

## Activity Share: Pumpkins and Gourds

Age group: Toddler

### Materials Needed:

- Pumpkins
- Gourds

### Directions:

Sit with your child and introduce them to the pumpkins and gourds. Encourage them to touch the pumpkins and gourds. Talk to your child about the different textures and colors.

For example: smooth bumpy, pointy yellow, green and orange.

This will be a great way for children to explore and learn. Children need experiences with nature and what better time than in fall?
