*** Expected CSUF Graduation Date (Ex, Spring 2024):**

Spring 2025

*** What made you decide to pursue this position?**

I decided to pursue this position because I consider myself a leader with a lot of previous experience, and have hopes to better the community of Cal State Fullerton as a whole. I have always been passionate about helping people and making sure everyone's voice is constantly heard. In high school, I held multiple leadership positions that were targeted specifically toward helping students and being a voice for my peers. For starters, I started my own mental health awareness club. Being the president and founder of this club for 2 years was an extremely growing experience. I was able to grow this club to be one of the largest clubs on our campus, by holding weekly meetings and making sure my members were engaging and truly growing through the activities. Being able to see a difference in my high school community and seeing my peers flourish due to this club, was when I realized how much I genuinely enjoy not only holding leadership positions but holding these positions and actually being able to witness a significant change. Transitioning into college, I am a part of the Alpha Chi Omega sorority on campus. Coming into Cal State Fullerton as an incoming freshman, I knew I wanted to be as involved as possible, as well as get the full "college experience", which is why I decided to become involved with Greek life. Being a part of this sorority has made me realize how much I miss being truly involved in my community, due to all the philanthropic events that we hold and are able to take part in. Personally, I believe that becoming a part of ASI will be an amazing opportunity to both better myself professionally, and help my peers have a heard voice. Furthermore, I consider myself to be an extremely social person with a strong and organized work ethic, and a heavy understanding in terms of making sure all voices are heard. When I found out about this position, I saw it as an opportunity to expand my voice within the Greek life community, to all of Cal State Fullerton as a whole.

*** What do you believe is the role of the students' voice in decision-making on campus projects and issues?**

I believe that the voice of the students is crucial to ALL decision-making on campus. Because students are the main beneficiaries of decision-making, their voices must be heard when decisions are being made about campus projects and issues. I feel that the campus involvement at Fullerton is very minimal because we are a commuter school, but also because people don't know how to express their concerns and to who they can voice these concerns. If we are paying for this school we should be involved in all the benefits and also have a voice that is accessible to speak about concerns as well. The student's ideas and suggestions can assist potential obstacles and missed opportunities while ensuring that the initiatives and concerns are in line with their needs and expectations. Our sense of ownership and investment in the outcomes can be increased by incorporating them into decision-making processes, which will promote engagement and participation in our community. As a student, I am very adamant about making sure voices are heard and prioritized in all scenarios, negative and positive. In general, it is crucial for the development of an inclusive, collaborative, and successful strategy to handle the challenges and possibilities facing the campus community that the voice of the students be heard in decision-making on campus.

*** Are you interested in topics such as academic curriculum, campus infrastructure, or program opportunities for students? If so, please elaborate. ***

I am extremely interested in the academic system because it gives students the skills and knowledge they need to succeed in their chosen sectors, which is a crucial part of education. A well-designed curriculum should focus on the development of analytical, problem-solving, and critical thinking skills and be comprehensive, and engaging. As well as this, make sure that our staff is understanding with personal worries, such as mental health amongst students. Alongside this, campus infrastructure is an important element of the learning experience because it helps to provide a safe, welcoming, and inclusive learning environment. Lastly, the ability to participate in programs is crucial for giving students the knowledge, relationships, and experiences they need to thrive in their future employment. Programs like study abroad options, and internships can assist students in gaining real-world experience, acquiring new skills, and expanding their professional networks, which is really what all students are preparing for throughout their college experience.

*** What are you currently involved with on campus?**

Currently, I am involved in the Alpha Chi Omega sorority on campus. Due to my participation in this chapter, I am able to be involved in a wide variety of philanthropic events and foundations. Being a member, we work with foundations such as Laura's House, and Mothers against drunk driving. Participating in these philanthropies has shown me how important and rewarding helping the community around us is. Additionally, being in a sorority has given me the opportunity to meet so many people on campus that I have created huge connections with. Being a part of something so big has made me excited to come to school and break the "commuter school" stereotypes. Choosing to be involved on campus within my sorority was the best decision I have made for myself and I would be privileged to be given the opportunity to do even more.

*** Students selected to sit on a committee are provided training, leadership and professional development opportunities each month. What is your availability for the fall and spring semester?**

With work, classes, and sorority, I will devote as much time as possible to this position and make it a top priority of mine. If given the opportunity, I will be sure to keep my schedule open so that I am able to put my all in. I will be available on weekdays and weekends, depending on my weekly schedule.
