

## Activity Share: Environmental Print Puzzle

Age group: Preschool age

### Materials Needed:

- Collect cereal boxes, snack labels, newspaper and/or catalog prints.
- \*Tip: Use a thin piece of cardboard to glue any paper thin prints.

### Directions:

- Cut out labels. Be sure you cut them out in neat squares or rectangular shapes.
- Next cut the larger shapes into either strips, smaller squares, or make a squiggle cut through the center. Try not to cut into a letter.
- If cutting larger shapes into strips, you can number the strips at the bottom. Children can then put them together using the sequence of numbers.
