GROWING READERS REVIEW: TEACH COMPASSION THROUGH READING

Source: [Bright Horizons.com/family-resources](https://www.brighthorizons.com/family-resources)

Abstract: “The Growing Readers program at Bright Horizons helps you share the joy of reading, cultivate an appreciation for books, and foster early literacy skills with your child. A panel of early education experts from our centers and schools reviews and recommends high-quality, first-rate children’s books for all ages that your family can enjoy reading together. Our selections — Bright Horizons Books of Excellence — represent some of the best writing in children’s literature, and include new titles, timeless classics, and hidden gems. Each quarterly review features a theme — like history, nature, or photography — that will spark discussion with your child about new concepts, and help to guide them through life’s experiences. Bright Horizons Growing Readers makes it easy for you to choose quality literature that will enrich your child’s life..”
