**Age Group:** Preschool Age

## My Self-Portrait

Self portraits are great way to start the school year! In September and June - *the beginning and end of the school year*, have your child make a self-portrait. Set them up with a mirror and crayons (see link below for People Color Crayons). Self portraits are also a great way for your child to identify body parts - *nose, eyes, mouth* as well as strengthen fine motor development and promote self awareness (similarities and differences).
