**\* What do you believe is the role of ASI on our campus and how does that role relate to this position?**

---

I believe the role of ASI is to serve and promote wellness, assist students in their daily lives, and be a presence of support during a period of four or more years for students. As an Elections Director, you are supporting all candidates and making sure events go well. Running for office is an extremely stressful time so having a director who is making sure wellness and there is a lot of support makes the world of difference for a candidate who is also doing a lot behind the scenes.

**\* I am interested in these positions:**

Elections Director

---

**\* Tell us about yourself (tell us about your background, your past experiences, and what makes you a good candidate for the position; include any information that you think appropriate and important for us to know):**

---

My name is Ali Mashael and I am a first-generation college student. In my limited time at CSUF, I found myself taking a lot of positions and opportunities to offer. I currently work at the Front Desk at the Student Recreation Center, I was a part of the Elections Team last Spring as a coordinator and was also a part of the first-ever Governance Ambassadors last year. I am also serving as the Chapter President of Sigma Pi Fraternity here on campus.

I am a driven student and will always rise up to the challenge and make sure everyone on campus and my peers receive equitable treatment when it comes to making decisions about my organization or making sure students here on campus are getting the treatment and correct decisions made. I deal with a lot of daily issues in my day-to-day life and it is a fun challenge for me to solve them all and make sure everyone's days keep on pushing.

---

**\* Tell us what you think the purpose of our ASI student government is and why you want to be a part of ASI leadership (tell us why you think ASI does what it does, what you hope to get out of the experience, and what you hope to learn):**

---

The purpose of our student government is to empower students and provide them with diverse, equitable, and inclusion in all walks of life. ASI is a broad-reaching organization and Student Government is able to provide unique experiences to students while maintaining a healthy relationship with their fellow peers.

I have been on ASI Leadership in the past and I would love to join again because working with students, seeing what they like and don't like, and attempting to provide that to them is a fun challenge. I believe ASI strives to promote wellness and make changes for the campus per the school and Student Government's Strategic Plan.

I hope to become a better leader and learn how to make sure everybody gets equitable treatment during something as exciting and stressful as Elections. I want to learn how decisions are made, questions get asked, and just be a more informed student and Leader.

**1. In your own words, describe the purpose of the Elections Team.**

- The purpose of the Elections Team is to promote safe and productive voting, something that has been the cornerstone of our democracy for hundreds of years. In the scope of CSUF, it would be to figure out creative ways to get students out and voting, as well as make sure the Election and the students running are receive equitable treatment.

**2. Why is it important to promote participation in the elections process to CSUF students?**

- As aforementioned, participation and voting has been talked about for hundreds of years and sits as a main topic of discussion of politics today. It is extremely important to have students know about voting, what a vote means, and how their choice of candidates will impact CSUF Students. We saw it almost a year ago, the Wellness Initiative was pushed and shown to students by our Student Government. This is only achievable by participation and willingness to participate in the process.

**3. How you would direct, support, manage, and oversee the Elections team and program?**

- I would describe myself as a team first Leader. I like to assign things to my committee that I know they can achieve and become great at. I would make sure that they are receiving all the support they need and I will be available to help or provide guidance to whatever questions they have or need. Overseeing the Elections program would follow a similar process, I will be available to any candidate if they have any questions and if they file a Report, I will make sure they receive equitable treatment and work with the Director, and my committee on solving issues.

**4. Describe the ideas or goals you have for next year for the position.**

- Last semester we saw a low voter turnout, and in my opinion it was because of low candidate turnout. Students want to hear two opinions and want the power to make a decision. One of my goals for the next year is to have three different candidates running for ASI President/Vice President. I also want to hold more events in which the role is advertised so students know the benefits of voting as well as holding this position.

**5. Describe how you would promote the activities and events of the Elections Team.**

- Titan's social media is great and it gets people out and at the event. Another way to promote activities and events of the Elections Team is to show the purpose of coming out to a student who is a commuter. We can do this by stopping students on TitanWalk, weekly tabling. The more brand recognition we start now in the Fall, students in the Spring will recognize what the Elections is all about and we can promote our activities and events with a head start in the Spring, rather than playing catch-up.

## **BOARD LEADERSHIP REPORT**

### **October 3, 2023**

#### **Gavin Ong, Secretary:**

No significant updates.

Again please reach out to cultural clubs and orgs to volunteer and participate in IEW coming in November.

#### **Joe Morales, Treasurer:**

Hey Titans!

I hope everyone is surviving midterm season and has been taking care of themselves both mentally and physically and especially with everyone getting sick around campus.

Since we last met, I attended the finance committee, where we discussed the budget timeline as well as the audit report among many other things for finances regarding ASI. I also attended our ASI leadership meeting where multiple speakers attended to discuss important key points about things they want to change or add to their programs. I unfortunately was unable to attend beyond the Conversation with Ke Huy Quan, but I hope everyone who went had a blast!

If you sit on the Finance Committee, our meeting will take place this Thursday, October 5th, from 1:15 pm to 2:30. If you are unable to attend, please see me after the meeting today.

If you need anything please don't hesitate to contact me for anything or visit me in my office!

#### **Aida Aryan, Vice Chair:**

Hi everyone,

Hope you all are doing great. I just wanted to give our President Maysem a huge shoutout for a great interview at our first beyond the conversation of the Fall semester. I also wanted to give our Student & Programming Engagement team a huge shout out as well for handling and leading such a successful beyond the conversation event. As a reminder, we will be having a governance committee meeting on Thursday, 10/05/2023. Please look at the posted agenda

and if you find an item on there that you want to talk about or know someone that wants to talk about it, please encourage them to come and make public comments during our committee meeting.

Thank you and have a great rest of your week!

**Ashley Zazueta, Board Chair:**
