6. **Time Certain**

a. **1:30pm: Fram Virjee, President, CSU Fullerton**
   President Fram Virjee shared information regarding changes in policy and status in dealing with pandemic-related issues. He provided information regarding DEI goals, compliance with vaccine and mask mandates, and student safety. President Virjee reviewed the protocol for non-compliance with pandemic-related mandates with emphasis on safety for all students. Shared information regarding statistics for recent changes, programs to help with overall mental health, food and housing insecurity, Graduation Initiative 2025, equity gap for under-privileged students, strategies to promote diversity, related training, retention of faculty, budget and related allocations of funding.

b. **2:00pm : Ron Coley, VP Administration & Finance/CFO**
   Ron Coley, Vice President for Administration and Finance/CFO, shared a presentation on the Division of Administration and Finance. Shared information regarding his position-related experiences and an overview of department goals related to student success.

   Chuck Kissel, Executive Director of ASC, shared a presentation on the Auxiliary Services Corporation. Shared information regarding creation of student jobs, student jobs benefits, direct support of students, student services, and related student testimonials.

   Kristen Jasko, Director of Parking and Transportation Services shared a presentation. Jasko shared information regarding options for the parking of bikes on campus and related fees, and information related to the Eastside North Parking Structure.

   Ali Izadian, Associate Vice President, Capital Planning and Facilities Maintenance, shared a presentation regarding Capital Programs and Facilities Management. Shared information regarding Service Request App, plans for campus development, proposed future building projects, status of various projects and improvements to be made,

   - Michell asked about the start of the Engineering building project and its appearance upon completion. Izadian shared the estimated completion is 2023-2024.
   - Wong asked about Titan Direct Access, relating to text book materials, and possibility of expanding free access to such materials for the duration of the semester. Kissel shared information regarding the implementation and expansion of free access to materials for students and departments related to funding.
Diaz shared student concerns about resident students and issues related to parking, and a request for confirmation of plans to remedy the issues. Jasko responded that they are evaluating and have plans to address the issues related to parking and safety for resident students. Student-resident vehicles don't move as often as students who commute. This has impacted the flexibility and availability of parking spaces. Construction has also played a part in impacting parking spaces. There are currently plans in the works.

c. **2:30pm: Andy Maffia, Aldrich & Associates, Audit Report**

Student Testimonial

“ASC has helped me succeed professionally while also attending school full time. I have created good working relationships with my co-workers and learned to work in a team as well as independently. The skills that I’ve gained while working here have taught me to be more confident in my work ethic and take more risks and challenges in school. “

Proposed Future Projects

AS LISTED IN MULTI-YEAR PLAN 2021/2022 THROUGH 2025/2026
Science Laboratory Replacement/ Surge Space Building

The program will construct a 60,000 ASF / 92,000 GSF Science Lab to use as surge space for other capital projects and ultimately replace fume hood intensive wet labs in McCarthy Hall.

This replacement building will replace 1,719 FTES, 20 faculty offices, and graduate research space.
McCarthy Hall – Phase 2 & 3

This project includes core building infrastructure improvements, plus remodeling of the basement and floors 1, 3, 4, 5 and 6.
Engineering and Computer Science Expansion/Renovation

Expansion
This project will construct an approximately 157,000 GSF addition to support the current enrollment and the future growth for the College (removal of 2 small buildings).

Renovation
The 125,600 GSF renovation project will correct functional, building code and programmatic deficiencies and extend the service life of the complex (2 towers).
Humanities Renovation

This 50-year-old building requires comprehensive renovation and renewal to support current and future academic needs.
Langsdorf Hall Renovation

This project will correct functional, building code and programmatic deficiencies and extend the building’s service life by 50 years.
Pollak Library South – Floors 2, 3 and Remaining of 6

This project is the final phase of the Library of the Future (LOFT) initiative to adapt the building to support modern library practices and methods, emphasizing student learning and digital resources.

PAC/UA REPORT

Presidential Appointee Commission and University Affairs Commission

The Presidential Appointee Commission is continuing to fill the vacant student positions on an array of campus-wide committees in Academic Senate, along with the IRA committee since we came across scheduling conflicts with a student representative, and finding the last two representatives for SFAC (student fees committee). Student representatives that sit on these university-wide committees work closely with faculty and administrators to handle various parts of campus life, academics, and planning.

The Commission has been in touch with Associated Deans of every college to do outreach to the ICCs, attended on-campus club and organization meetings, as well as outreach to the resource centers as well. We will continue to share links for the application and more information to the rest of the Board as well.

Although there are no funds expended, we have plans in place to support the students on committees throughout the year, such as connecting them with previous student representatives who sat on the same committee(s) and giving them a brief overview on what to expect/what the committee will go over for the semester. There are currently no events in the works for PAC.

https://asicsuf.wufoo.com/forms/sfac-and-ssifac-interest-form-20212022/

There is currently still an open position for the University Affairs Commission as we do not have a coordinator just yet, although I believe a couple of students have applied and we’re waiting for review. We hope to approve and interview those students and get the UA position filled as soon as possible. There are no funds expended and no events in the works.

To assist you in your responsibilities as a member of the Board of Directors, this section summarizes the most significant conclusions reached and issues addressed during our audit of Associated Students, Inc., California State University, Fullerton for the year ended June 30, 2021.

SIGNIFICANT CONCLUSIONS AND ISSUES

We have completed our audit and issued our report, dated September XX, 2021. Based on our work performed:

- Our audit scope was in accordance with that communicated in our engagement letter dated June 25, 2021.
- We rendered an unmodified opinion on the June 30, 2021 financial statements.
- As reported in the audited financial statements, we identified one condition which we consider to be material weakness in internal controls.
- Audit areas designated as greater than normal risk have been addressed and resolved to our satisfaction, in the context of the overall fairness of the presentation of the financial statements.
- We received the full cooperation of management and staff throughout the audit and were kept informed as to developments and plans affecting our audit scope.

The following report includes required communications and additional information for the benefit of the Board of Directors.
To the Board of Directors  
Associated Students, Inc., California State University, Fullerton

We have audited the financial statements of Associated Students, Inc., California State University, Fullerton (ASI), for the year ended June 30, 2021, and have issued our report thereon dated September XX, 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and Government Auditing Standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated June 25, 2021. Professional standards also require that we communicate to you the following information related to our audit:

**Significant Audit Findings**

**Qualitative Aspects of Accounting Practices**

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by ASI are described in Note 2 to the financial statements. As described in Note 2, ASI adopted Accounting Standards Update (ASU) No. 2014-09, *Revenue Recognition for Contracts with Customers* (Topic 606). There was no impact to the accounting treatment of revenue as a result of this adoption. We noted no transactions entered into by ASI during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management’s knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

- **Management’s estimate of the collectability of outstanding receivables** based on their assessment of the credit worthiness of the customer or entity. We evaluated the key factors and assumptions used to develop the allowance in determining that it is reasonable in relation to the financial statements taken as a whole.

- **Management’s estimate of the useful lives of furniture and equipment** is based on management’s estimate of the life of the assets. We evaluated the key factors and assumptions used to develop the useful life in determining that it is reasonable in relation to the financial statements taken as a whole.

- **Management’s determination of the assets that should be capitalized** in the records of ASI versus those that should be transferred to the University and capitalized by the University. We evaluated the key factors and assumptions used to determine which assets should be capitalized in determining that it is reasonable in relation to the financial statements taken as a whole.

- **Management’s estimate of the allocation of functional expenses**, which is based on square footage, time and effort, and usage. We evaluated the key factors and assumptions used to develop the estimates related to the allocation of functional expenses in determining that it is reasonable in relation to the financial statements taken as a whole.

- **Management’s estimate of the pension and other post-employment benefits liability** is based on the results of the actuarially determined liability. We evaluated key factors and assumptions used to develop the estimates related to the pension and other post-employment benefits liability in determining that it is reasonable in relation to the financial statements taken as a whole.

- **Management’s estimate of the value of in-kind contribution of space** from the University for the usage of buildings at no cost. We evaluated key factors and assumptions used to develop the estimate related to the in-kind calculation in determining that it is reasonable in relation to the financial statements taken as a whole.
Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There are two sensitive disclosures affecting the financial statements:

- Note 3 which discloses ASI's cash management and available resources.
- Notes 6 and 7 related to the pension plan and other post-employment benefit liability is sensitive as it is significant to the overall financial statements. This liability records a future liability for the pension and other post-employment benefits of ASI.
- Note 8 which discloses the net assets and associated restrictions.

The financial statement disclosures are neutral, consistent, and clear.

**Difficulties Encountered in Performing the Audit**
We encountered no significant difficulties in dealing with management in performing and completing our audit.

**Corrected and Uncorrected Misstatements**
Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The attached schedule summarizes corrected misstatements of the financial statements. There were no uncorrected misstatements.

**Disagreements with Management**
For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

**Management Representations**
We have requested certain representations from management that are included in the management representation letter dated September XX, 2021. A copy of the letter is included for your reference.

**Management Consultations with Other Independent Accountants**
In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the ASI's financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

**Other Audit Findings or Issues**
We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as ASI’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

**Other Matters**
With respect to the supplemental information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with U.S. generally accepted accounting principles, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplemental information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.
This information is intended solely for the use of the Board of Directors and management of Associated Students, Inc., California State University, Fullerton and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,
Financial Reporting

ASI uses fund accounting to record all financial activity during the year. Due to this, there are 4 different trial balances that are required to prepare the complete ASI financial statements. During the audit there were material changes made to a trial balance after the audit was started, which required Aldrich to record a significant journal entry to reconcile. It was also identified that the trial balances from the June 30, 2019 audit did not reconcile to the accounting system as of June 30, 2019 due to entries that were not posted to the accounting system. Net assets by fund also did not reconcile due to an unposted entry.

Status: This has been corrected in fiscal year 2021. There are still separate funds but the accounting team ensured that all the interfund activity was balanced and reconciled at year end.

Fund Accounting

ASI uses fund accounting to account for different departments (Instructionally Related Activities, ASI, Agency, and Titan Student Center). ASI has an agreement with the University to provide disbursement services for the CSU Fullerton Athletics Department (Athletics). During the audit we identified that expenses for this agreement are paid from ASI bank accounts and are then later reimbursed from the University. Recording the transactions in the ASI bank accounts increases the risk for error in accounting treatment and also makes it difficult to review and track the activity that is related to ASI and the activity related to Athletics.

Status: This is still an issue but management does not have control over the decisions related to the operations of IRA and Athletics funds as this is determined by campus. They also are expected to help to cover the expenses with ASI funds as they manage the billing and collection process.

The Children’s Center activity is also co-mingled with ASI in the accounting records. The Children’s Center is required to be audited separately and separate financial statements must be prepared. ASI breaks out and tracks the income statement activity separately but does not record the balance sheet activity throughout the period. Due to this treatment, there is no system generated or complete trial balance available, it must be manually created.

Status: This was corrected for the year ended June 30, 2021 and the Children’s Center activity is now reported in a separate fund in the accounting system.

Segregation of Duties

There is one employee who:

• has access to all areas of the accounting system
• has access to the check stock
• has the ability to post journal entries, although these entries are to be reviewed by a supervisor
• is a check signer
• reviews and approves payment of credit card statements with no secondary review or approval and is also a cardholder

Status: This was corrected in September 2020 and management has segregated duties related to cash disbursements.

We also identified that student employees are given access to the HR and payroll system and have the ability to change payroll information for employees with no system alerts to notify the management team that changes have been made.

Status: This was not an issue for the fiscal year because there were no student employees and access was restricted to the HR and payroll system.
Credit Cards and Cash Disbursements

During the audit for the year ended June 30, 2020 it was identified there were control deficiencies over disbursements which included lack of proper supporting documentation being retained and lack of proper approval.

Status: This was corrected in fiscal year 2021 as management now requires support for all expenses prior to payment and approval has been segregated.

We also noted that credit card statements are paid when received prior to any reconciliation of the activity to supporting documentation.

Status: This was corrected with the implementation of an online credit card system that now requires all receipts be submitted and approved prior to the payment of the credit card bill.

PRESIDENT: Joshua Mitchell

Summary:
Hope everyone is doing well as midterms descend upon us! Some important notes for this week are that ASI Wicked Week will be coming up at the end of the month (October 25th-29th). Once again, we could always use your help! The course catalog was released yesterday for all classes in the spring semester. Check it out to get a plan for what classes you want to take next semester and make sure that they do not conflict with any of your current extracurricular activities. As of 10/2, 92.6% of students on our campus have submitted their record which has helped to keep or weekly cases from reaching beyond 20. Great job on doing your part in making sure that everyone can continue to be on campus in a safe fashion!

Events/Meetings Attended:
-Hosted the first Student Fee Advisory Committee meeting (SFAC)
-Met Chief Jones for the first time during the Chief’s Advisory Board meeting
-Attended the first Campaign Congress meeting with Tina, Chris, and Mayra (Thank you 😊😊)
-Attended the Planning, Budget, Resource Committee and President Virjee communicated his expectations when setting the budget for the year
-Met with a student to talk about campus safety and the issues that parking currently has (Cassie will be assisting with this issue)
-Sat in on Academic Senate with Cassie to hear some of the language that was being discussed around the Category-Z requirements and how the language differs from the addition of Ethnic Studies

Projects:
-Working on a project with the SWANA community, Kira, and Mary to talk about the next steps with the resolution
-Continuously looking into improving campus safety and discussing the UPD resolution with folks (added one more student leader to the Chief’s Advisory Board)
-ASI Wicked Week from October 25th to October 29th
-There will be a pumpkin patch and trick-or-treating/passport in the exec. team offices

GOALS FOR NEXT 2 WEEKS:
-Finalize the strategy with Mary about the SWANA presentation (length and who to present to)
-Follow up with IT about the initial features that will be in the ASI app
-Clean up and decorate the offices to prepare for ASI Wicked Week
**VICE PRESIDENT:** Kira Dawson

**Summary:**
Lots of things going on! I was away for the first half of the week of 9/20 due to a family emergency but have been busy since my return. I had my first meeting to plan commencement on 9/23, which was exciting! I also have been in discussions regarding IT and programming, as well as housing and campus safety. Also, the deadline for scholarships has been extended to 10/15. Be sure to tell your friends and colleges to apply!!

**Events/Meetings Attended:**
- Commencement leadership team meeting (9/23)
- Programming meeting (9/24 & 10/1)
- Housing concerns meeting (9/27)
- 1:1 w/ Keya (9/27)
- SD Meeting (9/28)
- Exec meeting (9/28)
- 1:1 w/ ASIPD (9/28)
- Meeting w/ IT (9/29)
- Meeting w/ Josh, Keya, Dave, and Asha (9/29)
- Weekly office hours (9/29)
- Safety & Wellness meeting (10/1)
- SFAC Meeting #1 (10/1)

**Projects:**
- IT x ASIP Collab
- Executive Senate materials
- SWANA resource center discussions
- IT x Programming Screening Series
- Organizing notes/creating system for eventual scholarship grading
- Supporting Prez. in work for ASI App

**Goals for Next Weeks:**
- 1:1’s with Exec. Officers
- finalize agenda for Exec. Senate for first meeting
- Meet with Prez. & Board Chair about SWANA discussions
- Meet w/ CCRO and ASI Exec about Wicked Week
- Continue Community Chat discussions with Exec. team
- work with Jenna to create engaging marketing for scholarships
- spread scholarship marketing materials across campus
**CHIEF CAMPUS RELATIONS OFFICER:** Cassandra Hallett  

**Summary:**  
Hey ASI family! Midterm season is here, and I hope each and every one of you is studying hard and resting as much as you need in between your exams. These past two weeks have been filled with committee meetings one after another, but I also got the opportunity to finally dive in further with LCRC to discuss how ASI can support with other ASI leaders. We have finalized the name for the ASI Welcome, which will be in collaboration with Halloween called ASI Wicked Week! It will be held on Oct. 26th since that is when most of us are here, around the time when the Board Meeting should be taking place (we have no Board meeting that week) up until later in the afternoon. ESC will kick off its Sustainability Month next week on Oct. 12th and 13th to host some fun DIY events and it will be at 2:30-3:30 pm, more info will be released on ASI social media. We will begin shopping for ASI Wicked Week as well to decorate our office and other give-away items. We encourage you to dress up during that day!

**Events/Meetings Attended:**  
- Attended PRBC meeting  
- Attended CF&B committee meeting to get an update on parking  
- Attended IT committee meeting  
- Attended Dia De Los Muertos Planning meeting with LCRC  
- Executive team meeting to discuss ASI Wicked Week  
- Attended RSA & NRHH meetings  
- Tabled at Farmers’ Market

**Projects:**  
- Promoting ESC Sustainability Month on social media  
- Worked out plans to film Sustainability Month  
- Marketing the rest of university-wide committee applications and appointing students  
- Submitted marketing for ASI Wicked Week  
- ASI sponsored Coco film with LCRC for Dia De Los Muertos  
- Met with student representatives for SFAC to prepare them

**Goals for next week:**  
- Follow up with parking & Larry Martin  
- Prepare for the second ESC meeting on October 6th  
- Finalize UA Coordinator  
- Order supplies for ASI Wicked Week and agree on a time on Oct. 26th  
- Waiting for confirmed Executive Senate meetings to promote committee representative opportunities and introduce myself to start building our relationships for the year and onwards
CHIEF COMMUNICATIONS OFFICER: Jenna Maree Wong

Summary:
Happy Week 7! (but who’s counting).

Coming into this position, two of my goals were to strategically inform students while also boosting student engagement. Two of my main projects right now hit these targets. I’m looking forward to putting out the ASI Q&A (name change pending – so if you have any clever titles for this series, feel free to send them my way :P) where students have asked us questions and we answer through a video. For my other goal, I’m hoping to revamp Fully Informed, our podcast. I want to engage with our student life and interview students outside of just ASI for the podcast. This is in the planning stage still, but the Q&A video should be out later this month.

As I mentioned at the previous BOD meeting, if you want to share an event from your college on the ASI Instagram, reach out to me and we can get that recorded to post!

Events/Meetings Attended:
Executive team meetings
1:1 meetings with Scott
Communication Commission meetings
Community Engagement Commission meetings
Strategizing meeting with Environmental Sustainability Commission
Record with Mary and Chris for BH video

Projects:
Weekly Story Posts
  - We have posts launched for each day of the week (Mon-Fri)!
Advertise ASI scholarships
  - Work with Kira and Comm. Team to strategically advertise
ASI Q&A
  - We have collected 9 student questions via video
  - I am planning on recording the answers to the questions before the next BOD meeting
ASI Community Chats
  - Still working on identifying a date, but have identified panelists
Fully Informed
  - Brainstorming how to revive and revamp the podcast
  - Planning on putting out one a month

GOALS FOR NEXT WEEK:
Meet with Ellen from Strategic Communications
Record video with the answers for the Q&A video
Media campaign for ASI scholarships
Plan out first podcast episode
Work with CEC to plan next event
Fulfill social media requests from various ASI leaders
SUMMARY:
Hi everyone! Happy Tuesday :D Since we last met there have been a couple of things that have happened. I have been selected as the primary negotiator for Dependent students in the U.S. Department of Education Negotiated Rulemaking for Higher Education 2021-22. In this role I will be going over 13 issue areas that affect students you can find the issues and information to watch the livestream here.

Lobby Corps will be hosting a panel, “Beyond the Ballot Box: A Panel” Oct. 28, 2021, at 4:30pm in TSU Ontiveros BC. The panel will be having a critical conversation on organizing, community building, and advocacy within our CSUF community. The commission’s goal is to highlight the civic engagement of our students beyond just voting.

The Cal State Student Association (CSSA) October Plenary has been released (find it here) the policy agenda will be voted on this plenary and there will be a discussion about the Spring 2022 plenaries.

I was asked to speak at the Titans Remembrance event that happened last week, and I answered the question “What has the past 18 months looked like for you?” If any of you want to see my short answer to that you can watch the livestreamed video here.

As always, if you have any questions, please email me at asicgo@fullerton.edu or visit me in my office!

1. Vaccine Requirement
   a. Vaccine Requirement Phone Campaign – Dean of Students and Assistant Deans calling students with in person classes that have not participate in the CSU vaccine requirement program.
   b. Portal Lock – students that have not participate in the CSU vaccine requirement program received a portal lock on 10/4.
   c. Managing several emails from students regarding the vaccine requirement along with plans associated with the 9/30 deadline. We respond to emails within 24 hours, even on the weekends.

2. Student Affairs – Engagement & Well Being
   a. CAPS: Titan Hall is slowly coming together (late due to the pandemic). As a result, Titan Hall will become the main check in for CAPS in mid or late October. We plan for a grand opening in the beginning of the spring semester.
   b. CAPS began to promote their drop-in groups and counseling groups for students, which includes a drop-in group to assist students in navigating the pandemic.
   c. Student Conduct is continuing to monitor accountability for students regarding President’s Directive No. 22.
   d. Student Conduct is preparing for Academic Integrity Week for November 1-5.
   e. Clery: Completed the Annual Security Report and emailed it to employees and students. Now, working on uploading the information to the department of education by October 15.
   f. Tuffy’s Basic Needs Services Center put together a calendar of events for the fall semester along with outreach materials for CalFresh.
   g. DSS: Coordinating activities for Disabilities Awareness Month in October including, but not limited to, photos wearing purple and the DSS Ally Training (10/21).
   h. Health Services: Coordinating the Flu Clinic starting on 10/19 – 10/21.
   i. Continuing to manage the COVID Testing Site along contact training, exemptions, and exposures. Exemptions are being reviewed in order they were submitted.
   j. HRE: Occupancy about 1738 residents. Theme communities are going great!
   k. HRE Director met with Transportation & Parking (Kristin Jasko) regarding resident concerns about parking and safety. Together, they develop a couple of interventions. HRE Director will share with concerned students.
   l. HRE successful HOW brochure and schedule/attendance.
   m. SLL: Navigating multiple vacancies.
   n. InterFraternity Council completed recruitment – about 110 students; Panhellenic completed COB – chapter size about 117 students
   o. Sponsored Discoverfest: 1 day in person on September 1, 1 day virtual on September 2. Great success!
   p. Title IX: Sent an email to all students regarding the Title IX training
Morgan Diaz, Board Secretary:

Hi friends!

I know with midterms coming up or already happening for some of y’all, everything is getting a little hectic and stressful. Please do not forget that while academics come first, you come before academics. Your grades are not going to define you, and you are more than just academia. Now that doesn't mean you shouldn't slack off but please put your self first as you are not at your full capacity if you're not taking care of yourself. CAPS also provides counseling and wellness trainings, so please use them!

For CAPS services you can contact, (657) 278-3040 and for Health Services you can contact (657) 278-2800. They are open Mon-Fri from 9 am-5 pm. If you’d like to hangout, have a 1 on 1 or just vent to me, text me and I will be there for you! I feel happiest knowing my team feels great!

Christopher Carlsen, Treasurer:

- Participated in the first Campaign Congress meeting of the semester with Josh Mitchell on September 29th
- Met with Asha on September 27th to discuss Capital Expenditures
- Went to Business Inter-Club Council on September 30th
- Went to Panhellenic Council on September 29th

Alison Sanchez, Vice Chair:

Hello everyone I hope you are all having a great so far, here is my report for the last two weeks.

- Governance Committee 9/23: Asha gave a breakdown of the process of writing and making resolutions
- Audit Committee 9/23: Approved audit, Kristen Guzman from Aldrich accounting firm went over the audit and answered any questions the committee had.
- Children’s Center 9/30: Met with Lydia Palacios Director of Children’s Center and took a tour of the center. At Children’s Center meeting we received updates on the center and how the center has been performing throughout the pandemic
As always if you have any questions feel free to reach out to me.

Mary Chammas, Board Chair:
Hello everyone! I hope you are all doing well!
- ASI Scholarships are due October 8th at 4PM so please encourage students to apply!
- Continue sending your ICC updates in the GroupMe and if you would like to sit on more let me know!
- I have met with the majority of you 1-1 yesterday or the end of last week. Keep an eye out in your email for next month’s 1-1 dates.
- Farmers market is back for those who saw last week and will be happening from 11am-2pm on Tuesdays right outside the TSU.
- Be sure to encourage students to apply to be on BOD so we can fill our vacancies in Education, Engineering and Communications!

All the best, Mary Chammas
