

Activity Share: **Bath Paint**

Age group: **Toddler / Preschool**

You will need:

- 1 tbsp cornstarch
- 1/3 cup of gentle soap- any body soap or shampoo will work
- Food coloring
- Small containers or an ice tray
- Paint brush

Mix the cornstarch and soap together. Divide into as many small containers . Add food coloring into each container and mix.

*test small surface area of your bathtub to be sure the paint does not stain.
