Supporting Creativity

Support Music, Art, and Creative Expression at Home:

- Listen to different kinds of music.
- Dance with your child.
- Have different art materials available - glue, scissors, stickers, collage materials, paint, stamps, markers/crayons to use and express their feelings and emotions
- Look for art/beauty in the environment - go on a nature walk and point out things in nature!
- Make up songs for cleaning up and bath time.
- Make or provide puppets for a puppet show! Let your child lead the show!
