DRDP Measure: Inquiry Through
Observation and Investigation
Age Group: Toddlers

Color Mixing Sensory Bag

Materials:

- Quart or gallon size Ziplock bag
- Packing or Duct Tape
- Paint (red, yellow, blue)
- Shaving cream (optional)

Directions:

- Fill ziplock bag with shaving cream
- Add two paint colors on opposite ends of bag
- Close bag and secure with tape
- You can make several bags with different color combinations
- Have your child explore the sensory bag and mix the paint together.
- Help your child make observations by asking open-ended questions such as:
 - How does it feel?
 - What do you see?
 - What are the colors doing?
 - Do you see something new?
- You can also compare the different bags of color mixtures
- Read the book White Rabbit's Color Book to help extend and make a connection to the activity.
