**ASI Board Report**

**Organization:** Arts Inter Club Council (AICC)
**Organization Type:** Umbrella
**Meetings:** Every Monday; 12-12:50pm

**Short-term Goals:**
AICC’s short-term goals that our organization would like to accomplish by the end of the semester are as follows: AICC would like to help the recognition of student organizations that are centered around the inclusivity of all people within the College of The Arts. Regarding how AICC runs and what we represent, we want to continue the improvement of our org and what is entailed in our constitution and bylaws, as such we have planned to revise it to include more inclusive language. In addition, AICC plans to initiate and carry out a social media campaign targeted to inform the general student body of what AICC is as well as to highlight our hardworking AICC Representatives.

**Long-term Goals:**
AICC’s long-term goals that our organization would like to accomplish by the end of the semester are as follows: We intend to still have our annual ICC week for the 2020-2021 academic year which we would hold during the Spring 2021 semester. Planning for Arts Week 2021 event has already begun. In addition, AICC advocates for the development and recognition of clubs, something we intend to work hard on throughout the academic year. Finally, our main long-term goal is to fund events proposed by our recognized clubs to help better their learning even in such a trying time as now. AICC looks to not only act as an organization but to also act as the liaison between the College of The Arts and its students.

**Current Funding Status:**
Regarding our A-side budget, AICC plans to spend our finances on the funding for events that are proposed and approved by AICC and its Representatives. In addition, we intend to utilize our funding for the virtual Arts Week occurring in the Spring 2021 semester. AICC is currently determining whether our org would like to purchase shirts, however, at this time, we have not reached a decision. Our potential price that AICC would use from our A-side budget is roughly $650. Currently, we do not have any spending for events held by recognized organizations planned except for a potential guest speaker event costing us roughly $200 held by the Fullerton Saxophone Alliance Student Organization. Our B-side budget will be used only for virtual conferences as stated that travel is prohibited by the Chancellor's Office however, should our recognized clubs plan to attend any virtual conferences/competitions, AICC will potentially fund these events on the basis that it is approved within AICC.
Planned Events:

Currently, we are planning for Arts Week in the spring semester. We will be working on creating a vision of how Arts Week will run virtually with the undetermined Arts Week Coordinator. On Monday, September 14, AICC held an event with Dean Dale Merril to provide an opportunity to connect with fellow Titans and the College of The Arts. Our event encompassed Dean Merril’s COTA updates, and a Q&A that was facilitated by AICC, its Executive Board, Assistant Dean Alverado, and Dean Merril. Participants included any COTA students, AICC representatives, and students who were looking to get involved with one of our recognized organizations. Evidently, the event was a success and provided our participants with the opportunity to connect with the COTA community, their dean, and to have challenging questions answered. AICC is planning to hold other events sponsored by AICC as a whole, however, nothing is concrete at this time.

What do you believe is the role of ASI on our campus and how does that role relate to this position? *
I believe the role of ASI on our campus is to bring our communities together while enhancing the Titan Experience for all of our students. ASI helps our students live out their passions while being able to build connections for their futures. ASI also helps enhance the college experience by helping students get involved, building everlasting friendships and relationships, and making the experience enjoyable through what ASI was to offer (ex: events, clubs, etc). I believe this position is to help those students who are looking to pursue a future in education, get that enhanced Titan experience. This position is extremely important in a numerous amount of ways, but I believe the most important job is to help find and build connections for those students who have a passion for education.

Tell us about any relevant past involvement or work experience that you have and how it will help you as a Director for your college.

I have had a numerous amount of leadership experience. Starting in high school, I was extremely involved in the leadership program and served as many different positions, including president. In college, I was the community service chair to the SCICC, the women’s team leader for CRU ministry, and I am currently the Director of Event Planning for the ECICC. I also have been involved with different teaching clubs on campus throughout my years at CSUF.

I also have worked a year, and currently work, in the Murrieta Unified School District. This experience has helped me grow as a future educator, and has helped me learn a lot about what goes into running a school district.

I believe with the combination of my different leadership experiences and working in a school district will help me make a positive impact in this position.

Why are you applying to the ASI Board of Directors? What do you hope to accomplish and/or get out of the experience?

I am applying for this position because I am extremely passionate about becoming a future educator and would love to be able to help other students find their passions as future educators as well. I have always been impressed with what the College of Education has to offer for those who are looking for a future in education, and I want to be able to enhance that experience and make it known for those who are pursuing a career in education. If I were to earn this position, my biggest goal would be for the programs, clubs, and opportunities to have under our college to grow. I also want to make sure that every student in this college feels REPRESENTED and is also able to get equal opportunities to grow as a future educator. This can be done in starting new clubs or holding more informational events to help grow our amazing college.

Please state any other information that you believe should be considered in this application.

I am extremely passionate about making a difference in the world as a future educator. With the opportunities, resources, and events the College of Education has to provide, I feel as if I came become a great future educator. The reason why I am so passionate about earning this position is because I want other students to get those same opportunities and feel the same way as I do. I know there are several students on campus who are looking for growth and opportunities as a future educator, and in this position, I will be able to make that happen. I am passionate about finding others who want to make a difference in the world as an educator and I would love to help our college grow.

My name is Michelle Ayala and I am a 3rd year Business Admin major. I have been involved in multiple clubs on campus including Hermanas Unidas, Ballet Folklorico, and LBSA which are all part of AICA. When I started my first semester at CSUF I knew I wanted to join clubs that kept me connected to my roots so I joined these 3 Latinx orgs. I believe joining these clubs have helped me evolve as a person and find my voice and place on campus. This past year I held a board position in LBSA which helped me strengthen my communication skills and help me connect with business professionals. I believe I am a good candidate because I am a reliable person and I like being involved on campus. I like being able to meet new people and build relationships.

It is more than just fun events and free food, I like to think that ASI allows students to make important decisions regarding things that ultimately could benefit or even affect us as students. I hope I can be that support for intercultural clubs and help them find their voice that they deserve.

1. In your own words, describe the purpose of AICA?
I believe the purpose of AICA is to allow cultural clubs to find their voice on campus. It creates a safe space for these clubs to advocate for their members in order to be part of the Titan community.

2. Tell us why you think multiculturalism and diversity is important at CSUF
As a hispanic, I would love others to see my Mexican culture and share with them what it means to be Latina. I think it is important to show diversity on and off campus so we understand why people are the way they are and the experiences and culture they have endured. It would allow us to be more open-minded as an individual.

3. Tell us the type of events and/or which positions you are most interested in and why, including any relevant experience you have for these types of events or positions
I am interested in running for Vice Chair. To my knowledge, this position requires one to take care of minutes and agendas. It is similar to an Administrative job which is my major. I am looking for experience and I believe that I am a good candidate for this position. In my everyday life I keep an agenda and I have reminders in order to keep my schedule on track. I would say I am good at time management and I allow myself to complete work on time. As Vice Chair I will make sure to keep everyone up to date and organized with board discussions and/or any proposals. I will keep everything up to date in order to have our meetings run smoothly.

4. Describe the ideas or goals you have for next year for the type of events or positions you are interested in
Since, Fullerton has moved to online classes for the Fall I know it is going to be a tough semester for all of us. As we adjust to this new system, one of my goals is to keep all agendas up to date in order to guarantee an easy adjustment to virtual events. I want to make sure everyone has information on time since it won't be as manageable to meet up and discuss things one-on-one.

5. Describe how you would promote the activities and events of AICA
I would promote events through my social media and newsletter through email. We must adjust to virtual events for now so I plan to use as many resources to reach every org on campus.

Tell us about yourself (tell us about your background, your past experiences, and what makes you a good candidate for the position; include any information that you think appropriate and important for us to know): *

I am currently a fourth year student at CSUF and am pursuing a career in occupational therapy. I began working for ASI Titan Recreation as an attendant and official for intramural sports (IMs) my first semester back in August 2017. I have been instilled with customer service, inclusivity, and accountability skills. IMs has patrons from so many different backgrounds and cultures and that has always been one of my favorite aspects of the job because I have been able to meet and build relationships with not only the professional staff and fellow staff members, but patrons of their own uniqueness and astounding personalities. I then trained for and became a program lead for IMs where I further enhanced my skills of particularly inclusion and productivity. I learned to listen to my staff and patrons in order to cater to their needs and the resources they needed to succeed and thrive in our program. During the last academic school year, I also served as a peer mentor for first time freshmen. In this position, I was responsible for working closely with my faculty to provide a safe and comfortable space for the students. This was done through the planning and execution of activities and icebreakers. Another duty of mine was to meet one on one with my students and this was by far one of the most life changing experiences for me because I learned about each student’s daily struggles and difficulties and it made me realize how despite the backgrounds of people being challenging for them, they are still so tenacious and hard working. This experience helped me to become the mentor and resource person my mentees needed. I believe these experiences make me a good candidate for this position because of my ability to lead and my ability to adapt to my environment to be the person my program needs.

Tell us what you think the purpose of ASI Programming is and why you want to be a part of ASI leadership (tell us why you think ASI does what it does, what you hope to get out of the experience, and what you hope to learn): *

The purpose of ASI Programming is to foster the social life on campus. It is to put on events and opportunities to escape the daily stresses of academic life that students face. I would like to be part of ASI leadership because I want to contribute to the ASI community that helps students get that social interaction and fun they need. I think ASI does what it does to give the students on campus a voice and to let the students create the campus culture because no other group of people besides the students knows what the campus actually needs and wants. I hope to get unforgettable memories and connections with my peers and faculty. I also hope to grow professionally, academically, and personally. Most importantly, I hope to learn to enjoy the moment more with my peers and to learn how to be a better person towards them. I want to learn more about how fulfilling and wonderful it is to find value in every person I encounter.

Association for InterCultural Awareness (AICA)

Positions:
- Vice Chair
- Diversity Coordinator
- Events Coordinator
- Student-At-Large*

1. In your own words, describe the purpose of AICA?
2. Tell us why you think multiculturalism and diversity is important at CSUF?
3. Tell us the type of events and/or which positions you are most interested in and why, including any relevant experience you have for these types of events or positions?
4. Describe the ideas or goals you have for next year for the type of events or positions you are interested in?
5. Describe how you would promote the activities and events of AICA *

What ideas or opportunities do you see for collaboration within and across the different ASI Programming areas and also with other ASI groups, leaders, or departments and/or with other CSUF organizations, programs, or departments. Provide specific ideas or goals, if any. *

I most definitely see opportunities for collaboration with the SRC, OFYE, and housing and residential engagement. My experience with the SRC and OFYE can help me with reaching out to professional and student staff and asking them to collaborate with AICA and its events and most of all spread the information of events and initiatives put on by AICA. I know of a couple of peers who are going to be resident advisors for this coming school year and although the chance of students living on campus is low, there can definitely still be active communication in order to build relationships for the following year.

One event that I think would be wonderful to have in collaboration with the SRC is a basketball or mini olympics tournament where the proceeds go to different areas of the community such as mental health, cancer/health, and disability charities. I feel this would be a great opportunity to not only give back to the diverse background of the community, but to also highly encourage campus wide clubs and organizations to join.

Another event I think would be amazing is a type of night food market hosted at school. AICA could collaborate with the following: productions to have entertainment present, street team to help advertise and run the operations of the events, and Titan Tusk Force to encourage athletics to attend; this could also be an opportunity as a pre-game celebration for the beginning or ending of the athletic season that semester. Most importantly, culture based clubs can have their own food stand and showcase their cultural traditions and values. These two events could help everyone come together and learn to appreciate each other more.

Tell us about other commitments and involvements you have planned for summer and next school year (tell us about clubs, organizations, and campus programs you are involved with, other leadership positions you have accepted or are applying for, plans for study abroad, jobs, internships, fieldwork, etc. that will be on your plate. ASI leadership is a big commitment and we want to make sure you will have time for this involvement): *

I am currently in the process of interviewing for a part time position as a behavioral therapist. This position would require me to work mostly during the week and maybe Saturdays. I am also stepping down to the position of attendant for intramural sports, however, our in-person season and, therefore, work has come to a pause for fall 2020 due to COVID–19. I am also a general member of the Kinesiology Student Association and also hope to become a general member of the Allied Health Student Association.

1) AICA is the bridge between all communities. It helps students and faculty from such a variety of backgrounds to come together and not just learn more about one another, but to show support and appreciation towards each other as well. Most of all, it helps the community learn past culture and into other aspects such as socioeconomic status, age, etc.

2) Multiculturalism and diversity are such vital aspects on campus because not only do we have students from all across the country and world, we also have students from different religions, abilities, genders, ethnicities, ages, and sexual orientations. Having a great mix of cultures and identities on campus may be deemed sometimes difficult because it can be difficult to cater to all, but I think that is the beauty of multiculturalism and such a diverse campus; it is an ongoing learning process. There is always room to learn and grow and simply be kinder to one another. These two are also important because it is important to have representation and active inclusivity when one leaves college. The workforce is filled with unique backgrounds and perspectives so it is important to learn how to be a kind and considerate person.

3) I am interested in the events coordinator position because I would like to further my knowledge of how to be as actively inclusive as possible and to also put on events to bring more awareness of sensitivity to cultures. I absolutely admire the beauty in every culture and this would be a great opportunity to assist others in also seeing that beauty. During my time as a program lead at the SRC, we would host special events or tournaments such as activities for the fans during playoffs.
week. My managing team and I would also facilitate icebreakers and activities at the staff meetings. These icebreaker games were planned ahead and most importantly they were planned carefully because we wanted to make sure it would be an activity that did not exclude anyone or put anyone down. We focused a lot on expressing gratitude and stress-free and fun competitions.

4) The goals I have for next year as events coordinator are rapport, trust, and community. It is due diligence for me to create and build relationships with not only my team and support system, but especially my fellow organizations and students. Building rapport can aid in the development of events because it can give me the chance to see what resources and opportunities the students notice are lacking on campus. Trust is also an important component because that is what helps a team thrive and succeed. It is so crucial for my team to believe in my abilities and for me to believe in and support theirs. Lastly, community is a necessity. Community within AICA, our partners, and the students. I feel that creating a culture of community will inspire students to want to attend the events and to voice their opinions and questions towards matters on campus.

5) I would promote the activities and events of AICA by actively communicating and engaging with campus clubs, organizations, and ASI departments. The student recreation center and office of first year experience would be hotspots for me to promote because of the connections I have made with the staff and students. I would also want to look into attending events and meetings of other organizations to showcase the support of AICA and to also encourage students
to attend and participate in the events of AICA. Lastly, social media is a popular outlet because the vast majority of students are on social media; this would be done through the collaboration of ASI marketing. Most of all, the promotion of AICA would come from word of mouth through networking connections and rapport that has been established with organizations.

I have been sharing information regarding the Ballot Bowl and CSUF has been in first place for the last week. I attended the September Plenary this past weekend. Unfortunately, the PHRA resolution was sent to committee and will hopefully be voted on during the October Plenary.

- I attended the CSSA September Plenary along with my lobby corps coordinator designated to CSSA and Marcus, our ASI President.
- PHRA Meeting
- I met with students and faculty from different student groups amongst the Philipinx community interested in trying to get the PHRA Resolution passed at CSSA. After

**CHIEF COMMUNICATIONS OFFICER**
Khai Hoang

**Summary:**
Hello everyone, hope you all are well! Given the news that our campus and students will remain predominantly online throughout the spring semester, I spent a lot of time these last two weeks working with both my commissions and advisors to move away from an eventual "return-to-campus" mindset, and to focus our priorities and projects to best fit this time. For CEC, I worked with their director, Amanda, to reach out to Katie Savant in GOVRELS as well as different city departments to find collaborative projects to work on, like poll-working and park cleanups. The Comm. Team is moving ahead with drafting formal rules to allow certain student leaders temporary access to social media platforms for "takeovers" for specific student engagement pieces. The last major piece I want to share is a collaborative effort between myself and programming to bolster the Ambassador program through Street Team. Please make a sincere effort to participate in this program; as student leaders, your experience and guidance are incredibly influential in potentially supporting the development of new leaders.
Events/Meetings Attended:

- Meeting with CEC Director Amanda Alvarez and Katie Savant from GOVRELS
  - Planned initiatives that the CEC can work on and begin drafting for monthly events in collaboration with the city while still respecting social distancing guidelines. These plans include guides for students interested in being poll-workers, and a potential socially distanced park clean-up.
- Meeting with Art Serna and Jacob Fry to record ASI segment of Convocation video
- Meeting with Maria, Adriana, and Seleena to discuss HHD Marketing strategy
  - We decided to use this opportunity to have our first Instagram Takeover be with Adriana as she fields questions about the responsibility of a BOD member representing HHD to do more intentional outreach in engaging HHD students who may otherwise be hesitant to apply for the role.
- Comm. Team Weekly Meeting
  - Brief meeting to discuss Provost Edition Question Tuesday and Instagram Takeover guidelines.
- CEC Team Weekly Meeting
  - Amanda led the team through further planning for monthly events
- Meeting with Jacob and Mel from Programming to discuss the Ambassador program and create sign-up form(s) for student leaders and interested students

Projects:

- Encourage student leaders in ASI to sign up for the Ambassador program and elaborate further on the details of the program as well as the responsibility student leaders will be taking on. Finalizing the interest form with guidance from programming and Street Team before moving to Marketing and Design for promotion and addition to the ASI Website.
- Revise and update “Fully Informed” as well to be more informative and briefer for students, and hopefully increase their reach. This will be done by having short biweekly/weekly updates from ASI regarding events and resources, as well as monthly/bimonthly longer conversations with key campus individuals to elaborate on items of particular interest.
- Work with Art and Scott to begin filming and layout for the Direct from the Board series this year, with cautious understanding of bandwidth limitations given the amount of visual marketing ASI is utilizing this year.

GOALS FOR NEXT WEEK:
Here you will outline the goals and priorities that you will work on for the following week.

- Working with Art and Scott on the scheduling for the recording of both Fully Informed and Direct from the Board. Personally will begin drafting simple script outlines to be ultimately approved before recording.
- Work with CEC to finalize their event list and move into planning and marketing phase. May outreach to Street Team.
• Recruit student leaders for the Ambassador Program and begin Marketing for students-at-large who are interested.

ON-GOING:
• Attending the Comm. Team, CEC, one-on-one with the CEC Director, Programming, Governance Workgroup, University Events Committee meetings regularly
• Biweekly check-ins with my advisor
