Do all we can to ensure the health and wellness, safety and security and enhancement of one's mind is at the forefront of the faculty and staff. Highlights, Dr. Eanes reminded the Board that although there are formally 2,000 students on campus in the Residential Hall, however, informally there are over 10,000 living in a 4 mile close proximity to the campus community and we need to keep them engaged in what is happening on campus.

Dr. Eanes reviewed her presentation. Dr. Eanes shared that the primary goal of Student Affairs is to transform the lives of students academically, personally and professionally throughout the following areas:

- Advising – Reengineered the advising area.
- Retention – Working to make sure students have what they need to stay and receive the support they need to succeed.

Partnership with ASI working on the following Resolutions/Goals along with the ASI President:

Fee Transparency – Working w/VP Kim to gather information on where money is spent.

Undocumented Students – Responding to concerns, communicating with the Chancellor's office, very fluid conversation. Ongoing efforts.

Irvine. Dr. Eanes shared that they are waiting for a full plan for the Irvine campus and working collectively with Academic Senate. Once they have a plan they can discuss long term plans to put resources in the right place.

- Jakel, how can students get involved with SA? VP look at org chart, any area of interest contact Student Affairs team. There are many opportunities to work with Students. Ask college to nominate to serve on committees. Lastly, all students at CSUF are involved in Student Affairs.

Reminder from Dr. Eanes, December is not a month, neither is May, pace yourself, take care. The campus appreciates the Board's time, energy and resources in serving this campus, things can get hectic, frustrating, you may ask why did I do getting involved?
