Manipulative Skills  
Age Group: Toddlers

## Sticker Lines

This activity will build child's fine motor skills as they hold stickers in one hand and peel them with the other. It will also help with hand eye coordination as they place the sticker along the lines

### Materials:

- Stickers
- Marker
- Tape

### Directions:

- Using a marker draw different lines on a piece of paper. (zigzag, waves, loops)
- Have child remove sticker and place them on the lines.

\* Instead of lines you can also draw shapes, letters, numbers or child's name.
