EXECUTIVE SENATE

NSMICC

Britt Rhodimer, Chair for Natural Sciences and Mathematics Interclub Council (NSMICC), provided an update report on the goals, budget and activities for NSMICC. The report is an attachment to the minutes.

Baker asked about the theme for NSM week. Rhodimer shared they are working on the theme and they are considering Comic-Con.

Abu-Elhaija reminded Rhodimer to come to the budget orientation meeting. She also asked about the goal for usage of the budget. Rhodimer shared that the organizations are aware of the funds left for usage during spring.
Dr. Marie Johnson, Dean for the College of Natural Sciences and Mathematics spoke to the board about the college and her experience.

Highlights:

- Overview of her background and education.
- NSM is a mid-sized college. Similar to the College of Arts, has five departments which includes: math, chemistry, biology, physics and geology.
- Contains about 4,200 full-time equivalent students, graduated 500 students last year with 100 being master’s students.
- Centers: off campus there is Zzyzx, the Desert Studies Center in the Mojave Desert; on campus there is the Gravitational Wave Center.
- People concerned about the Teaching and Scholarship of science, there’s faculty dedicated to teaching students how to be teachers of science and related courses.
- When thinking about NSM, culture of the college is student research. Thrill of science is the discovery phase. They involve students in the lab and the learning is on their own.
- Role of the Dean - #1 support faculty; faculty’s #1 job is to support students. CSUF values teaching and research equally. Balance is not easy, but CSUF does a great job in this area.
- Initiatives: NSM is a pioneer in engineering; for student success they created a course for first year students in critical thinking; Renovation of McCarthy Hall – second floor will be renovated in 2019 with a $40 million budget which will not go very far based on the size of the facility, each floor is an acre. The plan is to work on each floor at a time and reach out to donors for assistance. They will need to relocate classes and staff for the year. Hoping to demonstrate science on display, and an openness in the facility. Goal to generate space for students to collaborate as part of the renovation.

Oseguera asked Dr. Johnson to talk about how cool the Think Like Einstein project is. Dr. Johnson shared Assistant Dean McDonough is part of the development of the program. Think like Einstein is 2/3 academics, focusing on critical thinking. Additionally on Fridays peer mentors will meet in small sections to talk with students about resources and different programs available on campus. The goal is to provide a more cohesive start for student’s CSUF career. There is great faculty teaching the course.

Sherman asked about the renovation and what will be done to the labs that are on the second floor. Dr. Johnson shared that finding office space will not be too hard since some faculty have retired. The teaching labs will be moved to the Library.

Borjas talked about the Promenade construction and asked about the door located on the south side facing the roundabout area and why it is kept locked. Dr. Johnson shared it is an OSHA fire marshal issue. Borjas asked about lab coursework unit labeling. Dr. Johnson asked for clarification and shared instead of increasing the credit for the lab, the coursework should probably be aligned with the credit assigned. They have considered making the courses and labs separate sign-ins.

Waymire asked about paying peer mentors and where funds come from. Dr. Johnson shared that funds are from donors, and mentors are paid by the hour.
Hesgard asked about the renovation to McCarthy Hall, how the $40 million will be used and if structural improvements are included. Dr. Johnson shared that most will be fire, health, safety improvements, and something wonderful for the second floor. Hesgard asked what will be done with rattlesnakes. Dr. Johnson shared that they will make sure all is safe.

**TIME CERTAIN**

Dr. Lisa Kirtman, Dean for the College of Education provided a PowerPoint presentation which is an attachment to the minutes.

Highlights:
- Former elementary teacher, has been with CSUF 18 years.
- College of Education is known for teachers; contains six 100% online masters programs; other fields include instructional design, higher education, and community college.
- Partnering with ASI - Titan Future Teachers that better focuses on students and how to better serve them, Center for Careers in Teaching (EC 379) where people who are active here normally graduate half a year sooner. They want to see more events/services focused on graduate students who have to be in the field all day long and normally cannot attend daytime events (advocate to keep offices open later).

La Scala shared many students come into the EC building with questions. She sends many students up to third floor for assistance.

Pettis shared she enjoys the Titan Future Teachers program and thanked Dean Kirtman for the support and help. Dr. Kirtman shared they have promotional items to help build community among those who are interested.

Sherman asked if there is a brochure or handout that can be distributed. Dr. Kirtman shared they just started this year will give information to Abu-Elhaija to share with the board.

Bora asked about undergrad students and if they can begin working towards their master's degree in their senior year. Dr. Kirtman shared yes, if they come to the center for careers in teaching, it is the best place to talk about the teaching credential. However even seniors can become teachers. Bora asked what this degree is called. Dr. Kirtman shared it is called a teaching credential, but you must have a bachelor’s degree before a teaching credential. Next summer a new 4-year program called ITEP will begin which is a blended program where bachelors and teaching credential in special education will be introduced. There is a huge need for special education and how to get teachers out in the field more quickly.

Abu-Elhaija asked if in the future will there be an exec EDD program. Dr. Kirtman needs approval from Chancellor’s office and right now they do not see a need since current programs are not full. They are open to it, but it is not one of the programs that is available to the college.

**EXECUTIVE SENATE ESC**

Rebecca Hesgard, CCRO for ASI Environmental Sustainability Commission (ESC), provided an update report on the goals, budget and activities for ESC. The report is an attachment to the minutes.
Rodriguez asked about the process for picking vendors for the farmers market. Hesgard shared the current market manager is being handled by Asha Nettles in LPD. In Spring will be starting with a new contracted market manager.

Mahamuni asked about the Earth Week Expo. Hesgard shared that ESC will be working to boost up the event in the spring.

Waymire asked when Earth Week is held. Hesgard responded she thinks it’s in March, but will look into it and get back to her. Edwards confirmed it is in April.

**AICA**

Elizabeth Jimenez-Perez, Chair and Rick Pinon, Vice President Finance for the Association of Intercultural Awareness (AICA), provided an update report on the goals, budget and activities for AICA. The report is an attachment to the minutes.

Shared APAC has been added back to the council. Additionally, some will be going on December 15th to the CA border to bring supplies to those in need and asked for donations. La Scala asked what type of supplies they would like donated. Jimenez Perez shared clothes, food, and water. Pinon shared blankets, hygiene products, baby clothes, and non-perishable food.

Aldazabal asked about the flyer for the event to pass around/post. Jimenez shared they will have a flyer created tonight. Baker asked if the flyer will include what items are needed and where to bring the items. Jimenez Perez confirmed.

Pettis asked if the event will be something that all organizations will be participating in. Jimenez Perez shared that they will be asking organizations to donate and participate.

Abu-Elhaija asked about AICA’s plans to help organizations understand the funding process. Jimenez Perez shared they held training this week and will be continuing to do that over the spring semester.

Torres yielded to Abu-Elhaija, Finance Committee Chair, to review the Committee’s discussion and the capital requests. Abu-Elhaija yielded to Edwards to review the request. Edwards shared there are two funds to cover capital expenditures, TSC for TSU/SRC items. The second is the Children’s Center capital funds. Once a year during late fall all projects are submitted to the Board for approval to address the needs over the summer. The Children’s Center HVAC unit requires updated software program to operate on the newer platform of Windows 10. He shared this request is to purchase the required upgrade to improve the system over the spring semester.

Torres yielded to Shayna La Scala, Children’s Center Advisory Committee Chair, to review the Committee’s discussion and the resolution.

Torres opened the floor to questions.

Hesgard asked why the Committee was considering changing the hours, and why they decided to keep them the same. La Scala shared that each year the hours are reviewed. The Interim Director evaluated current usage and shared that not many students utilize the Center towards the end of the day. However, the Committee decided changing would impact students, so the decision was made to leave the hours as stated.

Torres opened the floor to discussion. There was no further discussion.

This Non-Conflict of Interest Statement shall be submitted at the time a member assumes their official duties. Statements shall be retained in the ASI Administrative Office, TSU-218.

#### b. Ethics

**Introduction**
This code will serve as a minimum guide for ethical conduct and provide guidance and direction for all officers, directors, employees, and volunteers of ASI (collectively referred to herein as members or member) in the performance of their duties or in any context in which they are perceived as representing ASI.

**Laws and Regulations**
All members must comply with applicable laws and regulations governing the operation of ASI. This includes, but is not limited to, federal, state, county and municipal laws, the California Code of Regulations, the California Education Code, campus regulations of California State University Fullerton, and the Office of the Chancellor, California State University.
Business Practices
Business activities must be conducted under the highest standards. Members must not take unfair advantage of suppliers, vendors, and contractors through manipulation, concealment, and/or misrepresentation of material facts.

Members must not disclose a vendor's pricing or business activities to competitors. In the course of business, all members must refrain from any practice that could constitute unfair dealing. At all times, members must be accurate and truthful in all their dealings with vendors, suppliers, and customers and be careful to accurately represent the services and products of ASI.

Conflict of Interest
Members must avoid conflicts of interest. Business decisions must be made objectively on the basis of price, quality, service and other competitive practices. To avoid any potential influence from existing or potential vendors and customers, members are prohibited from accepting gifts, from vendors, suppliers, and customers, of more than token value.

Members transacting business or entering into contracts on behalf of ASI must not have any interest, financial or personal, in those transactions or contracts. Should a member have an interest in an organization with who the ASI transacts business, the member must recuse themselves from any negotiation, authorization, or approval of such transactions.

In addition, ASI Executive Officers and members of ASI governing boards must comply with conflict of interest regulations as defined in ASI Policy.

Members must not be employed outside ASI where the outside employment impairs their ability to conduct ASI business because of conflicts of interests and competing interests.

Anti-discrimination Policy
Members must not take actions that discriminate against anyone on an unlawful basis, including gender, race, religion, color, national origin, sexual orientation, medical condition, age, physical or mental disability, marital status or family leave status.

Public Disclosures
If members in the course of their duties are called to make public disclosures to any governmental agency, under no circumstances can statements be made that are untrue, or omit or misstate material facts.

If public disclosures are made to the press, members must seek to insure that the statements are clear and understandable and not misleading.

Confidentiality
Members must protect ASI confidential information and not divulge such to anyone except on a need-to-know basis. Members are expected to keep in confidence such information that would be considered confidential even if not clearly marked. This would include, but not be limited to, personal addresses, social security or other identification numbers, payroll records, performance evaluations, and/or personal information.

Respect
Members must work effectively with coworkers, customers and others by sharing ideas in constructive and positive manner; listening to and objectively considering ideas and suggestions from others, keeping commitments, keeping others informed of work progress, timetables and issues, addressing problems and issues constructively to find mutually acceptable and practical business solutions, addressing others by name, title or other respectful identifier and respecting the diversity of our work force in actions, words and deeds. Members must be able to work effectively within a complex organizational setting and a multi-cultured campus environment. Members must be able to establish and maintain effective, cooperative, and harmonious relationships with students, staff, co-workers, faculty, alumni and the general public.
Fair Dealing

Behind any code of ethics is the concept of fair dealing. As a guiding principle, members must respect and deal fairly with customers, suppliers, vendors, contractors, co-workers, and the general public. In the course of conducting ASI business, members must not take advantage of others by misrepresentation, concealment, misuse of confidential and privileged information, or any other practice of unfair dealing.

c. Fraud

ASI policy on fraud is established to prepare procedures that will protect ASI, its employees, and assets against losses stemming from illegal activities. ASI has a zero tolerance policy regarding such activities. ASI forbids the commission of any illegal activity by an officer, director, employee, or volunteer of ASI (collectively referred to herein as members or member).

The management of ASI is responsible for the establishment of procedures designed to prevent and detect fraudulent activity, including but not limited to fraud, defalcation, misappropriation, forgery, and corruption.

Reporting Responsibility

Each member of the management team will be familiar with the types of improprieties that might occur within their area of responsibility, and be alert for any indication of irregularity.

In the event a member detects or suspects fraudulent activity, that member must immediately report this to the Executive Director. The Executive Director will inform the ASI Board of Directors and the CSUF Director of Internal Auditing within twelve hours once the incident is brought to their attention.

In the event a member detects or suspects fraudulent activity on the part of the Executive Director, that member must immediately report this to the University Risk Manager.

Any reprisal against any individual reporting violations of this policy is prohibited. Any cover-up of a suspected incidence or retaliation in any form against witnesses is also prohibited.

Investigating Suspected Fraud

The Executive Director or designee in an investigation of fraud will have:

- Free and unrestricted access to all ASI records and premises, whether owned or rented
- The authority to examine, copy, and/or remove all or any portion of the contents of files, desks, cabinets, and other storage facilities on the premises without prior knowledge or consent of any individual who might use or have custody of any such items or facilities when it is within the scope of the investigation.

Any information received by ASI in the course of an investigation will be treated in confidentiality. As such, any employee should notify the Executive Director (or the University Risk Manager, in the case of suspected fraudulent activity by the Executive Director) and not engage a suspected individual or conduct a personal investigation.

Information discovered during the course of an investigation will be disclosed or discussed only with individuals on a need-to-know basis. Confidentiality must be enforced to avoid damaging the reputations of persons under suspicion who are found innocent of wrongdoing.

No information concerning the status of an investigation will be given out. The proper response to any inquiry is, "I am not at liberty to discuss this matter." Under no circumstances should any reference be made to "the allegation," "the crime," "the fraud," "the forgery," "the misappropriation," or any other specific reference.

Upon completion of the investigation, the Executive Director will file their report with the Director of Internal Auditing and the ASI Board of Directors.
Decision to prosecute or refer the matter to law enforcement officials will be made in conjunction with legal counsel, ASI Executive Officers, and the Director of Internal Auditing.

**Termination**
If an investigation results in a recommendation to terminate the employment of an individual, the recommendation will be reviewed for approval by ASI Human Resources and legal counsel. The policy will be reviewed annually and revised as needed.

d. **Whistleblower Protection**
ASI policies on Ethics and Fraud require directors, officers, employees and volunteers (members) to observe high standards of business and personal ethics in the conduct of their duties and responsibilities. All members of the organization must practice honesty and integrity in fulfilling their responsibilities.

**Reporting Responsibility**
It is the responsibility of all members to comply with the policies and to report violations or suspected violations in accordance with this Whistleblower Policy. ASI encourages initial reporting to occur internally to allow for expeditious resolution of all such matters and to minimize the effects of improper actions.

**Reporting Violations**
The Whistleblower Policy addresses the organization’s open-door policy and suggests that members share their questions, concerns, suggestions, or complaints with someone who can address them properly. In most cases, a member’s supervisor is in the best position to address an area of concern. However, if the member is not comfortable speaking with their supervisor or is not satisfied with their supervisor’s response, then he/she must speak to the Director of Human Resources. The supervisor and/or Director, Human Resources is required to report this notification to the Executive Director upon receipt. The Executive Director or designee will conduct an investigation of the reported concern. In the event that a concern involves fraud, then it must be directly reported to the Executive Director who has the responsibility to investigate all reported violations of policies.

**Handling of Reported Violations**
The Executive Director will notify the sender and acknowledge receipt of the reported violation or suspected violation within one business day. All reports will be promptly investigated and appropriate corrective action will be taken if warranted by the investigation. If the concern involves an incident of suspected fraud, defalcation, or other irregularity concerning corporate assets, the Executive Director will notify the Chair of the Audit Committee, Chair of the Board of Directors, and the University Director of Internal Audit in writing within twelve hours of receipt and work with the ASI Audit Committee until such matter is resolved. All concerns involving the Executive Director shall be directly reported to the University Risk Manager.

**No Retaliation**
No member, who in good faith reports a violation of the policies, shall suffer harassment, retaliation, or adverse employment consequence. A member who retaliates against someone who has reported a violation in good faith is subject to discipline up to and including termination of employment. This Whistleblower Policy is intended to encourage and enable members to raise serious concerns within the organization prior to seeking resolution outside the organization.

**Acting in Good Faith**
Anyone filing a complaint concerning a violation or suspected violation of the policies must be acting in good faith and have reasonable grounds for believing the information disclosed indicated a violation of the Policies. Any allegations that prove to have been made maliciously or knowingly to be false will be viewed as a serious disciplinary offense.
Confidentiality
Violations or suspected violations may be submitted on a confidential basis by the complainant or may be submitted anonymously. Reports of violations or suspected violations will be kept confidential to the extent possible, consistent with the need to conduct an adequate investigation.

- ii. A crippling disaster that severely impairs public health, safety, or both has occurred.

To determine that an emergency situation exists, two-thirds of the total Board of Directors membership (or if quorum is established, but less than two-thirds are present, a unanimous decision of the members present is necessary) agrees that one of the criteria exists, and that emergency action should be taken. The need for such action must have come to the attention of the Board of Directors after the agenda for the meeting was posted. In the event of an emergency situation, an emergency meeting of the Board of Directors may also be called.

A minimum of one hours’ notice shall be provided before such a meeting is called to order. The criteria for when such a meeting may be called shall be identical to that of part 1(a) above, and it must be called by petition of a majority of the membership of the Board of Directors. If any forms of communication are functioning, the Chair (or designee) shall attempt to contact every member of the Board of Directors, using the most recent contact list available, of the meeting time, location, and topic. The Chair (or designee) shall also perform their due diligence to inform the public, in any way possible, of the meeting.

If no forms of communication are functioning, this subsection is waived, and all persons shall instead be notified as soon as possible after the meeting, of the purpose and action taken (if any) at the meeting. After any emergency meeting, the minutes of the meeting shall be publicly posted for a minimum of ten days. Included in the minutes shall be a list of the persons and organizations that the Chair (or designee) successfully notified, or attempted to notify. Also, a copy of actions taken (if any) and roll call vote(s) taken shall be included. Under no circumstances may the Board of Directors meet in a closed session under discussion of an emergency matter, whether during a regular, special, or emergency meeting.

3. COMPOSITION AND DUTIES OF COMMITTEES

All items brought before the Board should be referred to the proper committee. Emergency situations, as defined by the Gloria Romero Open Meetings Act, may be immediately acted upon by the Board as defined by the Act. The committee must report each proposal, with the exception of the budget, back to the Board within two weeks. The chair of each committee shall be responsible for presenting over committee meetings and reporting the committee’s recommendations to the Board. No committee shall consist of two Board members serving from the same college. In the event a committee member should resign, a written notice of their resignation shall be submitted to the chair of the committee.

a. General Composition

All ASI Committees shall be composed of at least a majority of students. The chairs of ASI committees must be students. The chair and ex-officio members shall not be counted when determining if a committee is composed of at least a majority of students.

b. Director Membership

The Chair of the Board shall appoint directors for each standing committee. If there are not enough directors to fill the required number of seats on each committee the chair shall evenly appoint directors to the listed committees in the following order:

- Finance Committee
- Governance Committee
- Audit Committee
- Children’s Center Committee

Directors shall be appointed to other committees by the chair, unless specified, in no particular order.

c. Audit Committee

The Audit Committee is a requirement of ASI in accordance with the Nonprofit Integrity Act of 2004. The committee shall be composed of four (4) directors from the ASI Board of Directors, one (1) member of the ASI Finance Committee, and one (1) voting member of the Titan Student Centers Board of Trustees. The previously stated members must be students. Other voting members of the committee shall include two members from the campus community. All members must be approved by the ASI Board of Directors with a majority vote.
Each committee meeting requirement was added to make sure everything about the committee was in the policy
It was added when the positions should be filled for CC (language is from bylaws → policy)

Each committee meeting requirement was added to make sure everything about the committee was in the policy
Governance: All detailed explanation of filling vacancies was moved from bylaws → policy
BLRC: this committee was not in policy (all language is from bylaws). It was formatted the same as all the other committees.
• One Director shall be chosen through a bi-annual alternating system and should represent four different colleges:
  o One Director from each of the colleges shall serve on the committee on even-numbered years: College of the Arts, College of Communication, College of Humanities and Social Sciences, and College of Natural Science and Mathematics
  o One Director from each of the colleges shall serve on the committee on odd-numbered years: Mihaylo College of Business and Economics, College of Education, College of Engineering and Computer Science, and the College of Health and Human Development.

It is not current practice to submit items to the Executive Assistant → Changed to current practice (Chair)

Three legal days is when the agenda is sent out, this does not give enough time for the Chair to prepare properly→ Changed to more realistic due date

Public notice was in the bylaws but not in policy (language is the same as the bylaws)

The policy described agendas, public speaking, and emergency meetings but did not include regular or closed meetings.

These were added with the same language as it is currently stated in the ASI Bylaws
Special Parking Privileges was moved to the end of the Policy

Hey all,

I hope you all are hanging in there, final stretch! Please get some sleep, take care of yourselves and push through. As we go into a crazy time in our lives, make sure we are supporting each other.

CSFPB

Part of my position is to be the student representative on the Cal State Fullerton Philanthropic Board, which is like the “BOD” for the university Advancement portion of the campus. This board deals with alumni and high stake holders for the surrounding community leading efforts in advocacy and fundraising. This past meeting there was a huge discussion about third party analysis for our alumni donors. There’s a lot to share but one thing that I will say is there is a huge potential for the university to draw dollars from donors. We are above national rating in approval and favorability. An interesting thing to note is the survey unveiled that most donors want to donate to Academic Innovation over everything else, including Student Engagement. About 63 percent of these donors are willing to volunteer their time or money at any level. This means to huge opportunity to the university and for us this means that there is a small but dedicated community for those who are looped in on our success. I will have a meeting hit Execs to see how we can use this data as well.

SSI

I recently held an SSI Fee advisory committee meeting that went into about half of the centers that use the fees. The students who sit on these committees are asking good questions and are ensuring that money is being spent in the best interest of the students. Due to the timing, I will present on these in the spring with both SSI and SFAC (Student Fee Advisory Committee). In related to, I followed up on questions about graduation fees.

Exec Survey

You all should have gotten an email from Drew about our Exec Team Survey. In this survey we are asking for you all to evaluate us on our performance and anything relating to our position, please be honest as we will dive into these things over the winter break and present on them at a meeting when we return. If you have any questions please let me know.
Hello everyone! I hope you all are preparing for finals! Below is my BOD report. Sorry for how long it is, I tried to make it easy to read and concise!

**Scholarships**
Scholarship recipients will soon get their checks! Also we were able to **double** the amount of applicants this year!

**ASI Banquet**
Banquet planning has started, so if you all have any suggestions let me know!

**President’s Committee on Equity & Inclusion**
The committee is separated into two subgroups, a programming and policy committee. I sit on the programming subcommittee, and we are in the process of revamping the Titans Together website. Below is a link to the website.

[http://together.fullerton.edu/](http://together.fullerton.edu/)

**Academic Senate Diversity & Inclusion**
We are currently discussing the definition for diversity that will go into the University Policy Statement 210.001 Recruitment and Appointment of Tenure-Track Faculty.

This is the current definition on the UPS:

III. DIVERSITY
CSUF seeks to cultivate an environment that respects differences in various forms – race, ethnicity, gender, age, (dis)ability, sexual orientation, religious or political beliefs, marital status, and status within the University – and is committed to ensuring equal opportunity in its employment. Recruitment of tenure-track faculty shall be consonant with applicable equal employment opportunity policies and procedures. Departments shall recruit from a wide variety of educational institutions to provide significant breadth of background and experience. Ideally, applicant pool demographics will be aligned with national pools of appropriately qualified candidates and should also be evaluated in relation to the student population of the department.

ASI CHIEF COMMUNICATIONS OFFICER
KAETLYN HERNANDEZ

Hello everyone! With the semester getting ready to close out, my teams and I’s plans are starting to dwindle down to end so that we can spend the last two weeks focused on school. Communications Team has one last A Case of the Monday’s during finals week where they will be giving out pizza in the library. CEC has planned their events for next semester and submitted them into the calendar. I am going through a feedback stage with the Ambassador program so I can expand on it in the spring. Good luck everyone with your finals!

ASI CHIEF CAMPUS RELATIONS OFFICER
REBECCA HESGARD

Hello everyone! Hope you're pushing through all the classes, ASI work, and personal life commitments that Week 14 of the semester entails! A brief look at last week for me was:

- **Disability Support Services** - Met with the Director and Assistant Director of DSS with Josh, Tristan, and Maria to debrief student concerns and their departmental decisions/practices. This is likely to be part of a larger conversation with the University regarding this community.

- **ASI Roundtable Project** - I facilitated all of my scheduled roundtables for the APIDA, African American/Black, and Pregnant or Parenting student communities. Heard really insightful and important feedback and am very happy with the success of this initiative. As an exec. team, we will be reaching out to the student leaders in attendance at each roundtable for their notes to be complied with our own for a larger report to be distributed back to Board members and the University in the spring.
DON'T FORGET: there are still three roundtables this week, so be on the lookout if you signed up to attend one of them.

**Monthly Friday Meetings** - Attended our monthly student leadership meetings with Dave/Drew where we discussed how ASI will address the University Strategic Plan. Also touched base regarding our projects with Dr. Eanes and Dr. O

**ASI Alumni Homecoming Mixer** - Huge props to the ASI pro-staff for putting this event together. It was truly so amazing to meet ASI student leaders from the 80s and onward and to discuss how things have changed as well as their experiences during their time as student leaders!

Overall, I am looking ahead towards planning for spring in my role. I will provide updates of my projects once I develop more of a plan with the goals I have set out for myself at the beginning of my term. Have a great week everyone!

**ASI CHIEF GOVERNMENTAL OFFICER MEGHAN WAYMIRE**

Hello everyone! I hope you had a great weekend and are starting to study for finals!

**CHESS**

This week Lobby Corps will be doing classroom and club presentations for the California Higher Education Student Summit (CHESS). We take a delegation of students to CHESS where we lobby in Sacramento for a fully funded CSU. If you have a specific club that you would like to receive this presentation, please let me know and I'd be happy to send a member of my time or at the very least I can share the PowerPoint presentation with y'all. Applications for CHESS will open December 15th and close January 15th. Interviews will start the week we get back from break and then we will dive into lobby training.

Next week on Tuesday and Wednesday we will be hosting CHESS info sessions where students can learn more about CHESS and ask questions.
Tuesday, Dec 11 from 4-5 in TSU Alvarado
Wednesday, Dec 12 from 1-2 in TSU Heterbrink

Student leaders are welcome to apply to CHESS

**CSSA**

The next CSSA meeting is January 18-20 at San Diego State! If you are interested in attending, please fill out the interest form and let me know.

I will be presenting at the next board meeting where I will go over some of the things that have happened at CSSA as well cover some action items that will be on future CSSA agendas.

Again, let me know if you would like email updates about what is happening at CSSA meetings.

Meeting with Dr. O this week to work on marketing for the student trustee applications.

**Lobby Corps**

Policy agenda is almost done.
Advocacy coordinator is working with the Financial Aid office to work on the financial aid campaign.

We are looking at what type of phone banking and letter writing campaigns we can do in the spring.

I have a meeting with the Gov & Community Relations Office this week to discuss in-district lobby visits as the newly elected officials take their seats and the leg. calendar starts back up.

Thank you and feel free to reach out if you have any questions or concerns!
