

## Activity Share: **Egg Scoop Activity**

Age group: **Toddler/ Preschool**

**Plastic eggs have many uses! Try this fun activity in a large bin. Visit [Toddler Approved](#) for the activity!**

**Transferring, scooping, mixing, straining, and pouring are all skills that promote motor development.**

**During water play, measuring, counting, and experimenting with buoyancy, all support early math and cognitive development.**

*Remember to supervise children at all times during water play.*
