* Lack of scooter usage compliance poses safety hazards, including trip hazards and fire risks due to the lithium batteries. Stricter policies and member education campaigns are being implemented to encourage proper scooter usage.
* Consideration of selling locks at the SRC and directing students to purchase locks from the Titan Store is being explored.
* Both facilities are initiating education campaigns via social media to promote responsible scooter usage and reduce incidents. Safety concerns at the TSU are compounded by multiple entry points, unlike the SRC's restricted access.

8. New Business
a. Action: Resolution Authorizing a Temporary Pop-up Food Concept in the TSU - Chik-Fil-A
The Committee will consider approving a resolution authorizing a temporary pop-up food concept in the TSU, Chik-Fil-A for the fall semester 2024.

FAC 005 23/24 (Mansoor-m / Rubio-s) A motion was made and seconded to approve a resolution authorizing a temporary pop-up food concept in the TSU, Chik-Fil-A for the fall semester 2024.

Ong yielded the floor to Stava, the TSU Director, to provide additional information about the request:

* Chick-fil-A was proposed as the pop-up vendor to occupy the vacant Fresh Kitchen space.
* The pop-up operation was set to start in the fall semester, with regular assessments of its success and challenges.
* No engineering or construction is needed for the pop-up; minor aesthetic changes and signage are required. Associated costs were covered by Auxiliary Services, and lease payments for the pop-up mirrored those for the Fresh Kitchen.
* The pop-up offered a limited, fixed menu prepared off-site like at other locations on campus.
* Authorization was requested to negotiate to bring the Chick-fil-A pop-up to the Food court in the Fall 2024.

Ong opened the floor to questions and points of discussion.

Rubio inquired about whether the pop-up in TSU would replace the HSS building location. Stava clarified that the pop-up would not replace the HSS location; both would operate simultaneously.

Zavalkov raised concerns about potential negatives of the Chick-fil-A pop-up, including reduced quality and lack of full-service amenities. Nguyen echoed concerns about dietary restrictions and the limited menu offerings of pop-ups.

Walkley suggested considering options that cater to dietary restrictions, like Fresh Kitchen, instead of adding another restaurant similar to what is already available to students.

Rubio expressed concerns about price increases observed at Chick-fil-A and questioned the logic behind them. Tony Lynch, ASC Director of Dining Services, explained that price adjustments were due to increasing costs of food and labor, including changes in minimum wage laws.

Ayala asked if the pop-up concept indicated a permanent implementation of Chick-fil-A on campus. Stava clarified that the focus was initially on replacing Fresh Kitchen,
with future decisions pending assessment.

Zavalkov asked if pricing in the TSU would be lower than in HSS due to the lack of full service. Lynch explained that pricing would remain consistent with Chick-fil-A standards regardless of location.

Ong asked about the availability of survey results regarding student preferences for Chick-fil-A. Lynch mentioned previous survey results shared with ASI and ongoing efforts to gather more data.

Mansoor inquired about the criteria for the permanent implementation of the pop-up. Stava explained that criteria would be determined based on assessments next semester.

Walkley asked about the resources allocated for DEI training for Chick-fil-A staff. Stava outlined the resources, including training programs and franchise owner engagement.

Ong expressed concern about addressing the past controversies associated with Chick-fil-A within the community. Stava highlighted the franchise owner's willingness to engage directly with the campus community to address concerns. Zavalkov emphasized the importance of considering community concerns in the decision-making process. Rubio underscored the importance of considering student wellness and affordability in food options on campus.

The Committee moved to a roll call vote.

FAC 005 23/24 (Mansoor-m / Rubio-s) Roll Call Vote: 0-1-4 The Resolution authorizing a temporary pop-up food concept in the TSU, Chik-Fil-A, for the fall 2024 semester failed.

b. Discussion: SRC Facility Update

The Committee will receive information about updates taking place at the Student Recreation Center.

Ong, Chair, yielded the floor to JP Gale, the SRC Director, to provide an update on the SRC facilities:

*Gale outlined recent purchases and projects undertaken by the SRC, emphasizing his commitment to providing inclusive recreational opportunities for the campus community.
* Cardio equipment was installed on January 8th, with 48 pieces replacing older equipment, improving the cardio area. Equipment was strategically spread out to address concerns about heat in the cardio area, with positive feedback received.
* Scooter racks were installed on March 7th; though currently empty, efforts are being made to utilize them effectively.
* Pool furniture approved in November was installed on February 28th, replacing older equipment and enhancing the pool deck area.
* Soccer goals for intramurals were installed in time for the spring semester, contributing to a successful semester with high sign-up rates.
* The installation of Secure Asset Management Systems is scheduled for Q4, pending the arrival of necessary equipment and completion of preparatory work.
* New squat racks and glute thrust machines are scheduled for late June delivery, enhancing workout options for users.
* Pool tile replacement was completed on December 23, improving the appearance and safety of the pool area.
* A gender-neutral bathroom renovation project is underway, with the campus handling the renovation. The goal is to complete it by the end of summer, with funding slightly under the allocated budget of $150,000.

Ong opened the floor to questions and points of discussion.

Rubio inquired about marketing efforts regarding the scooters, expressing a need for education on their usage. Gale responded that marketing efforts are underway, including notifications through social networks.

Mansoor asked about the progress of the mini store in the SRC, to which Gale replied that the project was not progressing and may have been abandoned.

Ong raised concerns about students' reluctance to use bike racks due to various factors, suggesting the inclusion of locks in the racks to alleviate issues like weather damage and theft. Gale acknowledged the common concern but stated the difficulty in finding a solution, noting that according to the President's directive, scooters are not allowed inside buildings. Nguyen suggested considering covered sheds or finding a covered space nearby to store bikes and scooters, which Gale explained could pose logistical challenges due to aesthetic concerns and space constraints. Ayala suggested implementing a system similar to the library's laptop loan program for bike locks, which Gale agreed could be explored but noted logistical challenges in terms of inventory management.

Ong inquired about updates on equipment servicing, mentioning concerns about old equipment and third-party servicing. Gale explained that Premier is still contracted for servicing until the end of the fiscal year and possibly beyond, as they provide...
expertise, keep good records, and handle warranty services for new equipment from PreCore.

9. Announcements/Member’s Privilege
Rubio shared about an upcoming event called "Nuestra Cultura" hosted in housing and encouraged attendance, mentioning that the flyer would be shared for further promotion. Walkley acknowledged Rubio's announcement.

Nguyen mentioned a collaboration with ASI Women in Animation for their first student-run exhibition at the Central Gallery, inviting attendees to view the artwork until March 27th.

10. Adjournment
Ong, Chair, adjourned the meeting at 2:05 p.m.

Executive Summary

Campus Dining Services (CDS) desires to bring a new pop-up concept* to the Titan Student Union (TSU) Food Court. The location of this pop-up would be in the current Fresh Kitchen space. The restaurant would occupy the pop-up location through a partnership with Auxiliary Services Corporation (ASC). ASC would pay Associated Students Inc. (ASI) a percentage of sales as per the ASI CSUF / CSUF ASC - Sublease Agreement.

In Spring 2023, a survey was conducted on the TSU Food Court to determine the most popular and least favorite restaurant amongst our students. This survey concluded that the least favorite restaurant was Fresh Kitchen; while a chicken concept would be the preferred new addition to the Food Court.

In Spring 2022, Chick-fil-A was brought in to complement our existing baseball concessions program. Following the success in athletics, Chick-fil-A was invited to join our Mobile Food Truck line-up in Humanities Plaza. Building on this continued success, a proposal has been put forth to consider Chick-fil-A as a potential pilot location during the Spring 2024 semester. This proposal seeks to address the needs and preferences of the student survey. In addition, Chick-fil-A was rated the number one favorite restaurant by Generation Z. If approved, it would be the third location on campus where Chick-fil-A would be served.

Chick-fil-A Pilot

Chick-fil-A has been chosen as the pilot restaurant for this pop-up location. Campus Dining Services (CDS) used sales information from Humanities Plaza/Athletic Concessions, and reviewed market trends to make this recommendation, while also conducting a student survey to find out what the students want in the TSU Food Court.

The Chick-fil-A pop up in Humanities Plaza does three times the volume of sales compared to other restaurants. Chick-fil-A’s popularity in Humanities Plaza has continued to grow, resulting in CDS inviting them back twice a week in the Fall 2023 semester to provide service to the campus community, in addition to serving at every CSUF home game.

According to a Piper Sandler survey, Chick-fil-A was rated the number one favorite restaurant by Generation Z.

In addition, CDS conducted its own survey from May 8 - May 26, 2023. Survey QR codes were posted on various Campus websites, social media sites, and physical and digital signage around campus, including the ASI website, ASI social media posts, and digital screens in the TSU and SRC.

The purpose of this survey was to attain student feedback on the Titan Student Union Food Court. There were 334 complete survey responses. Survey results included an unbiased section where students filled in what concept they would like to see brought into the Food Court. 32% of students filled in that they would want a chicken concept, with Chick-fil-A coming in at 23% and Other Chicken Concepts coming in at 9%.
Space Rendering Proposal

There will be no permanent modifications to the space. All signage, including menus will be temporary. The renderings below show a vinyl banner and a paper menu that will be placed inside of menu frames that are already installed at Fresh Kitchen. Chick-fil-A will be financially responsible for the updated signage. There will be no construction done to the current kitchen area as Chick-fil-A will be bringing in food that is prepared off-site and ready to serve.

Restaurant Business Overview

Menu
Only the pop-up menu will be offered at the Fresh Kitchen location. The Chick-fil-A pop-up will offer a limited menu. The food will be prepared at a local restaurant and brought to the TSU for sale. There will be no cooking on site.

It will be possible to add these menu items on Grubhub at no additional cost to the customers at a later date.

Pricing
Pricing will be consistent with other Chick-fil-A operations on campus. The current menu can be seen on the left. The Chick-fil-A menu pricing is comparable to the value meal options within the Food Court.

Hours of Operation
Monday - Thursday: 11:00 am - 1:00 pm, with the opportunities to expand.
Financials
ASC would follow the ASI CSUF / CSUF ASC - Sublease Agreement and pay ASI 4% of net sales.

Example: $3,000 net sales x 4% commission percentage = $120 commission to ASI

Chick-fil-A in Humanities Plaza averages $2,000 net sales per day.

Other Marketing
We will table at the TSU and host giveaways to provide students information about the new concept. Media will be posted on the digital screens around campus and inside the TSU.
Better Together

Over a decade ago, Chick-fil-A (CFA) was in the headlines due to the perception that the company was “anti” LGBTQ because of personal comments made by the Owner about his beliefs on traditional Christian family values. Again, the company was in the headlines around 2017-2018 for donations that were perceived as “controversial giving” from its Foundation to perceived Anti-LGBTQ groups like Salvation Army and Fellowship of Christian Athletes. While the funds themselves were earmarked for programs such as holiday gifts to children whose parents could not afford gifts or were incarcerated, and sporting equipment to underprivileged youth in Atlanta, the Christian non-profits did support Christian values which were perceived as “anti-LGBTQ”. However, CFA has moved away from giving to such programs since 2019 and no longer has a CFA Foundation. All donations are now made through their Corporate Social Responsibility team.

In 2020, CFA established a new senior leadership position dedicated to Diversity, Equity, and Inclusion. This CFA position focuses on their “Better Together” program, ensuring equal access, valuing differences, and creating a culture of belonging.

"Not only are we called to prioritize DE&I by our Corporate Purpose, but as Chick-fil-A grows and moves into the future, we have the opportunity to help build bridges that connect people.”
– Erick McReynolds, Vice President of Diversity, Equity & Inclusion at Chick-fil-A, Inc.

In 2022, Chick-fil-A further advanced its DE&I commitments with:

- A DE&I Steering Committee with representatives from across the Chick-fil-A business who provide insight and guidance for our initiatives.
- A DE&I Operator Advisory Panel that brings the knowledge and perspectives of 21 Operators to support and advise our DE&I work.
- New learning and development opportunities focused on conversations, personal discovery and choice. These include resources that help Staff grow their DE&I capabilities and Learning Circles that provide opportunities for small groups to connect and broaden their perspectives through open dialogue.
Conclusion

Campus Dining Services is excited to put forth this proposal for a new pop-up restaurant concept within the TSU Food Court.

This proposal is designed to meet the needs and preferences of our students, with Chick-fil-A rated as the number one favorite restaurant by Generation Z and most requested in the TSU Food Court Spring 2023 survey. If approved, it would be the third location on campus to serve Chick-fil-A. Chick-fil-A is dedicated to Diversity, Equity, and Inclusion and focuses on ensuring equal access, valuing differences, and creating a culture of belonging.

In partnership with Chick-fil-A, we are committed to bringing our students this program in the upcoming Spring 2024 semester. We are looking forward to meeting and discussing this proposal with the ASI Board and determining the next steps.
