DRDP Measure: Identity of Self in Relation to Others

Age Group: Toddlers

## Family Picture Puzzle

This activity encourages children to develop an awareness of self as distinct from and also related to others. Encourage your child to name the people in the picture, share a memory about the person, or talk about their characteristics.

### Materials:

- Pictures of family or friends (individual or group)
- Card stock paper (empty cereal box)
- Glue or Mod Podge
- Interlocking or stacking blocks
- Tape

### Directions:

- Puzzle using card stock:
  - glue picture onto card stock paper and cut to size
  - Once dry, cut picture in half or in fourths
- Puzzle using interlocking or stacking blocks:
  - Connect blocks to fit size of picture
  - Tape picture onto blocks
  - Cut along connecting seams of blocks
