

## Activity Share: **Color Walk**

Age group: **Toddlers-Preschoolers**

*Let's go on a color hunt!*

This is a great activity that can be done indoors or outdoors. This fun activity encourages children to identify colors and differentiate objects and things. Furthermore, it is a great way to incorporate sorting, patterning and classifying attributes (great for mathematical development)!

*Click on template to print*

## Color Walk

Take a walk outside and observe all the things around you. Look for things on your walk to represent each color. Illustrate each item you find in the corresponding box.

 Red	 Orange
 Yellow	 Green
 Blue	 Purple
 Brown	 Black
