DRDP Measure: Gross Locomotor
Movement Skills
Age Group: Toddlers

Color Hop

The best way to get a toddler involved in a **gross motor game** is to start playing it yourself. Young children almost always want to join in the fun. As you hop onto a circle, call out the color.

Materials: Sidewalk
chalk

Step 1: Draw circles
and color them in.
You can place them
in a circle or a
straight line.

Step 2: Have your
child hop from circle
to circle.
