Activity Share: **Corn Meal Sensory Pool**

**Age Group:** Toddler

**Materials Needed:**
- Corn Meal (Two boxes work well, typically 48 ounces)
- Small child sized pool

**Directions:**
- Setting up a cornmeal sensory pool will take seconds. Pour Corn Meal into the pool
- Add items to the corn meal for a more exploratory experience.
- Measuring cups and toy cars work really well.

**Helpful Hints:**
- Sand can be a great alternative to corn meal
- This activity can be done inside as well, just lay a towel under the pool
