CALIFORNIA STATE UNIVERSITY, FULLERTON™

TITAN STUDENT CENTERS BOARD OF TRUSTEES PROPOSAL

Allocate \$1,241,500 for 2021 capital projects and purchases

PRESENTED TO: Titan Student Centers Board of Trustees, Facilities Committee

MEETING DATE: Wednesday, February 17, 2021

PRESENTED BY: Shayan Shabak, Vice Chair of the TSCBOT Facilities Committee
Drew Wiley, Director, ASI Leader and Program Development
Aaron Tapper, Director, Titan Recreation
Jeff Fehr, Associate Director, Titan Student Union

BACKGROUND

As directed by California Education Code, CSU Chancellor's Office Executive Order, and System-wide Revenue Bond Requirements, ASI is required to maintain and reinvest in Titan Student Union and Student Recreation Center facilities and equipment. Annually, the Titan Student Centers Board of Trustees utilizes existing reserve funds for this reinvestment. This year, ASI management has determined that \$1,241,500 from Titan Student Centers reserves can be used to fund the projects outlined in the attached proposals.

PROPOSAL

Allocate \$1,241,500 from the Titan Student Centers reserve funds for the projects outlined in the attached proposals.

RATIONALE

Reinvestment in Titan Student Union and Student Recreation Center facilities improves services and programs for the CSUF student body, increases facility use and flexibility, and addresses appearance and safety issues within ASI facilities.

IMPACT

Impact on students, programs and services varies by item. Information is contained on the cover sheet for each item.

BUDGET IMPACT

Titan Student Centers reserve funds will be depleted in the amount expended, not to exceed the total amount approved.

IMPLEMENTATION TIMELINE

Approved purchases and projects may be started upon final approval and completed by the end of the 2021-2022 fiscal year. If unavoidable delays occur, funds remain available for approved projects for not more than three fiscal years from date of approval.

What do you believe is the role of ASI on our campus and how does that role relate to this position? *	I believe that our elected leaders of ASI are the voice of us, the students. They represent us, the students. And as a Titan Student Centers Board of Trustees candidate I hope to fill this position to broaden my experience so that I can serve my campus and most importantly serve my peers.
--	---

Why are you applying to the Titan Student Centers Board of Trustees? What do you hope to accomplish and/or get out of the experience? *	I expect to learn and grow from this experience. As a proud Titan who came to this campus as a transfer student I made it my mission to make CSUF my home by getting involved as much as I could in extracurricular activities in order to make my campus a better place and contribute to my campus. I am applying to this position because I want to continue to serve my campus and remain rooted and connected with my campus and ultimately serve my Titan family!
---	---

Are you available from 1:30pm–4:30pm on Wednesdays from when you are appointed until the end of the term? *	Yes
---	-----

Please state any other information that you believe should be considered in this application. *

My first semester at CSUF I immediately embraced what it means to be a TITAN! I got involved in student organizations and executive board positions by sitting on an inter-club council representative position for the council of H&SS. It is my second year at CSUF and I remain committed to being involved with my campus and filling my life moments by creating that Titan experience. I am involved in multiple student organizations on campus. I share this to say that serving my campus as well as serving and representing my peers is something that I am passionate about. I thank you committee for considering my application!

What do you believe is the role of ASI on our campus and how does that role relate to this position? *

ASI is the collective voice for students on campus to make crucial decisions that impact all students ranging from social, cultural, and economical. While faculty is in charge of running the school as a whole, ASI allows a bridge between what goes on behind the scenes to that of student desires. The Board of Trustees oversees any changes being made to the student recreational center and the Titan student union. Their goal is to ensure that the new changes will align with what students hope to see. The costs related to these changes affects a budget, therefore, the benefits must outweigh the costs in the eyes of the students. It is important for students to fill this role because it allows for direct communication with students and the general student body is more likely to engage with other students rather than faculty they may not have met. The Board of Trustees allows the right amount of student touch in facilities that carry a heavy impact on the day-to-day quality of student life on campus.

Why are you applying to the Titan Student Centers Board of Trustees? What do you hope to accomplish and/or get out of the experience? *

Our cultures, age demographics, and fields of study are ever-changing and always increasing in variation. As a Trustee, my main two goals will be increasing engagement with our community and creating policies to ensure every student and faculty member feels accommodated. The best way to de-stress and socialize on campus is working out at the Student Recreation Center or grabbing a bite at the Titan Student Union. This is why it is crucial that we have the best students on campus leading the approval of policy changes for the SRC and TSU that work for everyone. As someone who enjoys connecting with his community, and an avid user of both facilities, I will make it my top priorities to reach out to individuals from every background and get the most feedback possible in order to improve these facilities and better unify our campus. My plan of action for outreach is to utilize online media, polls, and communicating with my fellow board of trustees on a routine-basis to minimize individuals not being accommodated. Lastly, I want to lead with integrity and transparency. I feel that some students may be feeling ignored by the school and our community, and I want to make it clear to those students that their voice will be heard with our board. It's important that students understand they do have a say in their community in order to build their confidence and better unite all of us. From student to faculty alike, I will make it my responsibility to engage and make a better community for all of us.

Are you available from 1:30pm-4:30pm on

Yes

Wednesdays from when you are appointed until the end of the term *

Please state any other information that you believe should be considered in this application. *

I'm someone always looking for ways to become involved and give back within my community. I volunteer my time with after school programs in low-income communities, I'm a board member in Center for Leadership, writing consultant for Titan Talks, and as well as a student in Business Honors. I'm proactive not only with my community, but as well as myself. In my free time I enjoy reading personal-success books, working out, and going on morning runs with my pet husky. I love my school and all it has to offer, and will be committed in doing my absolute best knowing it will directly affect thousands of other students. I'm looking forward to working with a team of high-driven individuals and making this campus run more smoothly together.

What do you believe is the role of ASI on our campus and how does that role relate to this position? *

ASI's purpose is to serve all the CSUF students on campus, giving them the right resources to succeed in their collegiate careers and have the best possible experience during their time at CSUF. So within ASI, there's the staff and the student government, and the Board of Trustees is a branch of that student government. With the Board of Directors representing each college, Board of Trustees represents ALL students of CSUF, overseeing TSC Operations and Facilities. With these committees, Board of Trustees is able to make changes to on-campus facilities like the TSU or SRC and approve the budgets/projects such as the Food Pantry. With these duties, the Board of Trustees has the ability to make the appropriate changes (within reason) to help benefit the students at CSUF.

Why are you applying to the Titan Student Centers Board of Trustees? What do you hope to accomplish and/or get out of the experience? *

This past semester, I had the opportunity to be the student representative on the Dean Search Committee for my college. After interviewing candidates and being a part of the hiring discussion, it showed me the impact of my voice as a representative for CBE and how I could use it to speak up for other students. I was interested in applying for Board of Trustees because this would give me a chance to impact the entire university overall. I've been involved throughout my undergraduate career with my business fraternity (Delta Sigma Pi), Business Honors, Center for Leadership, and the Business Inter-Club Council Executive Board (as Vice President of Programs), so mainly within CBE. However, I've always wanted to be involved with ASI, specifically Board of Trustees, to see more of the overall campus operations and facilities. Although we're not back on campus yet, I think this semester gives us the opportunity to make the right preparations for if we do go back in-person in the fall and ensuring that the right safety precautions are in place.

Are you available from 1:30pm-4:30pm on Yes

Wednesdays from when you are appointed until the end of the term *

Please state any other information that you believe should be considered in this application. *

With my broad outreach within Delta Sigma Pi, Business Honors, the Business Inter-club Council, and even my different classes, I hope that I'll be able to be a voice for the students and help bring the necessary changes that I'll benefit all the students in the University. Through the positions I've held during my undergraduate career, I've had experience leading teams and working with people of all different backgrounds. I'd like to say I'm someone who takes initiative, even by

reaching out to apply for Board of Trustees when I saw an opening on the ASI website. Even though we only have a few months left of the school year, I hope I can be a valuable asset to Board of Trustees if selected.

ASI Environmental Sustainability Commission

For the Environmental Sustainability Commission, we are currently planning to create and schedule content in relation to sustainable practices, targeted to students. Mediums are mainly Instagram main feed posts and IGTV videos. We will be sourcing our facts and information from trusted and reliable sources. We are planning to have an earth hour event and collaborate with SJEC and Programming for some virtual programming. Additionally, we are looking into opportunity drawings via Instagram during virtual programming/panels. Our long-term goals for the semester are to continue creating educational content for students and create engagement via Instagram. Since the nature of environmental sustainability activities are mainly outdoors, we do not have events scheduled.

Thank you for your time!

Goals for my council

The main short term goal for my council is to encourage the clubs to request more proposals for 8074 and 8077 funding. Although the clubs and their representatives seem a little reserved and intimidated by the process, I am doing my best to encourage them to propose for funding. A change that I implemented in my council was creating a Powerpoint that acts as a step-by-step tutorial for how the 8074 and 8077 proposals work. In my powerpoint, I generated a list of items that can and cannot be funding during the academic year of 2020-2021. I also included screenshots of a completed example of the paperworks and hyperlinked all the important documents needed. Finally, I am hosting 1-on-1 Zoom meetings with those who are inquiring about funding requests or responding to emails with the proper 8074/8077 presentations and checklists in a timely manner.

Reviewing the 2019-2020 Budget Tracker for HHD-ICC, the council only spent 14% of their total budget. My goal, by the end of the fall semester, I would like to utilize at least 30% of our 8077 budget. One way to achieve this goal is to share a compilation list of conferences that previous students have attended and received funding through the ICC and ASI. This list may encourage students to propose for more 8077 funding because of the fact that previous students were able to receive funding to pay for any registration fees. Another way to achieve this goal is to share any new conferences I learn about during my board report at our council's weekly meetings.

When it comes to 8074 funding, I will encourage our council to stick to requesting funding for any guest speaker fees, "Thank You" gifts, and electronic gift cards, as per the resolution passed by ASI a few weeks ago. I will collaborate with the ICC representatives and

their clubs to come up with creative methods in determining methods to distribute the gift cards.

The long term goals for my council are to utilize all of our budget for both 8074 and 8077 funding for the 2020-2021 fiscal year, to host our HHD Week that we didn't have last year, and to recruit prospective executive board members for next academic year 2021-2022. I chose these specific goals because I would like to want the College of Health and Human Development, ASI, and HHD-ICC to have more presentations on campus and in the communities around us.

One of my main goals as the Vice Chair of Finance is hopefully to use all our 8074 and 8077 budget for the 2020-2021 fiscal year. Reviewing past ICC spending history, our council has never utilized all or most of our budget; this year, I would like to change that and hopefully create a more fluid system that can encourage clubs and ICC reps to present and mindfully spend our budget.

Because of the Coronavirus, our council had to cancel our HHD Week 2020 that our Director of Event planner and clubs have spent months on planning. I would love to support our current Director of Event planning and host a successful Virtual HHD Week 2021. We have a couple events lined up such as a Drag Show and Yoga session with the instructor from the SRC. We hope that these events will be fun and bring a little joy to our college during these hard times. Our council strives to create an inclusive environment and through these events and others we can create a welcoming environment where any student feels comfortable.

Current Funding Status

Currently, the HHD-ICC has only spent \$30 of our A side budget. The \$30 were spent on getting gift cards to reward the winners of the Kahoot game that the Vice Chair hosted as a review game after the doing a 8074, a 8077, and a review of 8074/8077 presentations throughout the month of September. For the rest of the A side budget, we are currently thinking about investing in getting t-shirts for the Executive Board and the council to wear during our HHD week event. We are also reserving a majority of our A Side budget for our HHD Week that we are hosting in the Spring semester.

When it comes to our B Side budget, we currently have one approved 8077 proposal and two 8077 proposals which were planned for presentation on October 16th. The first approved 8077 proposal is for OTAC 2020: Annual Conference & Expo: Continuing Education (Virtual). It is held on October 8th through 11th, and the registration fee for the conference was \$169 which was attended by Rebecca Yoon. The second conference is Association for Applied Sport Psychology that was held on October 21st through the 25th, and the registration fee for the conference was \$49 which was attended by eleven members from the Sport Psychology Club. The third conference is American Public Health Association that was held on October 27th. For this conference, our student Arriel Alvarez presented her virtual poster presentation about how the 2008 California Wildfire affected the birth weight. I also had the Nursing Student Association's (NSA) ICC rep inquiring about getting funding for getting "Thank you" gifts for their guest speakers for the next general meeting which was held on October 13th.

Events

The following Fall events were already hosted by the different clubs from our council, and they all met virtually on Zoom. Our Human Service Student Association (HSSA) held a game

night on September 16th from 7 PM to 8:30 PM. Our Graduate Counseling Student Association (GCSA) hosted an APA 7th edition workshop on September 25 from 2 PM to 3:30 PM. This workshop was held virtually, and attendees had to RSVP via Linktree. Our Best Buddies also hosted their first social meeting on September 25th from 2:10 to 4 PM via Zoom. They had two vacant spots for their E-Board, however, after their event, they were able to fill the spots. I believe that their event was a success. Our GCSA hosted a Black Mental Health Workshop on September 26th from 10 AM to 11 AM. This workshop was held virtual, and they had to RSVP via Eventbrite. Our Active Mind (AM) hosted an suicidal awareness event on September 29th from 10-12pm, and their ICC rep has shared that the event went well. Our Chi Sigma Iota (CSI) hosted a virtual movie night that honored the late Ruth Bader Ginsberg on October 2nd at 7:30 pm.

The following Spring events are being hosted in the month of March by our clubs in our council. As a council we focus on preparing for HHD Week and making sure our representatives host virtual events during the week from march 22nd-march 26th. On Monday march 22nd we have a yoga session starting at 10am (Zoom ID is 411 124 7149). Our organizations: titan well and Active minds are hosting a mental health workshop at 1pm (Zoom ID is 841 1281 8053). On tuesday march 23rd our HHD student success center will be hosting a workshop that discusses good study habits and tips from 10:30am-11:30am (Zoom ID is 812 9909 0365). On that same day, a Best Buddies ambassador from the international program will speak on how the Best buddies clubs provide a kind environment for all people (Zoom ID: 857 7813 3844). There are many events that are being hosted during this week from our organizations within our council.

Please check out our public instagram page at “HHDICC” for more posts about the events coming up!

Meetings

Our ICC will be holding our meetings on Friday’s from 10 AM to 11:30 AM. The Zoom link for the council meeting is 882 0100 5536. The password is 114256.

Social Justice & Equity Commission

Goals:

The Social Justice & Equity Commission (SJEC) was created when the position of Chief Inclusion & Diversity Officer (CIDO) was created in ASI to better serve, advocate, and uplift communities historically marginalized by society and within the structures of higher education and the university, along with those communities in collaboration and self-agency.

As part of the mission to promote social justice initiatives, empower students through political education and critical conversations, and establish trust and relationships with campus communities, SJEC goal has been to create spaces for meaningful dialogue and exchange on relevant social justice topics and programming that empowers students to feel seen, heard, and affirmed in their identities and experiences.

Funding Status:

SJEC is a commission in ASI with a budget of \$2,300

Fall saw us not touching the budget, as our programs were put on by the SJEC team without the need for funding.

Spring programming ramped up when CIDO was invited to serve on the Black History Month Planning Committee and SJEC put together Angela Davis Tried To Warn Us and Who Gets To Tell Our Stories. SJEC used funds to book president of the National Association of Black Journalists Tre'vell Anderson, and pay for the transcription of the archival footage of Angela Davis' 1972 speech so the event would be accessible. SJEC is also using funding to book interdisciplinary artist D. Hill for an event for Social Justice Week called Remove The Noose By All Means Necessary.

Fall 2020 Events:

Introducing SJEC, September 30:

Last fall, SJEC held two general meetings. The first was an introduction on that served as a space to rebuild trust with ASI and the CIDO position and create a sense of community and belonging. We feel SJEC accomplished this goal with the feedback from folks who attended during and after the meeting.

Beyond Civic Engagement: Furthering Allyship & Utilizing Your Privilege, October 28:

Our second meeting uplifted ways to civically engage through other avenues outside of the State such as mutual aid and protests. The meeting also addressed the exclusive language surrounding the elections and the discourse of engagement, as well as

reframing the use your voting privilege towards allyship with folks denied participation in the election process.

Spring 2021 Events:

Angela Davis Tried To Warn Us, February 12:

Inspired by Tusk Black Voices columnist Darius Faulk's article of the same title, the event revisited Angela Davis' 1972 speech at CSUF that is still so relevant today and featured African American Studies professor Dr. Mei-Ling Malone and Darius Faulk as moderators. The event was well-attended with over 160+ folks before getting zoom bombed. Despite the disruption, the event proceeded with success to its mission to affirm students in self-love and resistance.

Who Gets To Tell Our Stories, February 24:

SJEC collaborated with the National Association of Black Journalists, CSUF chapter (NABJ-CSUF), and brought in the president of NABJ Los Angeles chapter, Tre'vell Anderson on the topic of Black voices in the media and the power of telling our stories for collective cultural transformation. The event featured a mini presentation from Anderson and critically examined media narrative of Black stories and queer and trans communities. Over 30 folks attended and expressed their appreciation of the timely and critical conversation that empowered and asked students how they plan to write themselves into history.

Spring 2021 Upcoming Events:

Faculty & Student Solidarity Roundtable, Social Justice Week, March 17:

Description: Join in a roundtable discussion with student activists from ASI and SQE (Students for Quality Education) and faculty from the Women, Gender & Queer Studies Department on how we can work together and support each other's efforts to create crucial and compassionate change on campus. ASL interpreters will be available at the event.

Speakers/presenters: Dr. Rebecca Dolhinow, Dr. Tala Khanmalek, Ileana Lugo of Students for Quality Education, and Janica Torres of ASI's Social Justice & Equity Commission

Remove The Noose By All Means Necessary, Social Justice Week, March 17:

Description: *Remove The Noose By All Means Necessary* is a performance piece recognizing the trauma of queer identities and people of color during a time of cultural unrest. The video performance is a visual response to Transgender-identified lives lost and targeted as an erased group from social discourse. Followed by a Q&A and audience engagement unity segment. Content Warning: This performance involves the

use of a noose in a metaphorical sense that may trigger a response given its historical implications. Discretion is advised and a mental health professional will be on deck for support.

Speakers/presenters: D. Hill, Interdisciplinary Artist and professor of photography at University of La Verne and Janica Torres

Equity Through Music, TBD: in April

Description: This event is a collaboration with Titan Radio that we are currently in the works planning. Our goal is to create an event where we can discuss the role that music plays in advocating for social justice and equity, and what we can learn from it. We are aiming to do a live listening event in which we listen through an album together and then highlight themes in the music. As mentioned, this event is still in the works but the main goal is to focus on and highlight themes of social justice in music today.

Xenophobia and Patriotism: What is a “true” American, **TBD:** in April

Description: In light of current events, we wanted to discuss how many folks equate patriotism to fully supporting our country, while also ignoring the harm that many communities are facing. Criticisms of our country are viewed as “hating” the country and being unamerican, so we want to discuss how patriotism can act as a cover for hate, and how we can appreciate our country while still acknowledging and standing up to its oppressive systems. This event is still its working stages, but we would like to have some type of speaker that can address this issue and offer ways to be more aware and informed of the goals of social justice activists.

CHIEF GOVERNMENTAL OFFICER

Lauren Loeb

Summary:

Last week I attended the California Higher Education Student Summit (CHESS) with other student leaders and student leaders. I also attended the CSSA March Plenary. I continued working on the TDRC Coordinator Search Committee. I have prepared for advocacy week with the goal of getting legislators to commit to the asks of the CSU.

Events/Meetings Attended:

- Lobby Corps Meeting
 - Lobby Corps held a meeting to prepare students for CHESS and advocacy week (this week).
- TDRC Director Interview
 - The TDRC coordinator search has just begun and interviews will be conducted with a diverse committee with representatives from across campus.
- Budget Advocacy Meeting with Assembly member Phillip Chen
- President Virjee, Director Annie Yea, President Virjee's staff and I advocated for the CSU budget ask and other specific ask from CSUF.

Projects:

- I have been working with other ASI student leaders and SWANA students to get a resolution passed at CSSA to add SWANA as a race identification option on the CSU Apply website. The Systemwide Affairs Committee voted on the resolution.
- Advocacy week is this week, we will be advocating on behalf of CSU/ CSUF students to our legislators

Goals for next week:

- Meet with Asha, Elva Rubalcava, the new VP of Government and Community Relations, and Brianna from the office of Government and Community Relations to talk about some of the goals CSUF has for our advocacy efforts

On-going:

- Weekly check-ins with my advisor.
- 1-on-1 with the ASI President to discuss progress and goals.

Summary:

At Academic Senate, Senators took a stand and voted to pass a Resolution Condemning Racism and Anti-Asian Violence in Society. The Elections Judicial Council had our first meeting where we got to meet each other, have an orientation and training, learned about the purpose of the council, and approved the meeting schedule. The Executive team had a great meeting with the VPSA Cabinet where we were able to get various updates on campus life as it relates to students. At the Governance Committee, we discussed the vacancy and reinstatement for the Board of Directors, College of Engineering and Computer Science.

Events/Meetings Attended:

- Academic Senate
- At Academic Senate we passed a Resolution Condemning Racism and Anti-Asian Violence in Society.
- Elections Judicial Council
- After being appointed at the last Board of Directors meeting, we met later that week to discuss the rules and regulations of the Elections Judicial Council. This first meeting was considered our

orientation and training, then we approved the meeting schedule for the rest of the time the Council is active.

- Meeting with the VPSA Cabinet and the Executive Team
- This meeting is a once a semester update from the VPSA Cabinet where the Executive Team gets updates on campus life. We were updated on different parts of student life like Athletics, Financial Aid, Campus Re-Entry plans, Community Engagement, and Admissions statistics.
- Governance Committee
- Discussed the vacancy and reinstatement on the Board of Directors, College of Engineering and Computer Science

GOALS FOR NEXT WEEK:

- Fill open seats on search committees.

ON-GOING:

- Weekly check-ins with my advisor.
- Weekly check-ins with the Executive team.
- Continue to place students on the Academic Senate campus-wide committees.

- Attended CSSA this weekend – Lauren I hope you get some rest once CHESS lobbying is over. Please let us know how we can support you. This was a very long weekend for you.

- Participated in The California Higher Education Student Summit (CHESS). We are scheduled to meet with a couple of the California State Assembly members this week.

Informational:

- Directors: I emailed to you the compiled Spring 2021 director goals and I also uploaded them to Group Me. Please reach out if you need support. I also sent you the link for marketing requests. It is the same one Khai shared with us.
- I have started working on my board chair transition documents. I might be filming a video as well as this might be easier for the new chair. The chair position is not one to be taken lightly and can be overwhelming, so I am just trying to figure out ways to make the transition less stressful for the next chair. Please begin working on your transition documents as well, I recommend a Google Drive folder and that you work with your co-director on this.
- Erick and I will be hosting a live Q&A through the HSS ICC Instagram. It will be moderated by the HSS ICC Director of Public Relations. We are still working on logistics and will update you all when we have more information.

See you all (virtually) at our Board of Directors meeting!

Maria Linares
