DRDP Measure: Fine-motor,  
engagement and persistence,  
number sense of quantity  
Age Group: preschool-age

## Loose Material and Lines

Using loose materials such as river rocks, seeds, mini-erasers, buttons etc. Can be a fun and inexpensive way for children to learn an array of skills.

To do this activity you will:

Need: loose material, a large sheet of paper, and markers.

\*Keep an eye on younger children, as small material can be a choking hazard.

Below are some ideas for loose material and how the children can use them on lines.
