

## Activity Share: **Ribbon Basket**

Age group: Infants

### Materials Needed:

- A small plastic basket with holes
- Small strips of color ribbons

### Directions:

String pieces of ribbon through the holes on the basket and allow baby to have fun pulling the ribbon out.

This sensory activity is fun and interesting for babies and young toddlers. It encourages the child to explore and investigate. Sensory play helps to build nerve connections in the brain, in addition to being fun and interesting for babies.
