Martin asked, are there any ideas how they will work as the number of children increase. Will each child have its own individual space? Palacios answered, the classrooms will have 6-8 children. There will be limited staff members per classroom. There will be a cut in services based on availability.

Palacios stated the center is waiting for additional information regarding the vaccine. Staff for the next year will not be vaccinated and it will affect some rules and regulations. Staying constantly informed has helped to getting staff prepared for the fall 2021 semester.

The committee will discuss ways to increase involvement with the Children's Center.

Mukbel opened discussion about how to help the children to have more involvement opportunities.
