning in the election last year was very fun and I think it will be an interesting position to have. I do not have any direct experience in elections but I have been to many ASI run events and I volunteered at Camp Titan this summer.

4. Describe the ideas or goals you have for the next year, in regards to the Elections Team?

My goal if I was able to be on the elections team would be to have the highest voter turnout ever at Cal State Fullerton.

5. Describe how you would promote the activities and events of the Elections

Team.

To promote elections events, I would have more posts on ASI social media, have posters around campus promoting events, and I would have tabling on the Titan Walk during elections to increase voter turnout.

Board of Directors
Executive Officers Report

PRESIDENT

AARON AGUILAR

Happy last day of September, I truly hope it was one to remember! This past week involved meetings with the Information Technology Advisory Committee, Alumni Association, and Homecoming, as well as meetings involving basic needs and Title IX with Sarah Bauer and Dr. Vigil. Several developments were discussed across all of these areas, but I'd like to highlight a few matters of interest:

- The division of Information Technology is currently working to transition all students over to Outlook (easier for calendaring, professional development use, etc.) beginning with the incoming class of Fall 2020.
- The Alumni Association Board of Directors will be dividing into three different strike forces to best implement the three goals of their 2019-2023 strategic plan. I am delighted to share that the strategies of these goals (increasing alumni engagement in relevant programs, providing avenues to express addinity through philanthropy, and developing one signature program to positively impact student success) seems amazingly aligned with our idea for a Basic Needs gala next semester to bring awareness and philanthropic help to students' basic needs while providing an opportunity for alumni and students to connect. Upon sharing this idea with the board, there seemed to be some clear excitement, I am thrilled to see future developments as we begin to meet as individual strike forces. If this opportunity to develop this spectacular signature event stands out to you, let's converse!
- Homecoming currently has plans to include both Inter Club Councils and a fair atmosphere to the pre-game celebrations along with an In-N-Out truck, giveaways, and other musical entertainment; many reasons to look forward to November!
- Lastly, our meetings with Sarah Bauer and Dr. Vigil established Mansi's brilliant idea for a Take Back the Night event on campus next semester as well as the university's plans to host a Safety Town Hall sometime soon in the future to assist our campus community in feeling more safe and secure on our campus once again.

In addition to those exciting updates, I look forward to seeing you all at our very first Town Hall of the year this Wednesday and hope you all have a fantastic first week of October! As always, feel free to reach out if you have any questions or concerns, or even would love to partner on some of the previously mentioned projects! Tusks Up! :)

VICE PRESIDENT

MANSI KALRA

Hi everyone. This past week programming held its first Speak Yo Truth night of the year! It was a really successful night and I highly encourage you all to attend the next one in October which will be in collaboration with the LGBT resource center. AICA hosted Multicultural Fest and it was great to see a variety of our cultural clubs at the event. TTF held their first tailgate of the semester on Friday as well. All of our programmers have been super busy and I hope that you all show them support and attend their events. I couldn't be more proud of everything programming has been up to this year.

Aaron, Monica and I had a meeting with Dr. Vigil, Carmen Curiel, and Hallie Hunt regarding basic needs and Tuffys Basic Needs Center. It was really informative and we spoke about further logistics for our pantry including staffing, intake systems, and opportunities for collaboration between us and the center for the remainder of the year. It was really productive and I'm looking forward to seeing how our relationship with the university continues to build going forward.

I had my first meeting as a member of the Mental Health Committee. We spoke about a new app that the Chancellor's Office will be piloting at our school that provides several different and individualized resources for students. I really liked the app and we will be speaking more about making sure that it fits the needs of our students and is marketed effectively.

I also had a meeting with Sarah Bauer from the Title IX office. We spoke about bringing back the Its on Us campaign about preventing sexual assault and violence on campus. I'm really passionate about this issue and our exec team will be speaking about planning the campaign. If anyone is interested in helping please reach out!

CHIEF CAMPUS RELATIONS OFFICER

CLAIRE JENKINS

Hello everyone. I hope the semester is going well for you all!

Here are some updates:

1. The Environmental Sustainability Commission is having their second meeting this week in Kyle O'Brien! They plan on discussing the ideas ESC has for the semester, such as Sustainability Week (which is next month) and their beach clean up. Please stop by: Wednesday, October 2nd, from 4:30-5:30

2. Presidential Appointee Commission: please come see me or email me if you are interested in serving on committees. It is also crucial that you reach out to your ICC's for students, as many committees meet during the designated time for BOD (making us unavailable) and MUST be filled.

3. University Affairs Commission has been working on the Wellness fair and plans to work with CAPS. We will be handing out handbills today related to mental health awareness!

4. Academic Senate: Last week, a special meeting of the Academic Senate was called to discuss a bill going through the CA legislature related to an Ethnic Studies Requirement. I encourage all of you to speak with Lorren and I so that we can hear your opinions on the matter and that of your ICC's. Largely, the question is how to structure the requirement, how narrow or broad it should be, and whether it should be apart of GE or stand alone. I also think that it is important to consider campuses individually because of changing demographics.

Let us know, as our recommendations will be sent to the State Academic Senate.

CHIEF COMMUNICATIONS OFFICER

ISAAC GONZALEZ

Hello everyone. It is Town Hall week!!

The first Town Hall of the year is this Wednesday! Please share with as many students as you can. We are here to serve students and we have to listen to them to do so. The Communications Commission and I tabled last week to collect prewritten questions and cannot wait to hear what students at the event will ask. I have also talked to Lorren about having either an information or discussion item at the board meeting after the Town Hall to keep you all in the loop of what concerns and questions students brought up.

We are recording two Fully Informed episodes this week. We are recording episode 3 with Mel Medaris, the Street Team and TTF director, and we are also recording episode 4 with Fram Virjee and Aaron Aguilar as our guests. We are transforming the traditional "Ask the Presidents" videos that were done with the University and ASI Presidents into this special Fully Informed episode.

The Community Engagement Commission interacted with many people at last week's CSUF themed Fullerton Night Market. They are now preparing for their first campus cleanup which will occur this Friday, October 4th at 10 AM. As a group, volunteers will walk a lap around campus cleaning up trash they find along the way. If you are interested in volunteering, you can sign up here: http://fullerton.qualtrics.com/jfe/form/SV_egqnHfEvNYCJIZ.

The first Direct from the Board episode is complete and awaiting approval. I am now working with our next guests to prepare for episode 2 which will release at the end of October. This video series is here to recap what you all do as a board, so if you have any feedback from our first episode, please let me know

CHIEF GOVERNMENTAL OFFICER

TORI HUST

Lobby Corps:

- National Voter Registration Day was a blast last week! We were able to get a few students registered to vote!
- Next commission meeting will be held this Wednesday from 4-5pm in Gabrielino! We will be discussing Voter Registration, and the CSU Board of Trustees.
- Handbills are in the process of being finalized!
- This week, I will be working with Isaac to make commissions more accessible through the ASI Website!
- I, and potentially some of the Lobby Corps Coordinators will be attending the Orange County and OC Department of Education Census Roundtable for Higher Ed on Friday.

CSSA:

- Thank you to everyone who applied for the October Plenary meeting. I look forward to more applications for the future CSSA's. Reminder, you can apply to your top three plenary meetings at the following link: <https://asicsuf.wufoo.com/forms/cssa-20192020-meetings-csuf-team/>.
- The presentation that I give to Board of Directors Today, will be provided to the Board of Trustees on October 9th.

Events:

- Debate Watch Party on Tuesday October 15th

CHIEF INCLUSION & DIVERSITY OFFICER
MONICA MORALES-GARCIA

Happy week 6! I imagine some folx have started to have exams, and the busy work of the semester has finally set in! Please take care, cold and flu season is coming upon us.

A reminder, this Wednesday SJEC meetings will be happening in the Leg. Chambers 2 at 2:30-3:30. Giulia will be facilitating a great discussion on Social Justice movements that take place online. Additionally, we'll be discussing what is performative social justice? When does it become preformative? What are those lines, and are they as black and white as we think? I hope some of yall get to come and enjoy this discussion with us!

Some highlights from last week include my meeting with Bobby Porter, and my meeting with the DIRC Director Dr. Sofie Leon!

Lastly, I'd like to announce my collaboration with DSS, October 10th we will be having a writing workshop! Please stop by, it will be on the first floor of Gordon Hall 148B 1:30-2:30pm!

Have a beautiful week!

Academic Senate Chair's Report to ASI

October 1, 2019

The primary focus for late September and the whole month of October of this year for the CSUF Academic Senate is on the proposal for an **ethnic studies requirement for the whole of CSU**, all 23 campuses. The overall process is quite complex, involving the:

- Chancellor's Office of the CSU (CO),
- Board of Trustees of the CSU (BoT),
- the Academic Senate of the CSU (ASCSU),
- California Legislature,
- existing campus requirements concerning or related to ethnic or cultural studies,
- moving landscape of our understanding of United States history,
- people of California,
- students within the CSU and at CSUF,
- the Academic Senate of CSUF, and
- the California Faculty Association (CFA), the faculty union.

The key players are Assemblywoman Weber (San Diego), formerly a faculty member at SDSU, the CFA, and the CO (and BoT). The ASCSU and our own Senate seem "stuck" in the middle. I'll provide a very brief explanation.

In February of this year, Assemblywoman Weber introduced a bill, [AB-1460](#) requiring the CSU to implement an Ethnic Studies requirement, also sponsored by the CFA. The intent of the bill is laudable and most likely supported in some version by students, faculty and administration of the CSU. The difficulties facing the bill and/or its implementation are many, and I will highlight just one. The CSU argues that State Law should not be mandating curriculum, and that faculty should be the originators of curriculum, along with students, the CO and the BoT playing important roles.

The ASCSU is the only "body" within the whole CSU which has any legitimate claim to design curriculum that would apply to all individual campuses (e.g., graduation requirements), though again, the CO and the BoT have important roles. The ASCSU includes 2-3 **faculty** Senators from all 23 campuses, with about 50 Senators total. At CSUF, Professors Stephen Stambough, Irene Matz and I are the ASCSU Senators. We represent CSUF at the ASCSU; and ASCSU meets five times a year (typically 3 whole days each time) and is guided by an Executive Board.

ASCSU's first meeting this was held from September 18-20, and during that meeting we passed a resolution concerning an ethnic studies requirement for the ASCSU. The resolution requested that each CSU campus provide "feedback" about a CSU ethnic studies requirement to the ASCSU by November 1, 2019.

The main part of the resolution is:

Towards Implementation of an Ethnic Studies System Requirement (Partial):

RESOLVED: That the Academic Senate of the California State University (ASCSU) explore with the campuses an ethnic studies requirement that each CSU baccalaureate graduate shall meet, with parameters determined by the ASCSU after seeking guidance from the CSU Council on Ethnic Studies and the 23 CSU campus senates. Such guidance, to be received by November 1, 2019, shall include reflections on:

- a. Considering the CSU Task Force on the Advancement of Ethnic Studies Report and campus context, “What learning outcomes specific to ethnic studies as derived from current best practices and definitions of ethnic studies are to be included?”
- b. Consideration of the tradeoff in having the ethnic studies requirement as a stand-alone graduation requirement versus as a required GE overlay (e.g., separately, within the major, or upper- or lower-division GE or parts of both?).
- c. Should implementation allow for campus-specific additions to the requirement (consistent with the spirit of requirement)?
- d. What best practices should be encouraged for campuses to adopt in their course evaluation and approval processes for meeting the learning outcomes specific to ethnic studies in order to maximize consistency and integrity of the requirement?
- e. What would be the earliest feasible and appropriate date for implementation?

The complete **resolution** can be found on the website of the ASCSU (sort by Date and you should be able to find it): [Towards Implementation of an Ethnic Studies System Requirement](#) .

Last week the CSUF Academic Senate held a Special Meeting to begin our discussion of our response/feedback to the five main points/questions/prompts (a–e) above. About 100 people attended, included most of the CSUF Senators, students, other faculty, and administrators. No decisions were made. The current plans are to:

- survey campus about “our” responses to those five prompts, presumably during the second week of October,
- hold a second Special Meeting of the CSUF Academic Senate in order to arrive at the responses from our campus to the ASCSU.

Once the campuses respond to the ASCSU, that Senate will debate the formation of an ethnic studies requirement, presumably create a resolution with appropriate details, and then submit that resolution to the CO. After that, faculty and students more or less “wait” to see what the CO and BoT will do. There can be discussion, negotiation, additional consolation with a wide variety of groups (including the CSSA and the State Legislators). But mostly, at that point in time, the final decision about any CSU system wide requirement lies with them, the CO and the BoT.

If you (ASI), or any group of students, or individual students have opinions about a system wide ethnic studies requirement, you have two Senators on the CSUF Academics Senate who vote, you have the CSSA, and you can communicate with your State Legislators. I encourage you to make your views known. There is no guarantee that any particular “position” will prevail, but whatever ends up happening, our goal should be to uphold the democratic processes with have in place, engage in healthy and respectful debate, and trust in collegial governance.

Please note that I am happy to meet with any of the ASI student leaders about any topic or issue. The CSUF Academic Senate website, <http://www.fullerton.edu/senate>, is available for information and reference.

CHAIR, VICE CHAIR & TREASURER/SECRETARY REPORT

October 1, 2019

Brittany Cook, Treasurer/Secretary:

Hello all!

- **Finance Committee**
 - We reviewed the updated timeline for budget season, etc.
 - We also had a productive discussion about what we want to see from budget presentations as well as a bit about student organizations who come to us requesting contingency funding.
 - Next week, we'll be reviewing some actual numbers of each of the funding/funded council's budget for 2019-2020, as well as their historical spending from the last four years.
- **Executive Senate**
 - Last week we had many more of our councils present (Tuesdays work best for a majority of them). Like our last meeting, we did introductions and gathered feedback from what they would like to see. This group seems just a eager and proactive to collaborate! I saw exchanging of contact information!
 - We have been collecting up-to-date meeting times from them as well. Also they're social media pages.
 - I'd like to share this all with you soon so that you all can follow them if you'd like. Hopefully I can put this together for you all by this week. :)

Happy Spooky Month!

Brittany

Maria Linares, Vice Chair/Secretary:

Greetings ASI,

I hope you all had a great weekend!

Governance

◆ Last week, we continued discussing passed resolutions. We also reviewed resolutions which established student leadership award model for funded/funding councils of the ASI executive senate

◆ This week, Governance will receive resolution training by Asha

I think this will be helpful for many of you. You are **always welcome to attend** and sit in the gallery.

Meetings/Events last week:

- Speak Yo Truth
- ASI Executive Senate
- AICA tabling: passed out vegan conchas

RESOLVED, that ASI will encourage social justice-oriented campaigns and seek out and advocate for CSUF students who report inequities and forms of systematic discrimination in order to find adequate solutions

Informational:

◆ Over the weekend I sent out a dissertation which focuses on food insecurities within the CSU. It is very recent, and the research was conducted by one of our very own Assistant Deans: Connie Moreno-Yamashiro. I will post the link within this report. I encourage you all to check it out. If you are not able to view the document, please let me know and I will email it to you.

Lorren Baker, Board Chair:

Happy spooky season!

Academic Senate will be going over a GE change for the next month. We had a special meeting about the change being mandated for Ethnic Studies. This change will effect all 23 CSU's, so we will be working on what we think will be the best solution for our school. Something very similar to this happened last year to all the CSU's which really affected our history department. During the meeting I advocated that SWANA should we come to centered as an additional group referenced, for transfer students, and for high unit majors such as BFA art students and engineering. Additionally, I asked for us to allow the ethnic studies department to lend more insight and have more stake in the conversation as it will be affecting them the most.

Board of Trustees also went to CAPS this week. They went over proposals - this is like our resolutions.

Keep on your radar that I will be arranging two-one meetings with you and your co within the next month. This will be casual so I can see how school is going, to see how your initiatives in ASI are going - if there's anything I can help you with, and to catch up. Till then please reach out with any questions, comments, or concerns.

Warmly,

Lorren
