

## Curriculum Share

DRDP Measure: Classification

Age Group: Toddlers - Preschool

## Big Or Small

### Materials Needed:

- Big Or Small Sheet
- Scissors

During this activity, your child may learn the ability to compare, match, and classify the objects into groups according to their attributes. In this case, they will categorize the pictures by big or small. This can be the start to matching and categorizing objects.

### Directions

- Step 1 –  
Print out Big or Small Sheet and cut out Clipart photos (Click on the images for printable sheet)
- Step 2 –  
Compare size and categorize which one is the “small” one versus the “big” one
