Supporting Early Social Emotional Skills in Young Children – Parenting Tips from Zero to Three

<https://www.zerotothree.org/resources/22-tips-on-helping-your-child-learn-to-cooperate>

Cooperation can be a challenging skill to develop. As children move from a world of “me” to a world of “we”, it is important for children to find ways to take the perspective of others, learn to express themselves, and problem-solve to reach mutual goals.

TODDLER'S CREED:
If I want it, it's mine.
If I give it to YOU & change my mind Later, it's mine.
If I can take it away from you, it's mine.
If I had it a little while ago, it's mine.
If it's mine it will never belong to anybody else, no matter what.
If we are building something together, all the pieces are mine.
If it looks just like mine, it's mine.
