Children's Center Fall 2021

Programming Updates

- At this time, we are offering in person services.
- Operating 4 classrooms. Age range of children being offered in person care is 3 months to 5 years of age.
- Current hours of operation are 7:45-5:45 Monday through Thursday and 7:45-5:15 Friday. Our infant program is operating 7:45-4:00.
- Currently have 11 full time professional staff. We do have three Master Teacher vacant positions
- Currently have 54 student assistants working at the facility.
 - 45 in the classroom
 - 4 front office clerical assistants
 - 5 kitchen assistants
- Currently have 16 interns earning academic credit while volunteering on site.
- Operating at 50 percent capacity with plans to expand services in Spring 2021.
- We will continue working on collaborating with other departments to build and increase services to student families and the CSUF Community.
- We will be working on improving our marketing of resources, videos and those electronic resources we have available.

In Person programming timeline

- Reopened on 10/26/2020.
- Started with one preschool classroom with 5 children enrolled. Children were 4-5 year olds.
- On 12/1/2020 we added a second classroom with 5 enrolled children. Children are 3-4 year olds.
- December, we decided to take an extended Winter Break to allow for a reduction of community rates of COVID-19 as we felt like at that point in time it was becoming difficult to keep everyone safe.
- January, we began the reopening process again. Adjusted our health assessment questions and some things in our reopening plan that we felt needed some attention. Presented the plan to the RLT(campus reopening committee) and were told we could reopen on February 1.
- We reopened on February 1, with our previously enrolled groups. We have added one child so current enrollment is 6 children in our preschool classroom and 5 children in our older toddler classroom.
- July 2021 opened a third classroom providing care to preschool age children. Finished the summer with 21 children enrolled.

Financial Impact

- We did continue to provide employment and trainings to our student staff through May 2020.
- We were able to fully utilize our full time staff to meet all programming needs during the pandemic.
- We were able to earn some grant funding upon reopening . This is one of the reasons we choose to reopen so we could continue earning our grant income .
- We are currently also receiving some year 2 funds of our CCAMPIS grant, which partially subsidizes our Pell Grant eligible families.
- We are also receiving our \$9,000 QRIS Local block grant.
- We are experiencing some increased cost due to having to purchase extra PPE, sanitizers and lots of supplies to make the classroom experience more individualized and to make it easier to distance.

Differences and Similarities

- Parents perform an online health assessment/temperature check before dropping off for children via an online program called Learning Genie
- Closed campus, meaning caregivers only enter classroom for a limited amount of time, our largest classroom parents drop off outside of the classroom.
- Zero tolerance for illness.
- Smaller group sizes and no comingling of groups.
- Same high quality curriculum and lesson planning built around the whole child and developmentally appropriate practices.
- Meals are still provided to each enrolled child. Meals are still the same high quality and children's favorites are provided.
- Outdoor classroom has taken a great focus as we spend as much time as possible outdoors.

Outside Adventures

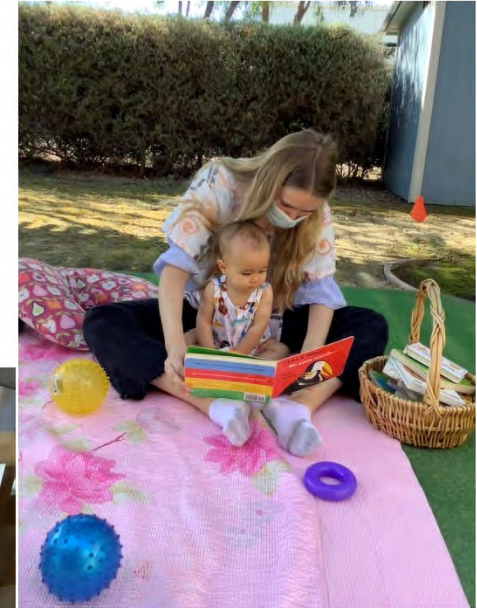

Indoor/ Outdoor Activities

Daily Adventures

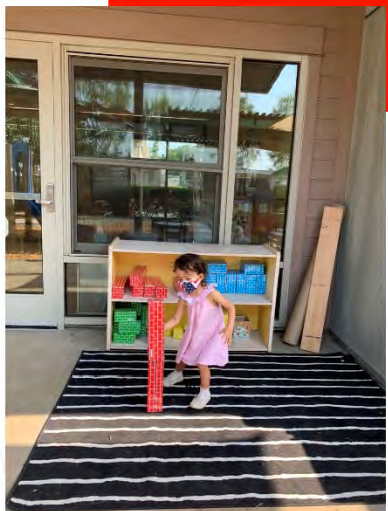

So much to do

Things we are working on

- Continuous work on our future reopening plans and adjusting in person health and safety practices to address any issues that come up.
- Plans are for all age groups and classrooms to be expanded for the Spring semester to assist as many student families as possible.
- Searching to hire three Master Teachers. Hiring committee has been reassembled and will conduct interviews in the next few weeks.
- Marketing and collaborating with other ASI and campus departments to ensure we promote services to students.

No

great program!

Love the children center

I love that I am able to peacefully get my schoolwork done without having to worry about her. I know she is in a great place and is learning/having fun.

None

Excellent program and I feel very lucky to have my child and family supported by the wonderful staff and environment. The return to in person services has lightened our families stress level and need for care. It was very difficult to work without childcare.

We love you guys!

The program is amazing! It should receive greater support and more funding.

This program is wonderful. I have nothing but good things to say!

I am so grateful to all the staff at the Children's Center! I know these are difficult and scary times, so I appreciate everyone for getting up every morning and providing such great care for my child. You are all true heroes! Thank you!!

We're extremely happy with the Children's Center.

Hi Keya,

Do you have a report for tomorrow's Children's Center meeting?

Thanks,
Susan
