

Activity Share: Playdough Butterflies

Age group: Preschool

Materials needed:

- Cardboard (any size)
- Playdough or homemade play dough
- A black marker
- *Loose items to decorate (beads, buttons, sequins etc.)

*Take caution when allowing your child to play with small material

>Tips: For a second activity, children can color in the butterfly shape with markers/crayons or pastels. I found it easier to clean up when using wax paper.

Directions:

- Draw a simple butterfly shape on the cardboard.
- set out playdough and the loose materials for the children to explore with.
