ONLINE STUDENT WELLNESS SURVEY Q&A

Q: What is the ASI Student Wellness Survey?

A: The ASI Student Wellness Survey was designed to better understand the health and wellness needs of the CSUF student community. The goal of this survey is to gauge student interest, need, and/or current use of wellness, recreation, student union, and basic needs programs, services, and facilities at CSUF.

Q: Why is ASI conducting the survey?

A: ASI is seeking your feedback regarding current and future facility and programming opportunities related to your student health and wellness, recreation, and student union needs.

Q: How will ASI use the survey?

A: This process will allow ASI to understand opportunities for the Titan Student Union and Student Recreation Center to best respond to our campus needs. Information gathered from the survey will be used to make recommendations to address current challenges.

Q: Why is this survey happening now?

A: We have seen an increase in demand for improved student services. State investment in higher education has been trending downward since the 1970s. CSUF and Associated Students, Inc. (ASI) have had insufficient resources to maintain facilities like the Student Recreation Center (SRC) and Titan Student Union (TSU) while also increasing support for student programs and services. ASI last improved its facilities and programs nearly six years ago (TSU and SRC).

Q: Does my opinion really matter?

A: Yes! The survey is open to all CSUF students. We encourage everyone to participate. As an integral part of the Titan community, your participation during this process is vital in helping ASI understand your interests and support your needs. All students will receive an email with the link to the survey. The survey will appear on student portals between November 29th and December 12th. There will be multiple drop-in stations throughout campus to facilitate the taking of the survey.
