DRDP Measure: Fine Motor Skills

Age Group: Infants + Toddlers

Tape Peeling

Introducing fine motor skills at a young age allows the child to practice and master skills that will be needed for our day to day lives. This will lead to building on fine motor skills like our self-care tasks such as brushing our teeth, changing our clothes, eating, and writing.

Materials Needed:

- Painters Tape/Colored Tape
- Flat Surface

Directions

- Step 1 –
Cut tape into long strips in various sizes
- Step 2 –
Lay tape onto flat surface
- Step 3 –
Start peeling away
*Tip, you may have to help start peeling process
