DRDP Measure: Number Sense
and Quantity

Age Group: Toddler

Goldfish Snack Count

This activity helps your child develop an understanding of numbers and quantity and begin to use one to one correspondence.

Materials:

- Goldfish Crackers
- Fish Bowl Printable (see following slide)
- Large Dice (you only need one during activity)

Directions:

- Roll die and help your child count the dots
- Count out that number Goldfish and place them on the fish bowl
- Take turns with your child rolling the die
